LOCAL MENTION

Cotton on the local market today is quoted at 27 cents per pound; cotton seed at 66 cents per bushel.

Miss Ruth Beckerbite, of Mont Amosena Seminary, spent yesterday in Concord as the guest of Mrs. Terry.

Eight new cases of measles were reported to the county health department Monday afternoon, according to a report from the department.

The weekly meeting of the Concord Rotary Club will be held at the Y tomorrow at 12:30 p. m. Sam Rankin, the new president, will preside at the meeting.

Solicitor Zeb Long, who represented the State during the trial of criminal cases in Cabarrus Superior Court, left Monday afternoon for his home in Statesville.

Members of Company "E," Concord's military company, received their first 1923 pay Monday night. The men were paid for the first three months of the year under the rule adopted last year calling for four pay days a year instead of two.

Mr. and Mrs. R. E. Boyd Monday carried their daughter to the Charlotte Sanatorium, where she will undergo treatment for some time. The child has been ill for some time and as her condition did not improve she was carried to the hospital. Mrs. Boyd remained in Charlotte with her.

Elmer Allen, 11-year-old son of Policeman W. O. Allen, fell out of a tree Monday on the Barnhardt property near the Gibson Mill, and broke both arms. The little fellow is doing very well considering the injuries he received, a message states from his home today.

Hon. Isaac Avery, of Morganton, spent Monday in Concord. Mr. Avery, one of the most prominent attorneys in western North Carolina, came to Concord to present an argument in an important litigation before Judge James L. Webb, who is presiding at the present term of Cabarrus Superior Court.

Rev. Oscar Blackwelder, of Roanoke, Va., who has been visiting his parents, Mr. and Mrs. J. A. Blackwelder, for several days, went to Norwood today to deliver the literary address at the school commencement in that city. He was accompanied to Norwood by his sister, Miss Mary Elizabeth Blackwelder.

The Davidson College freshman baseball team comes to Concord tomorrow for a game with the local highs, the game to be played at the Gibson Mill park. After defeating Monroe Monday by a 9 to 1 score the locals are confident that they will put up a good game against the collegians tomorrow. The game will begin at 3:30 o'clock.

While favorable progress is being made now on the improvement to the Concord library, it is probably that the building will not be opened again before Thursday, and possibly not before Friday. Most of the work has been completed, but the painting has not been finished, and the building must be thoroughly cleaned after all the work is completed.

The office of the Western Union Telegraph Company here has been moved to the Cannon building from the St. Cloud Hotel building. It is probable that the room formerly occupied by the company will be used as a sample room in the future, and the present sample rooms will be remodeled and rented for other purposes by the hotel company.

If you want to be examined during the tuberculous clinic which starts here May 8th, send in your name now to the county health department so an appointment can be arranged for you. As soon as applications for examination are received a schedule for each day of the clinic is prepared, and you are urged to notify the department if you want an appointment.

Local police officers Monday found the Chevrolet touring car of Mr. W. B. Sloop, which was stolen from the streets here Saturday night. The car was found in a small creek north of China Grove, and evidently had been abandoned after the engine became flooded when the car was driven in the creek. The car was in good shape when found, police officers state. There is no clue to the thief.

Seventeen defendants were tried in recorder's court Monday and they paid fines and costs totalling \$381.55. In two cases defendants were fined \$50 for carrying concealed weapons; one was sentenced to the chain gang but sentence was suspended upon payment of costs; and in addition to several minor cases several defendants were charged with having liquor in their possession.

Members of the county health department are making plans now to begin the annual drive against typhoid fever in this county. The department plans to give free serum again this year as has been done in the past, and the opening date of the campaign will be announced in the near future by Dr. Buchanan, head of the department. The department is also planning to give the diphtheria serum again this year.

A Deserved Recognition. E. E. Jeffess, president of the Greensboro Daily News Company, and also, of the chamber of commerce, has been voted by the Civitan Club to be the citizen who has rendered the highest community service to Greensboro. We are disposed to back the judgment of the Civitan club on this score, and hold with it that "Jeff" has been more active in good citizenship than most any other man who could be named.

Clover Leaf Cords Undergo Test at Government Hands.

Charlotte Observer. M. W. McConnell, president of the Paul Rubber Company, advises that the United States government requested the Paul Rubber Company to send one of their Cloverleaf cord tires to Washington to be tested for tensile strength which test was made and similar tests on practically every other make of tire. The executives of the Paul Rubber Company were very much elated over the news received from Washington a few days ago advising that the Cloverleaf cord stood at the top of the list for tensile strength.

"This confirms our claim," says Mr. McConnell, "that Cloverleaf cords, made in Salisbury, are the best tires on earth."

Mr. McConnell says that while the Cloverleaf cord has only been on the market one year, yet there are instances after instance where car owners have secured mileage in excess of their guarantee of 12,000 miles. Kirk's auto service in Salisbury have used a large number of Cloverleaf cords, and report that the first tire they bought has already given in excess of 20,000 miles of service, and is still in good condition, being used on a bus at the rate of about 1,000 miles a week.

Let me show you the greatest improvement in Inner Tubes since autos were invented. Air-gage in valve stem of every Tube shows at a glance through the Unbreakable Transparent Valve Cover amount of air in tires. Try these.
