munity around Zebulon, and observers have expressed wonder that the accident toll has not been higher.

The tragic accident last Thursday morning was blamed on speeding and driving on the wrong side of the highway. Four years ago seven lost their lives 1 1/2 miles east of Zebulon on the same highway for the same reason.

Last May three cars loaded with local teenagers rolled, one after the other, attempting to round a curve at too great a speed between highway 64 and Knightdale.

Following the fatal accident four years ago, meetings were held to attempt a solution to the problem of reckless driving by teenagers. Since then other efforts, including a driving course at Wakelon, have been made to improve driving and reduce accidents.

The National Guard needs men from 17 to 18 1/2 years old.
