THOSE WHO KNOW HIM SAY:

VOTE for D.D.Chamdlee for County Treasurer

We, the supporters of D. D. Chamblee of Zebulon, N. C., are urging the voters of Wake County to cast their ballots for him in the primary of June 4th., for the office of County Treasurer.

D. D. Chamblee was born and reared in the eastern section of Wake where he now resides. He is 45 years old, the son of W. H. Chamblee, ex county commissioner and Wake county's first farm demonstration agent. He has served as secretary and treasurer of the Zebulon Farm Loan Association for more than twelve years. This work has proven his ability for handling county funds and has familiarized him with property values and safe investment. He is a member of the Wake County Tax Relief Association and supports all measures designed for tax relief.

He is a member of Wakefield Baptist church, where he now holds the offices of deacon and Sunday School Supt. He is also an active member of the Junior Order. His neighbors have the utmost confidence in his integrity and ability.

opportunity of sending a citizen to hold an office in the courthouse. There is no record that Little River Township has ever had the We think now is the time for this townshp to be represented and we are insisting that D. D. Chamblee be the representative.

Mr. Chamblee believes that every possible means should be used to lift the burden of taxes from the common people. He believes that every dollar collected to run Wake County's government should be secured beyond possible loss, when placed in a bank, or otherwise invested. If elected, and we believe he will be, he is pledging his every talent, both in official and private life, to the interests of his fellow citizens in the county of Wake.

Use your best judgment in considering all candidates for all offices, and on June 4, cast your vote for D. D. Chamblee for County Treasurer, and we feel assured that you will be pleased with his election, which will mean an official you can like and trust, and one who will most faithfully serve your interests as a citizen in the capacity of Wake County Treasurer.

(This advertisement is contributed and paid for by friends and sup-

porters of D. D. Chamblee for Wake County Treasurer.)

Mr. Coley was presented with a birth.

GOOD OF

TO ALL VOTERS

DEAR FOLKS:

I have no platform and I will tell you why-I served fourteen years the citizens of Raleigh as a member of the Board of Aldermen and you cannot find one man who will say that I ever voted against the interests of the people. I have served two sessions in the Legislature and am running again-you cannot find one man who can truthfully say that I voted against the interests of the people in either of these sessions. That last session was the longest ever held in North Carolina, had more problems before it and I believe accomplished more than any previous session. I voted for, supported and worked for the McLean Bill. If we hadn't passed this bill I don't believe that there would have been a school running in North Carolina four months this term. I voted and worked for the State to take over the roads under criticism and against lots of opposition. If we hadn't passed this bill there would not have been a road worked in Wake County today. As it now is we have the best road system of any state in the Union. I also worked and voted for the County Finance Act. This I think is the best piece of legislation that was ever put over; it prohibits municipalities, counties, and townships from issuing bonds without being checked by an impartial state board as to whether they are necessary and whether the issuing body can pay them, and then permits their issuance only by a vote of the people.

As I stated, I have no platform, as I myself or no other person in North Carolina knows what the conditions are going to be next January and if he does he ought to be drawing a salary of \$25,000,-000 year and not bothering himself about running for office with a chance of getting defeated for six hundred dollars. If I make

you promises that I cannot carry out, ise you that I will serve you to the b all the tax relief that possibly could everybody and this is where I stand. measure to defer the sale of property the people become able to pay them, a by which the county and city can put fortunate citizens until the depression going to the Legislature with a lot of p ises doesn't get you anything-if I go, ple in the House with me, most of them of them a little smarter. The Legisla I heard more about taxes in the ninet average man will hear and read in a l ful platform and speech artists that c prohibit throwing sawdust in their ho the boy that had more platforms than the Seaboard System and made more any United States Senator made in t United States Senate. I am not a stat mixer and the men who worked with months' session would bear witness th to work out those measures which ha interest of the people, and this I will do if you send you vote for me I will be very thankful, Faithfully yours,

J. Sherwood Upchurch

There are a hundred and seventy two different questionnaires that have been sent out so far, since I announced myself as a candidate for the House of Representatives. (NOW) If I could answer one-half of these questions half-way right I would not be running for the House-instead I would be your next President of the United States, as I would exceed all former Presidents so far as brains are concerned.

I would like to see each of you in person but this is impossible So I am sending you this message - Sherwood
