 Salem as second class mail matter.

**A THOUGHT FOR THE DAY.**

Many a man's health has been ruin-  
 ed and his heart broken by a whis-  
 pered slander that was afterward found  
 to have no basis of truth whatever.  
 The mayors, the judges, the govern-  
 ors, the presidents have suffered  
 grievously at the hands of unfair crit-  
 ics, cynical writers, and speakers who  
 have no colors on the palette save  
 crimson and black.—Rev. N. D. Hills.

A week has passed now and no  
 member of the Thaw family has given  
 out an interview. The public is  
 doubtless enjoying its rest after list-  
 ening for weeks to the nauseating  
 details of the case.

The season for municipal cam-  
 paigns as well as school commence-  
 ments seems to have begun in earnest.  
 Between the two, newspaper  
 readers will have plenty to occupy  
 their attention during the next few  
 weeks.

It is strange, but it is generally  
 true, that disasters of various kinds  
 happen in series. A few months ago  
 railroad wrecks on the Southern  
 seemed to be the order of the day.  
 Lately there has been a noticeable  
 freedom from this kind of thing.

Winston-Salem has been getting  
 quite a good deal of publicity in var-  
 ious business publications recently.  
 The Tradesman, the Business Maga-  
 zine and the Manufacturers' Record  
 have all had strong articles, present-  
 ing the claims of Winston-Salem in a  
 most effective manner.

The editor of the Union Republi-  
 can and "Justice" are making a stren-  
 uous effort to defend the fusion ad-  
 ministration in North Carolina. But  
 there are some things the people of  
 North Carolina cannot easily forget  
 and the fact that the fusion adminis-  
 tration was not good for the State is  
 one of them.

It is to be hoped the North Caro-  
 lina Bankers' Association will accept  
 their annual convention here this  
 month. The hotel facilities here are  
 Winston-Salem's invitation to hold  
 entirely adequate and the Twin-City  
 would entertain the bankers in the  
 most approved manner.

Now that the Jamestown Exposi-  
 tion is on, the hotel and transporta-  
 tion people there are having their  
 inning. There is no indication that the  
 usual rule of making exorbitant char-  
 ges on such occasions is not being  
 strictly adhered to by many people in  
 these lines. If there is one place  
 where effective regulation is really  
 needed it is with reference to charg-  
 es at big expositions.

The local baseball enthusiasts  
 should "get busy" to the end that  
 Winston-Salem may have a baseball  
 team this summer. It is to be hoped  
 that a meeting will be called soon  
 and arrangements made for sport of  
 this kind during the long summer  
 months. Some form of amusement  
 and recreation is needed in the sum-  
 mer, and a good baseball team will  
 do much to supply this need.

It is rather strange that disloyalty  
 to the President should be charged  
 up to District Attorney Holton, es-  
 pecially in view of the fact that Mr.  
 Holton has always been regarded as a  
 strong administration man. However,  
 the district attorney seems to be los-  
 ing no sleep over the rumor that his  
 official head is to be cut off. Such  
 rumors have been in circulation a  
 few times before.

**LET'S TALK**

about good laundry work. We are  
 particularly interested on this subject,  
 because it is the only kind we do,  
 and very naturally we are proud of  
 our ability. We have yet to displease  
 already with her fine fancy waists and  
 white dresses. We launder them with  
 the greatest care; washed and ironed  
 by hand by experts, and our charge  
 for this service is the same as the  
 beaten. Winston Steam Laundry.

**THREE CHARTERS ISSUED.**

Granted by Secretary of State For  
 New Business Concerns.

(Special to The Sentinel.)  
 RALEIGH, May 4.—The High Point  
 Aerial Wheel Co. received a charter  
 today, the capital being \$50,000, by F.  
 E. Thomas and others. The company  
 proposes to manufacture and sell un-  
 der patent right aerial wheels and  
 sell State rights to retail them.

Another charter is to the Standard  
 Book Co., of Concord, capital \$15,000,  
 by J. P. Cook and others.

Still another charter is to the Tel-  
 fair Sanitarium Co., of Asheville. This  
 company proposes to treat "liquor  
 and drug addictions." The capital is  
 \$50,000, and the principal incorpora-  
 tors are W. C. Ashworth and others.

