E. E. Britton in News and Observer.

Washington, May 2.—If the Democratic women of the District of Columbia could name the next president of the United States, it would be William Gibbs MeAdoo, now of California, judging by the volume of applause that was given the mention of his name last night at the annual dinner of the Democratic Women's Club of the District. The subject of the night was "Democratic Presidential Possibilities," and there was a whole lot of Democratic Presidential timber presented by the various speakers, all of whom were women. There were some men in attendance, but all they were allowed to do was to listen and partake of the delights listed; on the menu of the dinner.

### SULPHUR IS BEST TO CLEAR UP UGLY. BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Couriney, 31 Raiiroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Couriney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping.

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine.

"I suffered with my back; a very weak teeling in my limbs.

"I felt hardly able to drag; just fixed."

In this case, however, there was none of the jeal-ousy so frequently manifested. The mother was beside herself with delight, and made every effort to provide the best instruction possible for her boy. She struggled, for they were more or less impecuations, to send him to the conservatory, and his progress there more than justified her efforts. They were bound together by the strongest tie in the world—a mutual interest. There was nothing that they loved more than to discuss the musical problems that came up, and of course they were able to help each other enormously. A mutual sympathy made life a happy thing for them both.
