**HOTTEST-SELLING BUICK IN HISTORY**

No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—capping the popularity that has already moved Buick into the top circle of America's best sellers. Come try one—and price it—and you'll see why Buick sales are soaring.

**Buick's new Variable Pitch Dynaflo is three blocks ahead of the rest of the industry** —Motor Life Magazine

IT seems the experts are just as enthusiastic about Buick's new Dynaflo\* as the happy owners of new Buicks with this wonder drive.

Famed *Motor Life*, The Magazine of American Motoring, says it right from the shoulder in the quote we show above.

This knowing magazine follows up that statement with these words: "It sets a pattern for the future." And ends the report with a simple tribute: "So hats off to Buick for pioneering a feature of tomorrow's transmission."

The reason the raves come hot and heavy for Variable Pitch Dynaflo is simple.

This new kind of automatic transmission puts at your command what an airplane pilot has at his—propellers that can vary their pitch.

He uses one pitch for quick take-off and climb—another pitch for economical cruising aloft.

You do the same in a Buick just by pressure on the gas pedal.

Press down in the normal way, and twenty propeller-like blades inside the Dynaflo unit smoothly angle one way to give you plenty miles per gallon.

Press down all the way, and those propeller blades change their pitch—with absolute smoothness—to give you instant getaway response, or a sudden safety-surge of accelerating power when you need it—and all split-second quick.

It's a marvel that brings far more flexibility to the whole driving range—and a performance thrill unlike anything you ever experienced before in an earth-bound vehicle.

Want to try it? Want to try the transmission that's the sensation of the year—and the surging new record-high V8 power that gives life to it?

Drop in on us this week and we'll be happy to arrange matters—and show you "great buy" prices that are sending Buick sales soaring to all-time record highs.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
