

THE CASWELL NEWS.

Entered at the Post Office in Yanceyville
as second-class matter.

W. H. THOMPSON, - EDITOR
YANCEYVILLE, N. C. NOV. 4, 1857.

Buncombe county will, on November 19th vote on a proposition to subscribe five hundred thousand dollars for railroads.

According to the official reports there were 30,782 fatal cases of cholera in the northwest provinces of India during the month of August.

Quite a number of Northern capitals have been in Greensboro during the past week with the view to making investments near the city.—*Patriot*.

Gov. Gordon is delivering a series of speeches in Ohio very unsatisfactory to those patriots who never got fighting mad until several years after the war had ended.

The Minneapolis Tribune publicly acknowledges the error it committed in publishing any matter uncomplimentary to Mrs. Cleveland during her visit to that city.

An English syndicate has leased the coal fields around Walnut Cove and hands are already at work developing the mines. Stokes is entering on a "boom" that will prove solid and permanent.

Gen. Ben Butler predicts a Democratic victory in Massachusetts. In a conversation with a friend this week in Washington he expressed the opinion that Lovrenc would be elected Governor.

We see it stated that a Dakota man was struck by lightning while returning home with a borrowed newspaper. It is better to subscribe yourself. Just hand it to your pastor, or send by mail to us.—Ex.

The issue of standard silver dollars from the mints during the week ending October 22, was \$983,481, as against \$1,008,821 for the corresponding period last year. The shipments of fractional silver coins since the 1st instant amount to \$751,605.

From Burzuz.

The annual protracted meeting began at Pelham yesterday. Rev. J. H. Anderson, a local minister, is filling out the unexpired term of Rev. Mr. Round who was transferred from this circuit to Oregon and has left. Mr. Anderson is much more acceptable to this people than any man they have sent here for a long time. He has been preaching through this section for twenty years and grows in popularity with all the people and draws larger crowds than any itinerant they have. The largest crowd was at the church yesterday that has been there since Sharp traveled the circuit. Mr. Anderson preached two powerful sermons yesterday, and had the undivided attention of the immense congregation from beginning to end.

Mr. Lewis Blackwell brought the "Surgent" a curious bug this a. m. to identify, which Burzuz pronounced at a glance the tarantula. Yes, that's what it was, and was brought here by the trains. Through cars pass over this road from every state in the union so the tarantula came up from the swamps of Florida or Louisiana.

Well, we all saw Cleveland at Pelham last Friday night, but Jesus Goslin had not told him to stop & he rolled by slowly. About a hundred people were there I suppose. We had a good look at the president as the train was some minutes passing. A deafening yell was raised which the president acknowledged by a smile. Jesus Goslin's boot licks were missing on that occasion. Wonder where they were.

The foxhunters were abroad from Danville soon this a. m. Caught one before 8 o'clock and had another faged by 10 o'clock, when I left the mat. Guess they caught him. Capt. Graves and Capt. White can take them in.

Miss Annie Land and Mr. James Jones were married Sunday morning at the residence of Mrs. Land, bride's mother, near Pelham, by Rev. T. H. Walker. No runaway. No romance.

Some waiters, don't know how many, have had no report yet. I wasn't there.

BURZUZ.
Pelham Oct. 29 '57.

MR. EDITOR: The inclement weather, sparse attendance, and poor lessons make "Pudding Sam" fed very little like saying anything this week. It is so hard to teach this weather. But most clouds of the school room will be gone at the bidding of the teacher, though this bid must be by his energy and enthusiasm. The most beautiful days of spring become dark clouds in the school room if the teacher is languid and lifeless. Furthermore the worst weather is bright and interesting to those present, if the teacher will just make it so by his hard work. Many thanks to the one who will give us some good plan for making rainy days pleasant and profitable at school. I very well know that a school will become careless as soon as a teacher tires in the least, but it is contrary to nature for him to never tire under any circumstances. Does it pay to show this fatigue or impatience? I say not. There is a difference between a teacher of push, and an impatient blustering one. Take it quietly and do the best you can, "let what come will." I again urge all the teachers to let us hear from them through the News.

Very truly, I
PUDGING SAM.

PELHAM, Nov. 4th, '57.

MR. EDITOR: The incessant rains of last week entirely broke up the revival services here. The 4th Sunday in Oct. being the annual anniversary for such exercises* many visitors had repaired hither to witness and join in on this occasion. Among the young ladies we noticed Miss Wray, of Reidsville, two Misses Millner, of Gatewood's, Miss Hodges of Shady Grove, two Misses Stokes, of Reidsville, Misses Motley and Johnston, of Lawsonville, but the clouds and rains kept all at home nearly all the time.

Rev. Mr. Anderson who is finishing up Rev. Mr. Round's year on Ruffin circuit, who is very popular, indeed, at Pelham, preached when he preached with his usual vigor, and even exceeded himself so some thought. He wears well. Wish Ruffin circuit could get anything like as good preacher next year.

