

At Norlina School

Grid Season Ends

By FRANCES ALEXANDER, JACKIE CHAVIS, NELLIE BULLOCK, FRANCIS ALEXANDER, JAMES VANN And HAROLD FREEMAN

The Norlina Blue Waves football team played its last game against Gold Sand in Louisburg on Oct. 31. The Club Waves beat Gold Sand by a score of 6 to 4.

This is only one of the Blue Waves victorious games. We played a total of six games and successfully won three of them. The 1984 football team of Norlina Middle School has played with good sportsmanship, and we are sure the student body has been very proud to support them.

Basketball practice for the 1985 Blue Waves teams begins today. All students interested in participating in girls or boys basketball are invited to attend. A health form is necessary.

During the last week, we have been fortunate to have some renovation and painting done at our school. Ms. Mulchi's office, and two other rooms have been painted and made usable for a Health Occupations class. Plans are also underway to install a multi-purpose Science laboratory at N.M.S.

The beginning of the school year seems to be a good time to gather opinions concerning things of interest to the students. We asked the seventh graders the following questions and received the following responses.

Are you as happy here as you were at your old school? yes 84% no 16%.

Is the work here harder than at your old school? yes 83% no 17%

Do you enjoy intramurals? yes 82% no 18%

Do you enjoy having six periods a day? yes 58% no 42%

Do you like the cafeteria food here? yes 72% no 28%

We were very pleased to note that each of the questions received more than one-half positive (yes) votes, and most received very positive responses.

At Warren Academy

Festival Success

Warren Academy's Fall Festival, which was held on Saturday, Nov. 3, proved to be a great success. A tremendous "thank you" goes to all of the friends of Warren Academy who worked so hard toward making the day a success.

Much of the Fall Festival's money was raised by the students and their parents in grades K-5 who sponsored the Warrior-Princess, Brave-Maiden Contest. The first-place winners of the Brave and Maiden Contest with kindergarten through second grade competing were Holt Smiley and Mary Randall Curtis of the second grade. First-place winners of the Warrior-Princess Contest, grades three through five, were Robbie Rodwell and Kim Stallings of the fifth grade. Each class representative was given a trophy for his/her work during the contest. An extra vote of thanks goes to the parents who helped organize and raise money for this contest. Your work is greatly appreciated.

Warren Academy's Fourth Annual Alumni Basketball Night will be held on Friday, Nov. 16, beginning at 7 p. m. This game will offer a special opportunity to show support for our student athletes and appreciation for our alumni. Admission is \$2.00 for adults and \$1.00 for students.

There will be a Brunswick stew sale on Saturday, Nov. 17, sponsored by the Athletic Association. The stew will be cooked and sold at the home of Jack and Anne Harris on North Main Street in Warrenton. It will be ready by 11:30 a. m. and will cost \$3.50 per quart. To place orders in advance, call Barbara Stallings, Sandra White, Sarah Shearin or Anne Harris.

At Warren County High

Week Was Active

By HOLLY HOWELL

The past week at Warren County High School was a busy one for the students.

On Wednesday, the first period social studies, drama, art, and music classes were entertained by a professional theatre company from Raleigh. Three male actors and two female actresses presented a 45-minute song, dance and drama act depicting scenes from World War II. The songs were ones that were popular during the 1940's. Some of them included "Sentimental Journey" and "Chattanooga Choo-Choo."

On Friday, students enjoyed a pep rally given in honor of the varsity Eagles football team. The varsity cheerleaders along with the Eagles band put on a show that made everyone very enthusiastic about our last game. Apparently, the players were equally as enthusiastic because they defeated the Northwest Vikings 40-0.

As football season was coming to an end, basketball season was just getting underway. For the entire week, students were competing for spots on the girls varsity, boys junior varsity and boys varsity basketball teams.

