News Of Warren Academy

We had a most exciting day at Warren Academy last Friday. We had the unique experience of having a television and movie star spend the day with us. Miss Kathaleen Beller, the actress who portrayed Mary White in the "Mary White" television special sponsored by IBM was our guest. Miss Beller was visiting Michael Lee, our math teacher.

She was a lovely young woman and a most down-to-earth one. Not at all what we expected a well-known actress to be. She has just finished a movie with George C. Scott and Laurence Olivier. She told the students about some of her favorite actors and also the way some of the scenes were shot in the "Mary White" Special.

Her visit was enjoyed by the younger students as well as the older ones. She had quite an autograph session.

Her visit will long be remembered at Warren Academy! We wish Kathaleen, or Carrie as she is known, luck in her move and

television career. You can bet that she has a big new following in the students from Warren Academy.

The Christmas holidays are almost upon us. Wednesday we will have an assembly program sponsored by the seniors and Mrs. Mildred Johnson. Mrs. Janet Coleman will lead the student body in singing Christmas songs and carols. Some of the rooms will be celebrating with parties.

The eighth grade earth science class enjoyed a field trip to Medoc Mountain State Park near Hollister on Dec. 16. They were accompanied by Col. Edward Johnston, Mrs. Bill Roberts, and Mrs. Nancy Williams, science teacher. The group hiked from the ranger station along winding trails on the banks of Little Fishing Creek and Bear Swamp Creek to the peak of Medoc Mountain. Interesting features seen at Medoc include the granite outcropping which is the core of the mountain, the summit of which has an elevation of about 325 feet, deposits of

volcanic rocks, quartz boulders, an artisan well, chestnut oak forests, beech and birch forest, mountain laurel, running cedar, ferns, and a variety of other plant life, usually not found in this area. They also visited an abandoned mine. Mr. Shearin, park ranger, conducted the tour and pointed out many interesting natural and historical sites.

Our ball teams had a busy schedule last week. The J.V. girls played Halifax academy and the varsity girls played Vance Academy and came out the winners.

The varsity boys did not win their game with Vance Academy. They could not keep one of the Vance players from scoring! But they are looking forward to playing Vance again with high hopes of a victory.

Friday night was another story for the girls and their game with Halifax Academy. It was more of a battle than a game, and it was the girls' first loss. Sorry about that game, girls. The highest scorers were Mary Lou King and Rhonda Reid.

The boys were really playing with the warrior spirit, as they played their best game of the season. They lost the game but came out with smiles as they knew that they had done their best.

The J.V. boys played

Vance and Halifax Academies last week and won both games.

This past Monday night they played in Raleigh at Ravenscroft. We hope to be able to report a win next week. This would be a big win for the team!

The J.V. girls played in a tournament at Kerr Lake on Monday and Tuesday nights of this week. We are hoping for wins for them also.

The next games will be the J.V. boys December 30 and 31. They will be playing in a tournament at Vance Academy. We wish them luck in the upcoming games.

We wish all of you a Merry Christmas and a safe and happy holiday!