Dr. H. F. Dixon, State auditor, re-  
 turned today from Folkland where he  
 delivered an educational address yester-  
 day. He says he saw some of the  
 finest farms in Edgecombe and Pitt  
 counties it has ever been his pleasure  
 to see.

**TO COME HERE NEXT FALL.**

Rev. R. L. Davis, Anti-Saloon Lectur-  
 er, Predicts That Madison and  
 Stoneville Will Vote Dry.

Rev. R. L. Davis, State lecturer for  
 the Anti-Saloon League, was in the  
 city yesterday afternoon enroute to  
 Greensboro. He returned to Madison  
 today, where he will make an address  
 tomorrow. Rev. Mr. Davis told  
 friends here that Madison and Stone-  
 ville would both vote "dry" next Tues-  
 day. That is, they will elect alder-  
 men who are opposed to licensed sa-  
 bouhs. He has lectured at both plac-  
 es.

Mr. Davis expects to deliver a se-  
 ries of temperance lectures in this  
 city next fall.

—Mrs. N. R. Covington, who has  
 been at the hospital completely pro-  
 strated since the death of her daughter  
 at the Salem Academy, shows little  
 signs of improvement. Her condition  
 is regarded quite serious.

We respectfully invite a careful inspection of the above comparative exhibit, which is made for the sole purpose of showing that the city af-  
 fairs can be conducted on revenues derived from a dollar tax rate.

You will note that while the city has grown and taxable values are  
 larger, the current expenses have not grown in proportion, and an addition-  
 al amount each year has gone into valuable properties, increasing assets  
 over liabilities, so that today we have actually \$48,500.00 surplus of assets  
 over all bonds and debts due by the city.

The rapid growth of our town both in population and taxable values  
 will easily bring sufficient returns at \$1.00 tax rate to provide all the nec-  
 essary revenue for all current expenses, if managed with the same econ-  
 omy, and leave at least \$25,000 annually to go to street work; \$5,000 to  
 sanitary work and maintenance of sewers, and \$10,000 for the extension  
 of water and sewer mains.

At the same time there will be ample funds to provide for special ex-  
 penditures which will have to be met as shown in this exhibit under the  
 head of "Emergency and Investment Expenditures."

Respectfully submitted,

R. S. GALLOWAY,  
 F. J. LHPFERT,  
 GEO. T. BROWN,  
 Finance Committee.

**MANY PROFESSIONS AT BURK-  
 HEAD.**

About Twenty-Five Professed Faith in  
 Christ at Last Night's Service—  
 Services Tonight.

The interest being manifested in  
 the meetings at Burkhead M. E.  
 church continues to increase. The  
 powerful and forceful sermon which  
 was preached last night by Rev. J.  
 R. Moose caused many to determine  
 to lead a new life and to accept the  
 Lord Jesus Christ as their Savior.

The discourse of last night was  
 based upon the First Epistle to the  
 Corinthians and thirteenth chapter.  
 Mr. Moose explained this chapter  
 in an earnest manner and in such a  
 way as only one who trusts fully  
 in His power would be able to do. It  
 was indeed encouraging to his efforts  
 to see so many young people conver-  
 ted, the number being about twenty-  
 five.

There were no services this after-  
 noon, but Mr. Moose will preach again  
 tonight at 8 o'clock.

**Coldest April in Years.**

According to the weather bureau  
 records in Washington the April just  
 closed was the coldest April in the  
 last 26 years, and within a degree of  
 the coldest April ever experienced.  
 The month was characterized by a  
 succession of cold spells which swept  
 southeastward over the northeast  
 Rocky mountain slope and gradually  
 spread southward and eastward over  
 the entire country east of the Rocky  
 Mountains. The cold was almost  
 continuous except for brief intervals of  
 a day or so of warm weather, and it  
 closed with remarkable temperatures  
 in the interior valleys and the south-  
 west. On the last day of the month  
 snow covered the entire State of  
 Iowa, with a depth of three to eight  
 inches. Snow also fell in upper Mich-  
 igan and about snow prevailed in  
 Wisconsin.

**GOING TO BUILD?**

We want you to know something  
 about those new concrete building  
 blocks we are now manufacturing.  
 They are surely wonderfully natural  
 and it will be worth your while to in-  
 vestigate. Now, as this same material  
 was used by the Romans centuries  
 ago, it has many advantages over or-  
 dinary material and is cheaper.  
 Phone us or call and inspect this new  
 departure. C. M. Thomas & Co., Win-
