

**Red Cross Volunteer Workers Ever on Duty**

Claim for the oldest volunteer knitter in the country is advanced by the Lincoln County Chapter of the American Red Cross at Wiscasset, Maine. She is Mrs. L. A. W. Jackson, who keeps busy knitting stockings for the Red Cross to send to destitute children abroad. The San Pedro, Calif., Chapter has a close second in a volunteer knitter 85 years old.

The annual report of the American Red Cross stresses the service of volunteers. In more than 3,000 Red Cross Chapters the officers and workers are volunteers.

They will act as solicitors in the Tenth Annual Roll Call for members, which the Red Cross will conduct from November 11 to 25.

Nearly 80,000 disabled veterans are assisted by the American Red Cross on an average every month. Care of the disabled veteran is a foremost responsibility of the Red Cross, in which the people can share by joining its ranks during the Tenth Annual Roll Call, November 11 to 25.

The American Red Cross is the official agency of the United States for disaster relief at home or abroad. Join during the Tenth Annual Roll Call from November 11 to 25 and share its services.

**Red Cross Life-Saving Service Is Nation-Wide**

Scarcity of water apparently has no effect on interest in water rescue. Arizona, popularly associated with wide desert stretches and cactus, has gone in with enthusiasm for the Red Cross Life-Saving program.

The building of new irrigation dams is rapidly transforming Arizona into a swimming State despite popular conception of that country.

In more than 800 swimming institutes conducted by the Red Cross the last summer, life-saving instruction was given by the Red Cross.

During the fiscal year ending June 30, 1926, 7,145 men, 5,408 women, and 16,713 juniors passed the rigid tests of the Red Cross Life-Saving Service, and were awarded insignia. The total for the year of 29,266 represents an increase of 6,374 over the previous year. The total membership of this corps at the close of the year was 102,076.

The Tenth Annual Roll Call from November 11 to 25 is an opportunity to encourage these efforts through membership in the Red Cross.

The Tenth Annual Roll Call of the American Red Cross is held this year from November 11 to 25. It is an invitation to you to endorse your membership its wide reaching service to humanity.

**INSTRUCTION IN RED CROSS FIRST AID SAFETY FACTOR**

**Its Industrial and Educational Service Spreads Throughout the United States.**

Signs that the United States is awake to the menace of its increasing accident toll are apparent in the growing interest in first aid instruction as offered by experts of the American Red Cross.

Approximately 20,000 juniors and seniors completed the First Aid course during the fiscal year, passed rigid examinations and received Red Cross First Aid certificates. This represents an increase of 2,500 over the preceding year, and this gain is attributed to the emphasis on health education by various public bodies including not alone the American Red Cross and Government agencies, but life and accident insurance companies, and athletic and recreational groups.

In Dallas, Texas, playground supervisors are required to hold First Aid certificates. In many high schools the subject is included in the regular curriculum. In order to assist in training instructors for this phase of the work, special courses have been conducted in the summer schools of such leading institutions as the University of Maryland and the University of Virginia. Instruction was continued during the year at Loyola University, New Orleans; University of California, San Francisco; University of Kentucky; Temple University, Philadelphia; Beabody Teachers' College and similar educational centers.

Work with the public utilities group has shown an exceptional increase during the year. Classes conducted by fourteen of the associated Bell Telephone companies were continued with increased interest and a number of the companies sponsored intensive courses in First Aid for instructors.

The First Aid Instruction Car of the Red Cross was busy throughout the year. In the 125 cities visited by the car 900 meetings were held with an aggregate attendance of 94,000 persons.

Membership of the people in the American Red Cross makes such services possible, the annual opportunity of pledging support through membership being offered in the Roll Call from November 11 to 25 this year.

**Educators Give Junior Red Cross High Praise**

Growing recognition by leading educators all over the world has been an achievement of the Junior Red Cross in the last fiscal year.

