There's never been anything like today's Dynaflow*!

(And it's easily yours with the profit-sharing bonus deals we're making right now!)

As of this date, over half a million 1955 Buicks with Variable Pitch Dynaflow have been built, sold and delivered across the land.

As of this date, the enthusiastic raves for this new wonder drive have continued unabated. And no wonder! *It's smooth to the absolute. It's a boon to gas saving. It's instantaneous on get-away response and on safety-surge acceleration in emergencies. It's thrilling beyond all previous experience because it brings you action that was never in any earth-bound vehicle before.*

You must know the story by now.

You must know that this new Dynaflow uses the principle of the modern plane's propeller—that you switch the pitch of its power blades for high economy or high performance, merely by the way you press the gas pedal.

But what you can't know—till you take the wheel yourself—is the soaring lift you feel when this spectacular action takes place.

Or the sheer thrill that's yours with the mighty V8 power giving life to this new Dynaflow. Or the comfort and pride and deep satisfaction you enjoy with Buick room and luxury, Buick styling and ride steadiness, Buick handling ease and brawny roadability.

Record-Breaking Volume— Record-Breaking Deals

You couldn't pick a better time to try this Buick excitement than right now—because Buick sales have soared past every record in history—so

we're making profit-sharing trade-in deals to celebrate. That means you get:

1. **A Bonus Trade-In Allowance**—an extra long allowance beyond the normally big ones we've been giving all year.
2. **A Bonus Buy**—because in Buick you get the thrill of the year—in style, power, performance, value.
3. **A Bonus Resale**—because a Buick always resells high—brings you more money when you trade it in.

Come in soon—today—to see what a great buy you make and what a whopping deal you get on the biggest-selling Buick of all time.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

Thrill of the year is Buick

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Enjoy cooled, filtered air for less than you think With Buick's **AIRCONDITIONER** It's a genuine Frigidaire
