Food From Sea

Scientists who participated in the world's largest biological research cruise last year in the Antarctic have been analyzing their findings. A leading American researcher on the project says they have found enough krill — a tiny shrimp-like creature — to provide a major food source for the entire world.

In Memoriam

In loving memory of our dear mother, Cathryne G. Hunt of Macon, N. C.

To mama, our first love, On March 21st just two years ago,

We knew you had to leave us, but we hated to see you go.

With your loved ones at your bedside, and a smile on your sweet face, The Dear Lord sent his angels down and took you away.

We were heart broken but we understood — Our Dear Lord needed your help now as we did when we were young.

So, Mama, you and Daddy are in our thoughts each day —

We miss you and love you more than words could ever say.

Your Children,
MIRIAM, WALTER,
FRANCES AND BRUCE

In memory of my beloved mother, Mrs. Effie Richardson, who passed away March 24, 1970.

"Beyond The Sunset" Should you go first and I remain, to walk the road alone; I'll live in memories garden dear, with happy days we've known. In spring I'll wait for roses red, when faded, the lilacs blue. In early fall, when brown leaves fall, I'll catch a glimpse of you.

Should you go first and I remain for battles to be fought, each thing you've touched along the way, will be a hallowed spot. I'll hear your voice, I'll see your smile though blindly I will grope, the memory of your helping hand, will buoy me on with hope.

Should you go first and I remain one thing I'll have you do, walk slowly down that long, long path, for soon I will follow you. I want to know each step you take, so I may take the same, for some day down that lonely road, you will hear me call your name.

Your daughter,
ANNIE HENDRICKS