Included in those which have taken especially favorable cognizance of Junior Red Cross efforts are the World Federation of Education Associations at Edinburgh, Scotland, in 1925, the Department of Superintendence of the National Education Association, at Washington, 1925, and the National Education Association in Philadelphia, June, 1926. Various State educational bodies have confirmed this approval, the report adds.

As a phase of their work, the Juniors have developed contacts through exchange of correspondence, with similar Junior organizations in virtually every part of the world, and through the development of this medium many leaders see a better chance for world peace in future.

An especially notable development of Junior organization has occurred in Porto Rico, with an enrollment of 137,000, and the Philippines, with 912,000.

More than 5,000,000 American Juniors are at work in this organization of the American Red Cross. Their example is held out by the American Red Cross during the Tenth Annual Roll Call for membership, as one for all Americans to endorse by joining the parent organization during the period November 11 to 25 this year.

**War Over, But Red Cross Nurses Are Ever On Duty**

Has the romantic picture of the Red Cross Nurse faded with the war days? It has been more than 12 years since that first contingent of brave women to go to the war zone sailed from America to make an undying record of service behind every battle front.

For an answer to their whereabouts today, it is only necessary to refer to any large disaster of recent years in which the Red Cross rendered relief. Wherever there was injury and suffering the Red Cross nurse will be found to have been on active duty.

These nurses are enrolled under the American Red Cross as a reserve of the Army, Navy and U. S. Public Health Service, at all times ready to serve in war or peace. This reserve of Red Cross nurses aggregates 43,503 women who have met the highest standard in the nursing profession.

The Roll Call for membership in the Red Cross this year is November 11 to 25, when the American people identify themselves with the broad services of the organization by joining its ranks.

Join the Red Cross November 11 to 25.

**COOLIDGE'S LEAST WORRY**

President Coolidge, it is announced, sees no reason to call an extra session of Congress because cotton is low and Southern farmers fear they are faced with ruin.

The President, it is further announced, realizes that the situation in the cotton states is serious, but he feels that a special committee appointed by him to assist him in solving the problem is all that is necessary at this time.

This is another way of saying that

over the fate of the Southern farmers. He gives the situation a few Great Thoughts and then appoints a commission!

The President's action, or rather lack of action, should cause no particular surprise. He has not shown, apparently, any overwhelming anxiety over the serious plight of the Western Republican farmers. Then why, it might very properly be asked, should he shown any great anxiety over the plight of the Southern Democratic farmers?—Union Herald.

Teapot Dome decision.

It is about time for the "shop early slogan" to begin to work.

**FOR SALE**—One house, two desirable lots in the town of Bunn. Terms to suit. Apply H. P. Perry.

**FOR SALE—HOUSEHOLD GOODS.** Majestic Range, Bedsteads, Matrices, springs, Chairs, etc. Cheap. See F. P. Southall, Zebulon, N. C. 10-15 2

**WE SELL GENUINE NEHI**

*We Serve You What You Call For NO FOOLIN' HERE*

**Ever Been Short Changed?**

—and the Bottle!

—Ever had somebody try to put something over on you? No? Well, watch your step!

When you distinctly call for a bottle of—

**NEHI**

and they hand you "just anything" in a tall bottle—you've had something put over on you—you have been short-changed in quality.

Many dealers are displaying the sign shown above. Others are building good will with their customers by the same "square deal" policy.

You can count on the dealers named in this series of ads to serve you genuine NEHI. Then you'll know you're getting all the quality—all the enjoyment that's coming to you.

**N.B. Watch for the number of other dealers advertised in succeeding ads.**

**The Nation's Answer!**

Courtesy of the Richmond (Va.) Times-Dispatch.

locked the door and windows, stuffed all cracks, and turned on the gas. When Otto Fuller, forty, the husband and father, a \$65-a-month night watchman, returned to his home he found his wife and four of the children dead. Winfield, eleven, was the only child found alive. He was taken to a hospital.

**Goaded by Poverty, Kills Self and Tots**

San Francisco.—With hunger and eviction from their home facing her family, Mrs. Edna Fuller, thirty-nine years old, huddled her five children in one room of a two-room basement flat,
