

BALLOONS

the country back on its feet after the Arbenz government left a debt in its wake of about \$53,000,000.

Pass the Peacepipe

In Canada, a two-century Indian curse on the bridge between Halifax and Dartmouth predicted that, "three times the bridge would fall." By last year the bridge had collapsed twice, once during a storm and once of its own accord. A truce had been called and when the \$11,000,000 suspension bridge was opened a member of the Indian tribe was on hand to promise that the curse had been lifted.

Guys and Gals

Got a hanky handy? Tears flow more copiously from women's eyes than from men's at every age level

except the decade from 30 to 40. An explanation for those 10 crying years for the males? Well — turn-about is fair play!

Right Will Out

The old adage, "Crime does not pay" has proved itself again. Two young bandits, armed with toy pistols, successfully scooped up \$11,452 in cash in a dawn burglary of a large New York department store. In an attempted getaway, they became so confused in the store's blocklong maze of showcases that they finally got panicky and had to give themselves up to a watchman.

Tallyho!

Those fat, healthy rabbits have an even smaller than usual chance of seeing the New Year in. The popularity of hunting continues to increase with latest national figures indicating 14,832,779 hunting licenses sold in one year. Michi-

gan has replaced Pennsylvania as the state selling the most licenses.

Study Navajos' Diet

The Navajo Indians have a low frequency of cancer cases. Under a federal-state-private project, Dr. Clarence Salsbury, Arizona State health director, has begun diet studies among this Indian tribe to seek an answer to their seeming resistance to the disease.

Highways Modernized!

A record 3.7 billion dollars was spent last year on highway and road construction according to a report prepared for publication in the 1955 Yearbook of The American Peoples Encyclopedia. Ultra-modern toll highways accounted for a good portion of this outlay. Such important highways as the 555 million-dollar New York Thruway, the 133 million-dollar West Virginia Turnpike and a 65 mil-

lion-dollar addition to the Pennsylvania Turnpike were opened to the motoring public, according to the report.

Most builders expressed the belief that President Eisenhower's proposed 101 billion-dollar highway improvement plan would lend to new construction records.

Rural Crime Wave

Reports from rural areas for the first part of last year indicated an 11.9 per cent increase in major crimes over the same period of the previous year. Crimes of violence, such as murder and assault, increased in rural areas while they declined, for the most part, in cities.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8" — the most modern V8 on the road today. Here's what happened—

Daytona Beach. NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach. NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach. NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?
