THE CASWELL NEWS.

Enterel at the Post Office in Vanceyville as second-class matter.)

W. H. THOMPSON, - - EDITOR ANCEVVILLE, N. C. MAR. 21 1881

A big fire in Hillsboro last week.

Jos. Bradfield bas written a fetter with drawing from the Republican party.

It is not generally known, even in reli gious circles, where the news is of greatest importance, that a Buddhist Temple of worship exists in St. Louis, -It not only exists but is largely attended and includes among its devotees a number of prominent citizens. It is said that a well known judge of the gircuit is the regularly ordained priest and performs his priestly duties with the same ability that has always distinguished him in his capacity as judge.

The campaign is drawing near and the prospects of a lively time become more and more apparent. The candiclates already begin to circulate in political circles. Before eight months shall have rolled astend, the tomahawk will be buried and the little birds will sing their gladsome notes of melody to blend in harmony with exultations of joy to the victors. Let all things work in harmony and beauty. Many mysterious influences will be brought to bear which will link the heart of every one with feelings of kindred sympathies for his party. Then open your eyes to the reality of things. Learn what you have to and do it with the energy of a man. Let hencet, ! ofen, uncorrosing and Straightforward men come to the front. Let every one feel that he is directly interested. There is no use to fall out with your neighbor because he sioes not vote just like you do, or rather just as the notion happens to strike him on election day. We are inclined to think that most people are disposed to do the right most of the time-then in view of the fact we conclude that all who are not too much wrapped up in some selfish motive are honestly, realously and earnestly in favor of that which will redound to the greatest good to the greatest number.

Washington Letter.

(From Our Regular Correspondent)

WASHINGTON, Mar, 21, '88.

It is at all likely that the Senate bill providing for erection of post office buildings in size and cost proportionate | bond for the deserted pay to the size of the place will ever become a law. The bill is the outcome of a large number of bills which have passed the House this session for public buildings but even the Senators see, Utt of forms but are surpassed by the so many objections to the proposed are in need of profitable work that can be plan that the expression is all against done while living at home should at once its passage. So large a number of bills Maine, and receive free, full information for public buildings could not have how either sex, of all ages, can earn from passed the house but for the fact of the large surplus in the Treasury and the required. Some have made over \$50 in a reduction of revenues that will follow upon the passage of the tariff bill The members see that now or never i the time to get their public buildings and so the golden opportunity is taken and the buildings go up.

Senator Vest is very much worried over the widely circulated rumor that he intends not to accept another election as Senator and will retire from polities. The Senator has no such intentions and will accept a re-election unless he be appointed to a Cabinet position under Cleveland's second administration. The latter is not at all impossible as the Senator stands very high in the estimation of the President and he as well as the State of Missouri may be honored by the bestowment of a Cabinet position on the able Senator.

The Senate is up in arms against the claim agents and an investigation has been ordered into the ways and means devised by some of them to work up the business. Some of the Senators complain, that they are in frequent receipt of letters from constituents transmiting letters from Pension Agents urging the soldiers to appeal to Copgress for relief, and saving that now the time, as on the eve of the Presidential election both parties in Congress will by favorable legislation seek to set the soldier's vote. The Senators are indignant that it should be even insin usted that they are influenced by such motives and the investigation into the methods of one of the Claim Agents whose circulars have been largely circulated, will result in such a report, and action that others will be deterred from pusuing the same methods.

Senator Colquitt has introduced a full to submit to the popular tote of the people in the District whether we shall have prohibition or not. While it probable that the prohibitionists would carry the election, still there is not the slightest probability of the of the bill passing, at least, at this session. It has been introduced too late in the ses sion to receive consideration in the House, even though it should pass the

The division among the Republicans n the House on the Internal Revenue question has caused grave doubts as to concert of action between the Republicans when the subject comes up for consideration before the full house. The vote in committee on the abolition of the tobacco tax was looked upon as a test vote and the vote of Kelly and Reed for the abolition and the other two Republicans-Burrows and Browne -against it, is at the House regarded as very significant.

Do You Want or do have an idea of buying an Organ or a Sewing Machine? If so call at the NEWs office, we can sell you one cheaper than you can get it anywhere.

GODEY'S LADY'S BOOK.

What is this Disease that is Coming Spez Be?

Like a thief at night it steals

in upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sloopy; the mouth has a bad taste, especially in the morning. A sert of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all gone sensation at the pit of the stomack which food does not entinty. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whitee of the eyes become tinged with yellow; the urine is scanty and high colored, depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired, with spots before the oyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-third of our population has this disease in some of its varied forms. It has been found that phy-

sicians have mistaken the cause of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., ete, but none of these kinds of treatment have been attended with success; for it is really constipation and dyspepsia. It is also found that Shaker Extract of Boots, or Mother Beigel's Cusative Syrup, when properly prepared will remove this disease in all its stages. Oure must be taken, however, to secure the genuine article. IF WILL SHILL SHITTER THAN

COTTON. Mr. John C. Hemptinstall of Obulationes, Clobusa Ca. Ala, writes: "My wife has been so much benefited Shaker Extract of Egots of Seignl's Syrup that she mys she would rather be without part of her food then without the medicine. It has done her mere good then the doesors and all other medicines put together. I would nide twenty miles to get it into the hands of my suflever if he can got it in no other way. I believe it will soon sell in this State better than cotton. THE PROOF TROOP THE AS.

Mrs. S.E. Barton, of Varner, Ripley Ca, Ma, writes that she had been long afflicted with dyspepsia and disease of the urmary organs and was cured by Saaker Extract of Roots. Rev. J. J. McGuire, merchant, of the same place, who sold Mrs. Barton the medicine, says he has sold it for four years and never knew it to fall.

SEE WAS ALMOST DRAP I was so low with dyspepsia that there was not a paynicium to be found who could do eaything with me. I had fluttering of the heart and swimming of the need. day I read your pamphles called "Life Among the Shakers," which described my dise better than I could myself. tried the Shaker Extract Roots and kept on with it until to-day I rejoice in good health. Mrs. M. E. Tinaley, Bevier, Muhlenburg Co., Ky.
