## Computer Talk Heard

By EVELYN HALL  
The eighth grade wishes to thank Costell Evans, assistant principal at Warren County High School, for his visit Thursday. Evans spoke on the subject of computers in the schools and allowed students to participate by using the computer.

Girls basketball try-outs at John Graham are scheduled for Monday at 2:45 p. m. The girls coach is Miss Laura Spell.

Congratulations to the Yellow Jackets for their victory Thursday

over Roanoke Rapids. The score was 14-8. Chris Privett intercepted a pass and ran 40 yards for a touchdown. Privett also scored a touchdown on a six-yard run. Privett ran for the point after touchdown. Privett rushed for 78 yards. Marvin Harrison and Mark Pitchford were also offensive leaders.

Donnell Kearney was the leader for the John Graham defense. John Graham travels to Weldon today (Wednesday). Game time is 4 p. m.

## Hawkins Students On Honor List

The following students were named to the Principal's list at John R. Hawkins Elementary School for the first grading period:

Tim Evans, fifth grade; Angela Ballance and Erica Silver, sixth grade.

Students named to the honor roll were:

Rita Taylor, Teresa Fleming, Kendra Davis, Marla Goode, Rhonda Thomas, Richard Meador, Eric Solomon, Valerie Ballance, Gwen Cooper, Kara Henderson, Helen Jones, Jessie Richardson, and Amie Ridout, fourth grade;

### Norlina

(Continued from page 10) broke runs of 60 and 68 yards respectively for touchdowns for Norlina, while Weldon had TD runs of eight and 70 yards.

Norlina led 6-0 after the first period, but Weldon rallied for an 8-6 halftime lead. The Chargers extended their lead to 14-6 after three quarters, with Norlina rallying in the final period.

Weldon had 216 yards on total offense, to 197 for the Blue Waves. Both teams had six first downs.

Norlina will host Gaston today (Wednesday) in a 4 p. m. game, while John Graham visits Weldon this afternoon. Both are conference games. - ALLEN OVERBY.

### Key Game

(Continued from page 10) Warren County's first homecoming game, and many activities are planned around this event. The Eagles must win this one, then beat Northwest Halifax next week - while hoping for a West Northampton loss to Weldon - or a playoff berth is out of the question.

Kickoff for this crucial battle at the John Graham Field is 8 p. m.

# Blue Wave Team Plays Twice

By TANYA KIMBLE

Our Blue Waves played two game during last school week. On Monday the Waves scored an 18-8 victory over the Chaloner Middle School at Roanoke Rapids. Randy Jordan scored his first touchdown of the season. The other two touchdowns were scored by Willie Burchette. On Thursday the Waves were not so fortunate; they were defeated by Weldon 14-12. Randy and Willie scored one touchdown each. We play our last game at home at 4 o'clock today (Wednesday). Sock it to 'em, Waves!

During the next month we will devote

part of this column each week to activities in the different communities. Mrs. Townes and Mr. Fuller keep their seventh grade community students very busy. In science Mrs. Townes has students creating examples of food chains, carbon dioxide cycles, and nitrogen cycles. In her math classes students are currently working on equations and word problems.

Each Friday in Mr. Fuller's reading class students are required to tell something about a book from the library. The class is really enjoying "Herbie's Ride," a portion of Herman Wouk's "The

City Boy." One of the most interesting things students do in Mr. Fuller's room is called TGT. This stands for Teams, Games and Tournaments. Mr. Fuller does his instructing; then he divides the class into small groups. These groups work together, using games, worksheets and question and answer sessions. At the end of the team sessions, a tournament will be held. The students are real excited about learning in this way and about helping their team win the tournament. STUDY! STUDY! STUDY!

## GIVE YOUR FURNACE A TUNE-UP.

Your car runs more efficiently when its motor is in tune. So will your furnace when it's clean, lubricated and properly adjusted, whether gas, oil or propane.

In a recent survey, 97 percent of furnace oil burners weren't firing at the correct rate, and were wasting energy.

That's why your EMC recommends a tune-up for your furnace by a professional. It can pay for itself in no time. And savings could run as high as 30 percent.

We're All In This Together.
