

Bunn School News

Sports

The girls of Bunn High School have enjoyed playing baseball this fall. Miss Nellie McGirt was our coach and she proved to be a very successful one. Our girls showed fine sportsmanship in all of our games. For the past week, our girls have shown much interest in basketball. Miss Elizabeth Fuller is our coach and we are planning to have a good team and do some splendid playing. So get to work girls. We can have a good team if we wish.

SCIENCE NEWS

The Biology students have completed their insect and leaf collections and some of them are on display in the laboratory. The Indian Relic Collection, consisting of several tomahawks and many kinds of arrowheads, has also been completed. The students—both high school and elementary—cooperated in making this collection, and Miss Sherwin, the science teacher, very attractively arranged them on display in the laboratory. The students have also cooperated very well in bringing various things that would add to the laboratory. A very pretty turtle dove was brought last Thursday. It was kept in a cage for several days, where it attracted much attention, but this type of environment seemed not to

made some beneficial posters. A doctor and nurse from the class are agree with the dove, as it soon began to pine away. So Miss Sherwin decided to kill it and mount it. Of course we hated to see it mounted, but then we did not want it to suffer anymore. It won't be long before we will see him again, all stuffed and mounted perched on a limb as if nothing has happened. This will make the third bird that Miss Sherwin has mounted this year. Someone brought a weasel last Thursday, which is being mounted by one of the Biology students.

JUNIOR GRADE

The tenth grade ancient History class has completed a second unit in this year's work. This time the class took up the study of Greece. After studying her geographical environment and its influence, we took up the civilization. We found that Athens reached a very high form of civilization during the age of Pericles. We studied the home life, education, and ways of amusement. We found that many of the Greek dramas have come down to us, and our teacher borrowed one of these from the library in Raleigh to read to our class. We are to see now how Greece was swallowed up by a more powerful country.

Seventh Grade

For the past day or two we have been studying the most popular birds of North Carolina. We have already

taken up the study of the Red-winged Black Bird, Oven Bird, Cat Bird was decorated to represent an Indian tent. The program was as follows:

1. Devotional—Gerald Edwards.
2. Poem—Indian Children—Doris Williams.
3. Play—Eyes That See—Cast—(White men)—Morris Land, Jason Ward and Bobby Johnson—Indian Chief (dressed to represent an Indian Chief)—Melvin Mullen.
4. Song—Indian Lullaby—Class.
5. Dance of the Indian Maids—very typical of the Indian customs both in dress and actions. This was presented by Audrey Hayes, Elly Nevy and Nellie Grey Beddingfield, and Lettie Grey Wheeler.

First Grade

The first grade pupils have learned several good health rules and have Mocking Bird and House Wren. They were all very interesting. We have twenty-five pictures of these birds and are going to paste them in our loose leaf note books. We have the pictures pasted on the bulletin board in our room of all the birds we will study this year.

Third Grade

A very interesting and educational program was given in Chapel Friday morning by the third grade. The stage chosen each week to check the cleanliness of each child. Particular attention is given to the teeth, fingernails, and hair.

Oyster Supper

On Thursday night, November 10 an Oyster Supper was given by the Home Economics girls in the Home Economics room of the school building. The dinner was very delicious and everybody enjoyed it immensely.

General News

The Seniors and Juniors are all excited over the fact that their rings have come.

Carmen Bunn, a former student of our school who is now going to Wake- lon High School, was a visitor here last Wednesday.

We all took quarterly examinations last week. Of course they were hard to us, but still we hope to get good grades.

The following seniors were absent several days last week on account of illness: Willie Kay Bunn, Helen Shearon, Clemmer Grae Floyd, and Aileen Williams.

The essay contest came to a close this week. The students were one hundred percent in participation. Some real good work was done on these essays. All the more honor to the winner from Bunn High School, who is one of our High School Seniors—Lucile Shearon. We are hoping that she will bring to us the "Loving Cup."

The tenth and eleventh grade Agriculture classes are making a trailer to use on field trips.

Rocky Cross News

There was no Sunday School here last Sunday because the people went to the burial at Social Plains. Mr. John Phelps who lived at Zebulon was buried there.

Mrs. Strickland who has been at the hospital has returned home. She is getting along nicely.

