MEETING OF RED MEN.

LARGE ATTENDANCE FROM ALL PARTS OF THE STATE.

Public Invited to the Session Tonight—Concert by the Woodmen Band—Program of Tonight's Meeting.

Almost all the delegates to the Great Council have arrived and the meeting is now under full way. Last night in the Pythian Hall the Red Men held an informal meeting, which proved to be quite interesting and helpful to the local and visiting Red Men alike.

Speeches were made by the various great officers and a jolly good time was the outcome. Cigars were passed and tickets handed out to all the Red Men entitling them to a free trip to both theatres. All felt it was good to have been there.

A short session of the council was held this morning, when matters of interest to the order were discussed.

The council fire of the Twelfth Great Sun session of the Great Council of North Carolina Improved Order of Red Men was kindled in the Pythian Hall at the ninth run and thirtieth breath rising of above sun by Great Sachem, Sam T. White.

The council was opened with prayer by Great Prophet Jos. E. Pogue.

A letter was read from Great Representative W. S. Liddell, of Charlotte, expressing regret at his inability to attend.

W. L. Stamey was appointed a press committee.

The credentials committee retired to act upon credentials of new members and reported them at the eleventh run.

Guess Both Were Right.

Mr. Editor:—I see in your paper dated April 25th, that N. B. Temple denies that statement in it of April 14th, that there were floods in Texas lately. I would like to explain that statement to you. There were floods in Texas at that time, but they were in another part of the State than Wichita Falls, and it is rather dry in Wichita Falls now. Texas is a large state, more than five times the size of North Carolina. Texas has an area of 265,780 square miles and North Carolina has only 52,250 square miles. So Texas is a large State and has a variety of weather all at the same time.

Whiskey Prescriptions in Greensboro.

The Greensboro Telegram publishes a list of the physicians in that city who issued whiskey prescriptions in April, the publication being required under a city ordinance. The list makes a column and a half. We notice that Dr. L. N. Burleyson, formerly of Concord, issued 44 prescriptions for whiskey, which was the largest number issued by any physician there except two, Dr. Jarboe and Woody, who issued 50 and 52 respectively. Over half of the 85 physicians issued only one prescription each.

Big Families a Disgrace, She Says.

"Ten years hence to be the father of ten or twelve children will be as much of a disgrace as being a confirmed drunkard is at present," declared Mrs. Lareine Helen Baker, of Spokane, Wash., a suffragete attending the convention of the National American Woman Suffrage Association in Washington.

"Roosevelt poor, ignorant man," she continued, "urges large families, but I tell you it is quality we want in children not quantity. Woman suffrage will better children, for it will produce better thinking. It is the mental, not the physical, that rules progressive action today and teaches us that the greatest crime of the age is too many children."

The rumors that the Southern Power company was contemplating the erection of an auxiliary steam plant in Greensboro at a cost of half a million dollars was positively confirmed Tuesday by Z. V. Taylor in a conversation with a Daily News Reporter.

Mrs. C. W. Swink will entertain the Floral Club this afternoon.

CLEAN-UP DAY.

One Hundred and Fifty Dollars to be Given for Boys Hauling off Trash.

Now is the time for all the boys to enter the clean-up contest which has been inaugurated by the city, beginning next Monday morning. This is a splendid opportunity for some hustling youngsters to make some good coin. The city has offered \$75.00 in cash prizes, to be divided as follows, and given to the boys for gathering up the trash:

First prize—\$25.00.
Second prize—\$15.00.
Third prize—\$10.00.

There will be five \$2.00 prizes and ten \$1.00 prizes. These are the prizes offered by the city alone, and does not include the prizes that will be given by the merchants of the city, which will greatly increase the number of prizes and make the clean-up contest so attractive that no boy can well afford not to enter it from the start. Full details of the contest will be published as soon as the other prizes are decided upon and a few details can be settled upon by the committee.

All the residents should begin the work of cleaning up their premises now and putting all the trash in one heap if possible, so as to be ready when the boys come around to haul it off. A number of residents are under the impression that the boys will clean off the premises and haul the trash off also. This is a false impression, as all the boys do is to haul the trash away after it has been raked up in heaps. Have all the trash on your premises raked up by Monday and don't delay the boys while they are hustling for the prizes.

Paul Gilmore in "The Mummy and the Humming Bird."

Mr. Paul Gilmore is coming in the most successful play in years, "The Mummy and the Humming Bird," a play which will be presented is one of the best known comedy-dramas now before the public. The play is one that by the interest of its story excites and maintains the interest by the natural sequence of the incidents, by the dramatic keenness in which its plot is developed, by the brightness of its dialogue, and has established itself in the general estimation as one of the best comedy-dramas ever presented before an American public. In no other single play have so many strong characters been assembled.

"The Mummy," a scientist, to absorbed in chemical researches as to almost oblivious to his everyday surroundings.

"The Humming Bird," a literary foreigner, whose habits and character as develops warrant this sobriquet, an Italian organ-grinder who proves a pivotal character upon whom the story of the play hinges; the wife of the Mummy and the young widow whose second wooing forms a part of the action are a quintette of dramatic personages each of whom is distinctly a type, intensely forceful and interesting.

Mr. Paul Gilmore will assume his great character, Lord Lumley, and will be supported by an excellent company, including Miss Adelaide French, the popular society actress.

Pronounces Kissing Safe.

Kissing is a perfectly safe pastime has just received the "O. K." of Dr. A. M. Worthington a professor in the Harvard Medical School.

Persons who refrain because of fear of an interchange of bacteria are mortifying themselves uselessly, the educator told his audience at a lecture on "Man and His Bacteria" last night.

The bacteriological expert assured his hearers that the only danger in the practice to healthy persons was a sudden and violent attack of heart trouble.

"There is every reason to believe that when two wholesome persons meet lip to lip they may break away without upsetting the bacterial balance" was the way he put the good news.

"What a Delicate Child"

is the remark we often hear when referring to little ones whose faces are pale and wan, and limbs thin and spindling.

If mothers in this vicinity only realized how quickly these little ones can be made strong, robust and rosy by our delicious cod liver and iron preparation VINOL, we would not see so many delicate children on our streets.—Gibson Drug Store.

It is definitely announced that the "reform wing" of Wake county Democracy headed by J. W. Bailey and Editor Josephus Daniels, will issue another call very soon now for a mass-meeting Saturday, May 14. This time, it is said, the call will be policed and only those in sympathy with the movement against the county Democratic organization, termed by them "the machine" will be admitted.