I would like to wish all of the players and coaches good luck for the 1984-85 basketball season.

from HISTORY'S SCRAPBOOK
DATES AND EVENTS FROM YESTERYEARS

- November 15, 1763—Mason and Dixon began their famous survey.
- November 16, 1901—First auto traveled 60 mph.
- November 17, 1913—First vessel passed through Panama Canal.
- November 18, 1940—John L. Lewis quit as CIO head.
- November 19, 1863—Lincoln delivered Gettysburg Address.
- November 20, 1947—Princess Elizabeth married Prince Philip of Greece.
- November 21, 1964—Longest single-span suspension bridge in the world, the Verrazano-Narrows Bridge, from Staten Island to Brooklyn, open to traffic.

Warren Students

Receive Grants

Warren County students at Halifax Community College have been awarded scholarships from the North Carolina Community College Scholarship Program.

The students and their area of study are: Mac A. Bailey of Littleton, business administration; Nina B. Goode of Macon, correctional science; Brenda L. Hargrove of Littleton, medical secretary; and Vonda A. Wilson of Warrenton, pre-teaching (elementary).

In September, the State Board of Community Colleges established the scholarship program to allow students the opportunity to qualify for a \$400 scholarship per year.

The Financial Aid Scholarship Committee at Halifax Community College selected a total of seven students for the scholarship program.

Harvest Event

Plans Outlined

North Warren Elementary School's P.T.A. will sponsor its annual Harvest Festival on Friday, Nov. 16, from 4 to 8 p. m. The festival promises to be an exciting and festive occasion for all ages.

The events planned are a country store, dart throw, cake walk, haunted house, fortune telling, concession stand, and a hot dog supper.

The different booths will consist of go-fish, pluck-a-duck, bean bag toss, bowling, jelly bean guess, and ring toss will add to the excitement.

For a fun-filled afternoon and evening, come out and share this occasion with us!

Fleming Given

Colony Pledge

Thomas Fleming, son of Mr. and Mrs. John Boyd Fleming of Warrenton, has been pledged by the Appalachian State University Colony of the Delta Chi Fraternity.

Fleming is a junior, majoring in middle school education.

WEDNESDAY — School baked cinnamon bun, juice, milk.

THURSDAY — Sausage biscuit, juice, milk.

FRIDAY — Cereal, sliced peaches, milk.

Peter Allen, a resident of the Hecks Grove community of Warren County, is shown with a nine-point buck which he killed Monday while hunting in Warren County with members of the Parktown Hunt Club. (Staff Photo)

The earth rotates on its axis more slowly in March than in September.

Glaciers occupy ten percent of the world's land surface.

**Science Convention
Draws From Here**

The National Science Teachers Association Convention, an annual event, was held Nov. 8-10 in Charlotte with approximately 1,800 science educators from across the state and nation in attendance.

Educators attending from Warren County were Mrs. Vilma Gatling and Mrs. Eva G. Howell, both science teachers at Warren County High School.

The theme of this year's convention was "Science Education—What's Right for a Change!" It emphasized the renewed emphasis being placed on the science curriculum, better laboratories and equipment, teacher training and career development. The panel topics, workshops, exhibitions, reports and

sessions focused on educational concerns. All expressed positive, aggressive approaches to improving the quality and quantity of science education. The convention reflected broadly throughout all segments of the society including business, industry, technology, research as well as the classroom.

Mrs. Gatling and Mrs. Howell had an opportunity to attend workshops and lectures that focused on all phases of science education from the elementary to the college level.

The teachers plan to share the new ideas and perspectives gained from the conference with their colleagues and students.

Pink Sauerkraut

Red cabbage can be used to make sauerkraut, but it will turn a dirty pinkish gray.

No Problem

Advanced technology helps Carolina Telephone anticipate and correct service problems before you even know they exist. We constantly update our facilities, installing new high-technology equipment that makes troubleshooting easier and eliminates many service problems altogether. The people of Carolina Telephone are committed to keeping your phone service as reliable as any in the world.
