

THIS IS PERCY

Percy B. Parrish

Sergeant First Class Percy Parrish deserves a lion's share of the credit for the high morale of Zebulon's Battery A, because he is Mess Steward of the National Guard unit and the delicious food he prepares has won fame far and wide for his mess section.

Sfc. Parrish began his military service with the famed 82nd Airborne Division, and enlisted in the National Guard when Battery A was organized in 1949. Then he instructed his cooks in a make-shift area above the old supply room of the municipal water plant. Today he has a beautiful kitchen in the armory.

Sfc. Parrish is one of 90 citizen-soldiers who serve their community and nation in Zebulon's National Guard unit. He earns over \$6.60 for each Monday night drill, which helps with the monthly payments on his home in Zebulon.

We have the best in meats and fresh vegetables, and a complete line of frozen foods.

27 Examined At Cancer Clinic

Twenty-seven persons were examined in the Cancer Detection and Diagnostic Clinics yesterday, when the clinics were held for the 198th time by physicians of Edgecombe and Nash Counties.

These clinics are held each Wednesday at 9:00 a. m. at H. Lee Large Memorial Center, 1616 West Thomas Street, Rocky Mount, and they are open only to persons forty years of age, and older, regardless of race or ability to pay.

The 27 persons examined consisted of four men, 23 women. Only four of the examinees had been referred to the clinic by a physician.

Persons examined represented Rocky Mount and outlying areas, Castalia, Elm City, Greenville, Macclesfield, Zebulon, Williamston, Bailey, Goldsboro, Nashville and Roanoke Rapids.

In order that those that live at a distance may be sure of an examination when they come to the clinic and thus not make a trip in vain, priorities will be issued on request to anyone living twenty miles or more from Rocky Mount. Requests for these priorities should be addressed to: Cancer Control Center, H. Lee Large Memorial Center, 1616 West Thomas Street, Rocky Mount, North Carolina.

These clinics are operated by the Edgecombe-Nash Medical Society, in cooperation with the State Board of Health, and the local chapter of the American Cancer Society. They are being operated on a non-permanent basis as an educational feature and public service. While on this basis, there is no charge to anyone. The Detection Clinic, although open to anyone, is primarily for service to the local public; but the Diagnostic Clinic is designed to service the population of Northeastern North Carolina.
