It is not that the best people go to the Training Union, but it is that the ones who train in the Union have a great advantage over those who don't have such training. Don't forget these meetings each Sunday at 7:00 p. m. You can make or unmake these worship services, so do your part by coming.

A reminder to all people having loved ones buried in the Hephzibah Cemetery, you have been asked to clear the plots. Recently I received a letter from a niece, Mrs. Thelma Keeton of Oakland City, Indiana, formerly of Somerville, Indiana, saying how much she enjoyed the Zebulon Record, especially Mrs. Theo. B. Davis' column "This That and the Other." She said that often she had thought of writing and complimenting Mrs. Davis on such good write-ups. This is only just one of many who are in other states and far away from home who really enjoy the Record. Some of our boys in service get the paper and often mention the joy it brings. If you have some loved one away they would surely cherish a home town paper. Why not send it to them as a gift of lasting enjoyment?

Mr. Oris Rhodes' loss of one monkey was his gain of another

one. After the first was killed he decided that he wanted another so he purchased a black one this time. We hope he has good luck in keeping it.

When better automobiles are built BUICK will build them

PARDON us if we play switchman with a familiar railroad phrase, but we aim to flag down some certain people...

Those folks who've always had a great big yen for a new Buick, but a big worry that Buick prices ran too high for their budgets.

Now we'll have to grant you that —on style and beauty and size and impressive appearance — a 1951 Buick looks like a pretty high price tag.

And we'll have to grant, too, that the zooming power and the luxurious ride and the heavyweight steadiness you get in a Buick would also indicate prices beyond the reach of most people.

But honestly, could anything be farther from the truth when you note the sample prices for 1951 Buicks in the panel yonder?

Isn't that beauty—with the big-power, big-mileage, eight-cylinder, valve-in-head Fireball Engine—and with prices starting below those of many of today's sixes—really within your budget picture?

Won't you admit here and now that you *can* have Buick room and comfort, *can* have Buick ride and handling, *can* have Buick style and size—for little, if any, more than you've been paying for lesser cars?

That leaves the next step up to you—stopping in to see us.

Come in soon, look over the SPECIAL, SUPER or ROADMASTER you've always wanted — and let that happy glow go surging all through you as you sign up for your smart-buy Buick.
