

LEGAL NOTICES

ADMINISTRATOR'S NOTICE

Having qualified as administrator of the estate of F. D. Gay, deceased, late of Wake County, North Carolina, this is to notify all persons having claims against said estate to exhibit them to the undersigned on or before May 10, 1956, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This the 3rd day of May, 1955.

Wilbur D. Gay, Zebulon, N. C., Rt. 2, administrator of the estate of F. D. Gay.

Ferd L. Davis, Attorney.
M10,17,24,31,J7,14.

ADMINISTRATOR'S NOTICE

Having qualified as administrator of the estate of Leonidus Dunn, deceased, late of Wake County, North Carolina, this is to notify all persons having claims against the estate of the said deceased to exhibit them to the undersigned at 303 Capital Club Bldg., Raleigh, N. C., on or before May 5, 1956, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This the 28th day of April, 1955.

Henry B. Lewis, Administrator of Leonidus Dunn.
M3,10,17,24,31,J7c.

PONIES

(Continued from Page 1)
until he adds thirty years to his present age. He'll be taught better.)

Halter in hand, I sauntered up to the front end of the pony. The pony turned its head. I followed around but the pony was faster, and when I tried to slip the halter on, it was the rearward end that I faced.

For those more ignorant of pony ways than I am, the rearward end of a pony is the lethal end, armed with hoofs that can move with the speed of light. Fact is, they can move faster than I can and I've got bruises to prove it.

I shouted to Michael to stand back, to run, to seek safety. But he walked on up, and before my terrified eyes rubbed the pony's nose. And she seemed to enjoy it. There's no accounting for the ways of women.

It was easy then. The little black pony slipped her head through the halter, and the saddle went easily on her back. (It was later that I found the saddle horn goes in front. I guess the pony thought we were setting a new style in wearing saddles.)

Michael rode for 40 minutes, with me holding on to the halter rope and sort of following the pony around. For the benefit of passerbys I tried to appear like I

was leading the pony, but the pony knew better.

I'm getting educated in the ways of ponies. To properly handle them you must: 1) be smarter than they are; 2) be faster than they are; 3) have somebody like Michael along who still believes men as masters of the feminine sex, especially if the pony is a girl.

175 Children Attend First Day of VBS At Baptist Church

One hundred and seventy-five children attended the first-day session of Vacation Bible School at the Zebulon Baptist Church, according to Mrs. Bobby Sherron, Church Secretary.

Mrs. Sherron said that total registration figures are expected to exceed 200 before the two-week program is completed on June 17. Initial registrations were recorded at the church on Friday afternoon, June 3. The school began its current program yesterday.

Card of Thanks

It gives me much pleasure to thank each one for their deeds of kindness, visits, cards and beautiful flowers sent me while in the hospital and at home.

Mrs. I. O. Pearce

Catholic Newspaper Wins Top Award

The North Carolina Catholic, weekly newspaper published by the North Carolina Catholic Layman's Association, recently won first award for the best front page of any Catholic diocesan newspaper with a circulation of less than 10,000 in the United States.

The paper is edited by the Rev. Cranor F. Graves, pastor of the Wendell Catholic Church, and is printed in Zebulon by Theo. Davis Sons. Its circulation is nearly 7,000.

HOTTEST-SELLING BUICK IN HISTORY

No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—capping the popularity that has already moved Buick into the top circle of America's best sellers.

It's steady as you glow

(No wonder Buick's ride is the envy of the Industry)

You may not be aware of it right away.

The sheer joy of driving a new Buick for the first time can easily overshadow a lot of other great things about this automobile.

But once you get past the thrill of Buick's dazzling getaway response and instant acceleration—once you get an idea of what record-high V8 power and Variable Pitch Dynaflo* can do for split-second performance when you need it—then you'll begin to notice this Buick's ride.

It's different—wonderfully different. It's soft and serene, buoyantly level, precision-true to the course you set.

Why? Because every Buick is ride-engineered like no other car in the world—blessed with

a combination of ride developments found in no other car at any price.

We could name a baker's dozen of those features.

We could tell you that only in a Buick can you get a massive X-member frame for bedrock solidity—plus big coil springs on all four wheels for constant and balanced cushioning—plus a full-length torque-tube drive to steady your ride like a deep keel steadies a cruiser.

And we could tell you how an ingenious front-end geometry gives you sports-car "cornering," and how the specially cali-

brated shock absorbers and the extra-wide Safety-Ride rims smooth out road roughness, control sway and swerve, check "heel-over" and roll—even how Dynaflo adds a sweet smoothness to the whole ride.

But—why tell you all this when we have a Buick ready to show you what a ride can really be?

Visit us soon—this week, for sure—and try the great travel that's helping to send Buick sales soaring to all-time best-seller highs.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
