Greets The Public On The Opening Of The
Zebulon Tobacco Market Sept. 6th, 1932

We have been in business for 25 years, and have just gone through one of the most miserable depressions in the history of our business, but now there is a much better feeling existing through the country and we are going to do all we can to lift this depression. Here is the way we can do it:

As we are vitally interested in the ZEBULON TOBACCO MARKET, we are going to boost the prices of your tobacco and then we are going to sell you BETTER merchandise CHEAPER than we ever have before, which will enable you to take home a supply of merchandise and also money for your bank account.

This is one of our specials: We are selling WORLD'S BEST Flour, for opening day only, at \$3.98 per bbl. and TOP-NOTCH at \$3.48 per bbl. We have many other bargains just as good.

Remember: "We feed and clothe the family and furnish the Home."
