Church, is extending an invitation to all to attend. "The Living Word" is an outstanding film for anyone who has unanswered questions about just what the Bible means to us today. The producers of the film feel the real beauty of the production is not so much the color photography, which is truly memorable, but more the clear way in which it explains what the Christian faith really is.

"God has a plan for us, set in motion at the moment of creation and it's still being realized today," the Rev. Mr. Mills said. "The film aims to help each viewer discover that plan, and to see how our lives fit into that plan."

World Wide Pictures is the film ministry of the Billy Graham organization. Among the company's other releases are the award-winning "The Hiding Place," and the recent film, "Joni," which stars Joni Eareckson, a quadriplegic, as herself.
