

THE ZEBULON RECORD

Volume XXX. Number 63.

Zebulon, N. C., Friday, May 11, 1956

Theo. Davis Sons, Publishers

'TAKING THE AIR' on his front steps is "Mr. X," a manikin dressed in a poison gas and bacteria-protective suit and wearing an extra-capacity protective mask, all developed by the Army Chemical Corps in cooperation with the Federal Civil Defense Administration. FCDA now has 32,000 of these masks in production. Except for the lack of boots, he would be perfectly safe even if sprayed with nerve or mustard gas or poisonous germs. An FCDA secretary emerges from the air lock of a gas and germ-proof shelter built with wood frames and a new fiber "diffusion board" similar to other wallboard. This material allows air and carbon dioxide to pass in and out while filtering out poison gases and germs. The secretary is wearing a new type \$2 civilian protective mask. (FCDA Photo)

Bank Adds Machine For Recording Purposes

Peoples Bank & Trust Company here has made an addition to its facilities for better service and convenience to its customers and personnel.

Last week the bank installed a microfilming machine for the purpose of making a permanent photographic record of the bank's checks and documents.

This machine will photograph on microfilm checks at the rate of 400 per minute. At one operation the checks and documents are photographed on both the front and back sides.

The machine bears the title of Recordak, and is a product of Eastman Kodak Company. It costs \$2,500.

The bank had a junior size microfilming machine, which necessitated the operator to place the check or document under the photographic light, snap the picture, and turn the document over and photograph the opposite side.

Miss Sarah Eaton, who will handle the new machine almost exclusively, said the old machine was very outmoded and required a great deal of time. The new machine she said will speed up production for both the personnel and customer.

For the past months the bank's bulk of business has increased to such an extent that it was necessary to add this Recordak to help alleviate the influx of checks passing through the bank.

The bank has ordered a reader and endorser, assistant cashier Horace Gay said. When these additonal parts are added an even greater speed up in service and facilities is expected.

Gay and Miss Eaton said that approximately 900 checks are processed at Peoples Bank each day.

\$50 Picker

J. Harvey Parrish, Sr., a prominent and successful farmer of Route 2, Zebulon, received a call from radio station WRAL in Raleigh last Friday and answered correctly a question on the program, "A Ton of Food Quiz." He received the amount of \$50.00 in certificates, which will enable him to buy the variety of groceries he chooses.

The question was Which town had the largest population, Zebulon or Wendell? The answer was Zebulon.

Multiple Thefts Bring Stiff Sentences For Local Youths

Multiple thefts from autos resulted in the convictions of three Zebulon boys in Raleigh City Court Monday.

James Edward Ray, 18, was sentenced to two years on the roads and a prior four-months probationary sentence was put into effect.

William Darnell Pace, 19, was sentenced to four years on the roads, suspended on payment of costs and good behavior for five

years. The pair was charged with 10 counts of theft from autos.

Coy Pearce, 17, was sentenced to two years on the roads on two counts of theft from autos, sentence suspended on payment of costs. He was placed on probation for four years.

Police said the three youths had been stealing from cars over four counties. Some \$2,000 worth of stolen goods was recovered, it was reported.

Club to Install Prexy Tuesday; Final Meeting

The Junior Woman's Club will hold its regular monthly meeting next Tuesday night at the club house.

At this meeting Mrs. Franklin Jones will be installed as the club president for next year. Mrs. Jones was nominated by a committee composed of Mrs. Melvin Massey, Mrs. Herbert Holt, Mrs. Charles Creech and Miss Ruby Dawson. She will succeed Mrs. Gilmer Parrish, who has resigned due to the fact her husband has accepted a position in Concord.

Other business will be that of presenting a gift to the old member and new member who has acquired the most points for the year. Mrs. A. S. Hinton will be the evening's speaker. She will tell the club of the State meeting held at Durham last month. Mrs. Hinton was a delegate to the convention from the Senior Woman's Club.

Mrs. Parrish urges all the club members to present themselves at this meeting.

School Board New President To Head Lions Club for '56-'57

The Wakelon School Board met Monday night for its final meeting of the school year.

The primary business was that of reappointing the faculty members. All members of the faculty were reelected, with the exception of three who have tendered their resignation. Those teachers resigning are Mrs. Ann Warner, Mrs. Mary Blanton and Miss Sue Kelly.

Students Have Arts Exhibited

The handiwork of two Wakelon High School students is now on exhibition in the Morehead Planetarium Science Gallery.

