PREMIER HYPNOTIST WILL SPEND NEXT WEEK IN CITY

Fayssoux to Make Blindfold Auto Drive Monday and Entertain Every Day of the Week.

William Irvine Fayssoux, noted hypnotist, with a number of associates, will spend next week in Concord giving exhibitions daily in a canvas theatre which will be erected on the lot in the rear of the city hall. Popular prices will be charged for the entertainment, which will be designed to amuse the spectators, according to advance announcements. Fayssoux's opening will be given Monday.

Persons in the audience will be invited to take part in the entertainments. It has been announced. Special invitations will be given to the "doubting Thomases" who profess not to believe in the power of hypnotic suggestion, and Fayssoux will undertake to convince the most skeptical of the reality of his demonstrations. The present tour is Fayssoux's twenty-third successful annual circuit season. Fun is the main idea of the entertainments, and the hypnotist is said to have made millions of dollars.

Fayssoux's show is advertised as being strictly moral and refined with a guarantee that there will be nothing to embarrass the most fastidious.

The great Fayssoux, known throughout the length and breadth of America as the psychic wonder of the age, will begin an engagement of one week here under canvas commencing Monday, April 30th.

Those who have seen this show are of the opinion that it is the most entertaining and altogether interesting and mystifying ever seen in a stage here or elsewhere.

Fayssoux has appeared in the leading theatres of the country for more than twenty years past and is well and favorably known in this city where he has played a number of times in years past. His show is clean and high class in every respect and the announcement that he will appear here for one week under a big tent will doubtless be received with much interest.

One of the most interesting features of this show is the blindfold automobile drive that Fayssoux will introduce to the people of this city on the open street Monday afternoon at 3 o'clock. While securely blindfolded and attended by a committee of prominent citizens he will drive an automobile to the secret place where the committee have previously concealed a postoffice key. He will select from among other letters a letter previously prepared by the committee and deliver it to the party to whom it is intended. This is a remarkable exhibition of mental telepathy or mental suggestion and will doubtless be witnessed by an interesting throng.

At The Theatres.

The Star today is offering a big feature with several stars.

Glady's Walton is playing the leading role in "Gossip" at the Pastime today. Comedy is also on the program.

At the Piedmont today "Monte Carlo," one of the theatre's biggest features, is being offered.

Coney Island Hit By a Big Conflagration.

New York, April 24.—Coney Island and Far Rockaway, two of New York's best known seaside resorts, were visited this afternoon by fires that caused damage estimated at \$500,000. A tiny spark flying from an electric mortar mixing-machine set the blaze in Far Rockaway that destroyed the 350-room hotel Tuck-a-Pou-Sha and 3,000 bathhouses on Ostead Beach.

BROKE UP HOUSEKEEPING

"We had to break up housekeeping because of my wife's stomach trouble. No medicine did her any good for more than a few hours. On a visit to Oshkosh a friend praised May's Wonderful Remedy so highly my wife tried it and she has enjoyed the best of health since taking it." It is a health harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gilson Drug Store and druggists everywhere.

GASTON MEANS CHARGED WITH 'SHAKING DOWN' LIQUOR PEOPLE

(Continued from Page One)

game with owners of large quantities of liquor. Affidavits followed, and they were turned over to the department of justice. Means left here some time ago, presumably for his health. Mr. Crim said today the last he heard of him he was in New York. Some of his friends reported that he was in Florida.

The men who claim to have been deceived by Means tell an interesting story. They say that Means had an associate, a man who never had any connection with the department, approached them with a very plausible proposition to get liquor moving. They were to secure permits for so much per barrel, but would not take the money until the goods were delivered. But the tax had to be paid before the stuff could leave the warehouse. This amounted up in a hurry, for it was more than \$6 a gallon. The co-operating victim put up that money, and, according to evidence in the hands of the government agents, he never saw Means or his pal any more.

Means will fight. He is not convicted by a long shot, but the department of justice is going into the case thoroughly with a view to prosecuting him on the charge of bribery, conspiracy, or impersonating an officer.

If it turns out that Means did "shake" down the liquor people while he was an employee of the department of justice, he may have to answer for accepting a bribe and for conspiracy to violate the laws of the nation. If he acted after he quit, but represented himself to be an agent of the department, he can be indicted for impersonating an officer to defraud.

Mr. Crim refused today to state whether or not he thought Means was guilty. He rested on the declaration that he would act promptly and vigorously to get at the truth. His first great desire is to hear from Means, and his second, to locate Means.

The Doctor Was Right

When the good old family doctor was asked about baking powders, he said:

"Use Royal. It is made from Cream of Tartar and is absolutely pure. You could dissolve a couple of teaspoons of Royal in water and drink it with benefit. That's a health test mighty few baking powders can meet."

The doctor was right.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Menthosulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Kowles Mentho-Sulphur at any drug store.

LAST CALL FOR REGISTRATION.
