JOHN M. OGLESBY, City Editor.
CONCORD, N. C., JULY 18, 1910

"God willing, I'll be back in Washington next session, and it will be for the Republican majority to determine who shall be speaker." So spoke "Uncle Joe" Cannon the other day. Speaker Cannon has not the least intention of retiring from the speakership, and the public is only fooling itself to think otherwise. Cannon has served the corporate interests of the country long and faithfully and if the next House should be Republican, "Uncle Joe" will no doubt be rewarded with another term as speaker.

The nomination of Mr. R. L. Doughton for Congress has met with general and hearty endorsement, not only throughout the district, but all over the State. All eyes are turned on the eighth district, and everybody feels that Mr. Doughton will redeem it.

Pastor, Coatless, Preaches Sermon.

By vote of his congregation the Rev. H. C. Merserve, pastor of the First Congregational Church of Danbury, Conn., has established a new fashion in vestments. He is preaching in his shirt sleeves.

"My brethren," he said, Sunday morning, "it is hot." The congregation looked eloquent, but preserved silence.

"Are there any here," continued Mr. Merserve, "who would see grave indecorum in the removal of the clergyman's coat during the service?"

There was no answer.

"As many as are willing that I should preach to them in something approximating comfort raise their hands," said the pastor.

Hands were raised all over the auditorium. The women seemed to lead the movement. Mr. Merserve is young, popular and trim in figure. The pastor counted the raised hands.

"In conformity with your wishes I will praise God in my shirt sleeves," he said, removing his frock coat and appearing in a soft white shirt.

Mr. Merserve says he will continue to preach coatless sermons while the hot weather lasts.

The Farmers' Demonstration Work. Statesville Landmark.

With reference to the proposed discontinuance of the farmers' co-operative demonstration work in Iredell, it is of interest to note that Mr. J. M. Hendrix, county demonstration agent for Davie county, publishes a table in the Mocksville Herald showing the progress made in the counties where demonstration methods have been used. He calls particular attention to the progress in Rowan and Iredell as follows:

Let's notice especially our two adjoining counties, Rowan on the south and Iredell on the west. You will see that Rowan stands at the head on the list of corn. She worked under the demonstration plan, 144 acres of corn and made an average of 48.1 bushels per acre. On a comparative number of acres, worked the old way, we find the average to be 13.8 bushels per acre. We find in Iredell the number of acres cultivated on the improved plan to be (corn) 283 acres and the yield 45.5 bushels, while on the same number of comparative acres the average was 16.4 bushels. This 45.5 bushels was made at a cost of about 24 cents per bushel, and the 16.4 at a cost of 47 cents per bushel.

Is Life Worth Living?

Mrs. Mollie McRaney, Prantiss, Miss., writes that she had a severe case of kidney and bladder trouble, and that four bottles of Foley's Kidney Remedy cured her sound and well. She closes her letter by saying: "I heartily recommend Foley's Kidney to any sufferer of kidney disease. It saved my life." Cabarrus Drug Co.

A comet meteor was observed at Cumberland, Md., Wednesday night, shortly after dark. It dashed across the heavens and when near the horizon burst into fragments. At the moment of disintegration it appeared as large as a full moon on a dark, moonless night of light of various colors as distinct as a comet's tail.

TO THE VOTERS OF CABAREUS COUNTY.

As chairman of the Democratic party I feel it my duty to call your attention to a few facts.

There has never been a time within my knowledge when the entire party of the county was as solid as at this time. We have no family quarrels in our own party and the only desire on the part of any voter, is to elect the Democratic ticket at the coming election. The ticket which our convention put out on July 2, meets with universal approval. There will be less scratching this year than was ever known, because all interests are represented on the ticket. The interest of the farmer is well represented, so is the interest of the manufacturer and the operatives. No interest has been neglected and if you will examine the ticket you will find that every section of the county has been given its due representation.

Another peculiarity about the ticket is, that about one-half of the men nominated were not even applicants for office, thereby showing to you the nominations sought the men, and not the men the nominations. As an evidence of the interest which the Democrats are taking in the coming election, it is only necessary to call your attention to the fact that in No. 2 township, in the election of 1908, Bryan only received 78 votes, while the other day at the primaries, there were 50 present. It does not make any difference who the republicans nominate at their convention, every one knows that they cannot nominate any better ticket than the one nominated by our convention. With the universal good feeling which prevails in our ranks, I do not hesitate to go on record and predict that the returns at the election will show a substantial Democratic majority.

In the Cotton Belt.
Charlotte Chronicle.

In its weekly review of the weather and the crops, The New Orleans Picayune says that the constant rains in the central and western portion of the belt, except towards the last two days of the week, when better conditions prevailed. In the western section of the belt, particularly in Texas and Oklahoma there has been excess moisture than the crop needs, although showers have fallen over the greater part of Texas, greatly relieving the situation. Texas, however, appears to need a general and soaking rain to put the farmers above the chance of worry for the future of their crops. As a result of the constant rains in the central and eastern sections of the belt the crops in most districts is badly in the grass and are developing more weed than fruit. Farmers have been unable to do much if any field work and a spell of dry, fair weather is sadly needed. Georgia and Alabama seem to be the worst off in this respect. In Mississippi and Louisiana the rains have given the boll weevils a new lease on life and much complaint is now heard on this score. While the damage done is not generally believed to be beyond repair it is undeniable that the tone is more pessimistic than it was, and there is little hope now entertained of the bumper crop that was regarded as possible a few weeks ago.

CITY ORDINANCE.

Be it ordained by the Board of Aldermen of the City of Concord:

That all bill posters posting bills for circuses and shows of all kind shall within three (3) days after the performance advertised, remove said advertisement from all bill boards, posts, or any surface whatsoever where displayed within the corporate limits of the town of Concord.

Any person violating the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined fifty dollars or imprisoned thirty days.

From the Mooresville Enterprise.

Mrs. F. S. Starrette and son, Frank, have gone to Concord, where they will probably remain until Christmas, making their home with Captain and Mrs. J. M. Alexander. Miss Juanita Starrette, who is one of the clerical force at Rankin's, will remain here making her home with her sister, Mrs. D. F. Moore.

Mrs. C. P. Walter, aged about 60 years, died at her home in Rowan county, just over the Cabarrus line, Wednesday morning of blood poison, the trouble having developed about two weeks ago, affecting her legs and feet. The funeral was held Friday at Luther Chapel, near China Grove. She is survived by a husband and two brothers.

That Joe Daniels has accepted the invitation to deliver an address here on the occasion of the picnic, it will give the people of this section an opportunity to see and acquaint themselves with one of the biggest and best newspaper men of the State and one of the keenest politicians the State has ever produced.

The Misses Moose entertained a number of friends most delightfully Tuesday night at their home in the southern part of the city complimentary to their guests, Misses Lura and Katie Cook, of Concord. During the evening finch, muggins and trail was played, after which ice cream and cake was served. The evening was one of great pleasure to the young people.

The most severe storm that has visited this section this year, occurred last Friday afternoon. Strong winds accompanied a tremendous rainfall. In some directions corn blew down, but as a general thing no serious damage was reported. During the early hours of the evening the lights were out and people had to resort to the use of candles, rub up their old lamps or go to bed in the dark, the power having gone off about four o'clock in the afternoon.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address:

"Foley's Kidney Pills Have Cured Me."

The above is a quotation from a letter written by H. M. Walker, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley's Kidney Pills regularly like a new man."