When the State Science Fair was held here recently, Dorothy Craig Smith, daughter of Mr. and Mrs. Horace Smith, and Joe Wayne Tippet, son of Mr. and Mrs. Joe Tippet, entered exhibits they had made in connection with their high school science courses. Miss Smith's was titled "Let's Be Catty," and Joe's was titled "Who Are Our Near Neighbors?"

The exhibits so impressed A. F. Jenzano, Planetarium manager, that he invited the youths to let the Planetarium display them through the month of May. He hopes that their exhibits, along with 13 others, will prove to the public that science has a great future in this state, and that they will encourage more students to pursue scientific studies in college.

It is estimated that more than 10,000 persons will view the exhibits when they come to the Planetarium to see its art and science galleries and to witness demonstrations in the Planetarium chamber.

SMILE AWHILE

Two small fry were at school. "What are we supposed to do?" asked one.

"Write a snake tale," said the other.

"But a snake's all tail," he was told.

Locker Plant Given Approval by Board To Build Abbatoir

NEW PRESIDENT

M. L. Hagwood

New President To Head Lions Club for '56-'57

A returnee from Europe told of her experiences on the Continent to the Lions Club at the club's meeting last Thursday night.

Mrs. Calvin H. Spann described the beauties of the countries, old and interesting landmarks, and many of the customs of the peoples.

Mrs. Spann is the sister of Lions Club member Rondal Phillips.

At the business session the club made its 1956-57 appointments. Out-going president Frank Kemp will be succeeded by M. L. Hagwood as president.

Vice presidents elected were Dr. George Tucker, first; Hardin Hinton, second; and Clarence Hocutt, third.

The Board of Directors include John Terry, Robert Ed Horton, Ernest Driver and Frank Kemp.

J. C. Debnam will become treasurer of the club, and Worth Hinton will serve as secretary.

Ray Goodwin was appointed Lion Tamer, and Gilbert Beck Tail Twister.

BEAUTY IN OFFICE:

Garden Club Flower Show

Garden Club members are beginning to wield saws, hammers and paint brushes. They are enthusiastically getting ready for the Garden Club's flower show.

The date for the flower show has been set for May 14 from 3 until 5 o'clock in the Woman's Club house.

Garden Club president Frances Tucker has said this flower show is not open to the public. Only members of the club and their invited guests may attend.

It is hoped that next year the club may operate on a bigger scale, with the show being held

Business was at a minimum with the Town Board at its meeting Monday night. Only two items of business claimed the attention of the Commissioners present.

The Board voted to grant W. M. Sutton and Colonial Frozen Foods a permit to expand the locker plant to include a slaughter plant.

This request and permission necessitated the amending of the town ordinance to rezone the district in which the locker is located to allow the slaughtering of animals in the industrial area.

The other business was that of amending the ordinance of the Recreation Commission's terms of office. The Board voted to allow the expiration date of the Commission's terms to be January 1 instead of May 1, as in the past.

This was done upon receiving a letter from Recreation Commission chairman George H. Temple and secretary Creech, who requested the change because it was felt that the officers could accomplish more and do a better job with the recreational facilities by starting at the beginning of the year instead of the middle.

No action was taken on the stop light situation, which has been tabled indefinitely.

Further action concerning the numbering of the business and residential sections was omitted.

All Board members were present, except Commissioner Vance Brown who was indisposed.

Colonial Frozen Foods of Zebulon plans to expand their present plant to include the addition of an abattoir, plant manager W. M. Sutton has announced.

Sutton said the addition of slaughtering facilities will enable the plant to kill, dress and process (See ABBATOIR, Page 9)

Cake Sale

The Zebulon Methodist Youth Fellowship will have a Mother's Day cake sale down town Saturday morning, May 12. Everyone can get a cake or pie for Sunday's lunch. All varieties will be available.

The proceeds of the sale will be used for buying a slide projector and screen for the church.

Phone orders will be taken by Miss Peggy Richardson.

in the armory and any person eligible to enter.

Club member Selma Davis has announced that Mrs. R. O. Caviness of Raleigh will be present for the judging. Mrs. Caviness is well-known in Raleigh and throughout the state in garden club circles.

Mrs. Tucker suggests to the club members that the dues are due and payable. They may contact Mrs. Randolph Hendricks, club secretary, on or before the flower show.

Following the exposition there will be a tea hour for the club members and guests.
