EPA MILEAGE ESTIMATES

BB&T's figures may be even more important to you than EPA's.

The Environmental Protection Agency's mileage figures tell you how economical a new car should be to drive.

But Branch Banking and Trust Company's Simple Interest Loan figures tell you how economical a new car should be to buy.

Because there are many ways a BB&T Simple Interest Loan can save you money every time you make a payment.

We make loans for all kinds of automobiles and

recreational vehicles. (Home improvements, too.)

You can apply for your loan in minutes at any BB&T office. Or do it by phone.

Then we'll put ourselves into high gear to get your loan approved. So it'll be done quickly. We'll even call you with your approval if you'd like.

If our Simple Interest financing is not available at your dealer, come to BB&T.

And make your new car more economical than you'd figured.
