Alten met stepnenson and after wit-nessing the practical results of the op-erations on the English railway, he or-dered engines of the type used there and hought the iron rails for the use of the American road.

and bought the iron rails for the use of the American road. The first of these engines to reach America was the "Stourbridge Lion." which arrived in New York and was sent to Honesdale by boat. It had its first trial on August 9, 1829. Every-body present believed that the im-mense weight of the engine would break down the road or that the great machine to topple over into the creek 30 feet below. Allen himself was not to sure of the success of the trial, so he determin-ed to run the engine alone. He never had run a locolotive or any other en-gine before, but he ran the "Stour-bridge Lion" three miles and back to the place of starting. Much af, the success of this first American steam railroad, from Charleston to Augusta, which, when completed, was the longest in the world. Allen was also consulting en-gine effort the company engaged in building the famous East. River-biling the consulting engineer of the place of the company engaged in building the famous East. River-bridge to connect New York and Brooklyn.

Myers Scouts Defeat Kannapolis Team By Score of 5-0.
The Myers Scouts defented a team of boys from Kannapolis by the shutout route, the final score being 5-0.
The game was a fast one, and but few errors were made, even though a strong wind was blowing. Kide Murr of the Scouts, was the star with the willow, getting four hits out of five trips to the plate. Charlie Brown, the Scouts' Southpaw, was, hard bolled and even though the visitors got a man on third in the ninth with no outs they were unable to score as Brown struck out the next two men and caused the third to ground out, ending the game.
The fielding honors went to the visitors, as they pulled off four double plays. The batteries for the visitors were James Efird, Fowler and Julius Efird. For the Scouts, Brown and Goodma. **R. O. T. C. Students Given Preference**