What are you crying hard times for? You are getting on all right;

You have three meals each day

And a place to sleep at night.

You have a cow to give you milk

And sorghum in your keg.

And three fine hogs to make your meat

And a dozen hens to lay your eggs

You have some sweet potatoes

And also some pop corn

So what have you to grumble at

On this November morn?

And though you have no money

Your health is very good

You have a very good cross cut saw

And an axe to cut your wood.

You have a brand new Chambray shirt

And a John B. Stetson hat

And a brand new suit of overalls

Oh! What do you think of that?

So let us thank the Blessed Lord

For these good things of life

And get within us peace and love

And free of sin and strife.

We had the first big frost last Sunday morning that we have had this fall.

Union Hope News

Our Sunday School met last Sunday for the first time in 3 weeks owing to the Vocal Union and rain. Everybody seemed to be eager to get back.

Some of our people wondered last Monday Morning if it had snowed when they saw the unusual big frost.

Mrs. L. C. Strickland, Mrs. Sarah Strickland and Mrs. Nellie Bunn visited Mrs. Penine Green, of near Pilot, last Friday.

Mr. and Mrs. A. D. Brantley were visitors in Louisburg Thursday of last week. Mrs. Brantley did some shopping.

A good many from our section went to the election and voted. Some were defeated.

These cold days remind us fresh meat time is not far off. I am just wondering where I will get the first invitation to a hog killing.

Colored Column

On Sunday, November 6, Mr. and Mrs. R. A. Carroll, Miss Rochell Hall and Miss D. L. Lekoo were entertained at dinner at the home of Mr. and Mrs. J. A. Gresham. The guests thoroughly enjoyed the well prepared dinner and some time in discussing the political outlook afterwards.

Will Lindsay, known throughout the country for his unique style of musical program will be heard at the Zebulon-Wakefield school on Thursday, November 17.

The Box Party sponsored by teachers of the first grade of the Zebulon-Wakefield school was an enjoyable affair on Tuesday, November 15th. The affair was enlivened with Lotto games, fortune telling, post office, and Pinning the donkey's tail.

Armistice Day was celebrated at the local colored school at the regular devotion hour, with singing of "Star

Spangled Banner," "America" and America, the Beautiful," interspersed with talks by the Principal and Miss Stanley. Miss Stanley told the pupils of the meaning of Armistice. The principal stated in a cursory manner historical facts of the war, America's entrance and the aftermath of the war, and pointed out the good work of various agencies that have been initiated to keep peace.

All parents who have children that have not been attending school regularly are urged to no longer cheat their children of the opportunity of becoming good citizens. Your children should be in school every day of the year.

The accreditation of the Zebulon-Wakefield school seems more certain each day.

If anyone approaches you with proper credentials asking your aid do not refuse, but help in this cause which will mean a great deal to you and to your community. The amount of money collected is steadily growing but the goal is far off.

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old. Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels. When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement. The next time you have a bilious headache, or feel all box-and-... take this delicious syrup instead of the

usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary! Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to avoid those attacks of constipation. When you feel weak and run-down, or a coated tongue or bad breath, warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

"I want my Telephone put back, please"

ALMOST daily people who discontinued their telephones during recent months are ordering their service restored. They found that the small cost of the service had been repaid many times each month in convenience, in time and actually in money saved.

Others missed the close and personal contact with friends made possible by telephone service. Still others mentioned the loss of many pleasant, impromptu social gatherings when their friends were unable to reach them by telephone.

It is all true—what these subscriber friends of ours say. Telephone service costs so little and its value is so great that it really doesn't pay to try to do without it.

Work Weary "NERVES"

Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Head-achy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from over-worked nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nerve Tablets sooner." Simon Brandt writes: "I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time. "Used Dr. Miles' Nerve and now feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily. "Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nerve put me back on my feet."

When you are nervous, try this—put a Dr. Miles' Effervescent Nerve Tablet into a glass of water. Watch it bubble up like sparkling spring water—drink it—enjoy the feeling of calm and relaxation that follows.

In Dr. Miles' Effervescent Nerve Tablets a splendid formula for soothing overworked nerves is combined with bicarbonate of soda and citric acid which tend to correct hyper-acidity—a frequent cause of nervousness.
