WE KEEP CRAZY CRYSTALS AT ALL TIMES—70c - \$1.00

We don't know whether it's the nature of the case itself, the lawyers, or the rainy weather, but there she have been crowds in the court room this week to hear the Ted Terrell murder charge.

Our farmer friends say that this rainy weather is getting their crops mighty grassy and that they will have a back-bending time cleaning fields when the sun makes its appearance.

More than 30 years ago people were making Hunter's a favorite gathering place at just about any time of the day. We welcomed our friends then, and we welcome them now. Throughout the years quality and courtesy have been two reasons why Hunter's has become a name worth remembering.

The court week has offered a splendid opportunity for politicking and we believe that some of the boys have been reaping the benefits of it.

Many from here are searching the papers in the possible hope that their tickets might be picked in the Irish Sweepstake drawing which carries prizes ranging from a few thousand dollars to a hundred grand.