The township court, Justice Swann, presiding, was in session good part of the day Wednesday and until 10 o'clock Wednesday night trying leaf tobacco rogues. Mr. Lewis Blackwell, Mr. Joe McKinney and Mr. James Ferguson all having suffered from these depredations. The Sheriff and posse was out all night the night before catching thieves and gathering evidence. Several sent out may be more to follow. The court did not get through. Some bad fighting and cases of assault yet to be attended to when culprits can be caught. What a feast at Pelham for a young lawyer. Why don't one locate here, best field in the State and no opposition, but plenty of work for one. The Reidsville lawyers get the business and the money as it is. Miss Scott, Reid and Tom Seale, Jr., we see here at magistrates courts.

DUNE,

TAXES.

Please read the following Law carefully and remember I am compelled to obey the same and every man in the county will have to conform to this law:

LAW OF 1857, CHAP. 137, SEC. 38.—The Sheriff or his deputy shall attend at his office during the months of September and November for the purpose of receiving taxes; he shall also be like manner attend at least one day during the month of October at some one or more places in each township of which officer day notice shall be given by advertisement of three or more public places, and in a newspaper if one be published, in the county.

SEC. 39.—Whenever the taxes shall be due and unpaid the Sheriff shall immediately proceed to collect them, &c.

SEC. 40.—On the first Monday in February in each year the Sheriff is directed to offer at public sale at the Court House land on which the taxes levied for the previous year still remain unpaid on the first Monday in January preceding.

I acknowledge to follow strictly the above law, there, as all will, and am earnestly requested to come forth and settle their taxes. I will visit the places below at the times stated for the purpose of collecting the 1857 taxes and all that may be due:

Prospect Hill, Friday, " 4th " Leipzig, Saturday, " 5th " Milton, Wednesday, " 9th "

Yanceyville during Club week.

If I fail to go to go and the tax on the \$100 worth of property is not paid,

These taxes, I will sue at the above named places and enacting their taxes will be levied by me or deputy at once with the express purpose of collecting the taxes due. The taxes shall be wound up by the 21st day of next December.

B. S. GRAVES, Sheriff.

HOW DO WE DIG OUR GRAVES?

We must eat or we cannot live. This we all know. But do we all know that we die by eating? It is said we dig our graves with our teeth. How foolish this sounds, but it is fearfully true. We are terrified at the approach of the dead, yellow fever, yet there is a disease scarcely at our doors and in our houses far more dangerous and destructive. Most people have in their own stomachs a poison, more or less, but quite as fatal as the germs of disease mentioned which sweep men to eternity by thousands without sparing in the times of great epidemics. But it is a mercy that, if we are watchful, we can tell when we die.

The following are among the symptoms, yet they do not always necessarily appear in the same order, nor are they always the same in different cases. There is a dull and sleepy feeling; a bad taste in the mouth, especially in the morning; the appetite is changeable, sometimes poor and again it seems as though the patient could not eat enough, and occasionally no appetite at all; dullness and sluggishness of the mind; no inclination to study or work; more or less headache and heaviness in the head; dizziness on rising to the feet or moving suddenly; furred and contracted tongue; a sense of a load on the stomach that nothing removes; hot and dry skin at times; yellow tinge in the eyes; shiny and highly-colored urine; sour taste in the mouth, frequently attended by palpitation of the heart; impaired vision, with spots that seem to be swimming in the air before the eyes; a cough with a greenish-colored expectoration; poor nights' rest; a sticky slime about the teeth and gums; hands and feet cold and clammy; irritable temper and bowel's bound up and costive. This disease has puzzled the physicians and still puzzles them. It is the commencement of ailments and yet the most complicated and mysterious. Sometimes it is treated as consumption, sometimes as liver complaint, and then again as malaria and even heart disease. But its real nature is that of constipation and dyspepsia. It arises in the digestive organs and soon affects all the others through the corrupted and poisoned blood. Often the whole body—including the nervous system—is literally starved, even when there is no emaciation to tell the sad story.

Experience has shown that there is put one remedy that can certainly cure this disease in all its stages, namely, Shaker Extract of Roots or Mother Seigle's Curative Syrup. I never fail but, nevertheless, no time should be lost in trying other so-called remedies, for they will do no good. Get this great vegetable preparation, discovered by a venerable nurse whose name is a household word in Germany and be sure to get the genuine article.

ONCE OR TWICE A DAY.

Shaker Extract of Roots or Seigle's Syrup has raised me to good health after seven doctors had given me up to die with consumption.—So writes R. F. Grace, Kirkmanville, Todd Co., Ky.

HIS NAME IS OR JUST IN TIME.

"I had been almost given up to die with dyspepsia when I first saw the advertisement of Shaker Extract of Roots or Seigle's Syrup. After taking four bottles I was able to attend to my business as well as ever. I know of several cases of chills and fever that have been cured by it. So writes Mrs. Thos. Putnam, of Taylor, Miss Co., Ala.

WASH THE BOTTLE A BOTTLE.

Mr. Thomas P. Evans, of the firm of Evans & Bro., Merchants, Hornetown, Accomack Co., Va., writes that he had been sick with digestive disorders for many years and had tried many physicians and medicines without success. He began to use Shaker Extract of Roots or Seigle's Syrup about the 1st of Jan. 1857, and was so much better in three weeks that he considered himself practically a well man. He adds: "I have at this time one bottle on hand, and if I could not get any more I could not take a ten dollar bill for it."
