Washington, May 11.—Protests against sending the shipping board vessel President Buchanan to Newport News for reconditioning was made to President Harding today by the Executive Council of the American Federation of Labor. The protest was based on the ground that the bid of the Newport News Shipbuilding & Drydock Company was \$400,000 higher than that of the Brooklyn Navy Yard.

An ounce of formation is worth a ton of reformation.

## ANNUAL JUNIOR-SENIOR RECEPTION FRIDAY EVENING

The Occasion Was One of the Most Enjoyable in the History of Concord High School.

The annual Junior-Senior Reception which was held Friday evening at the High School, was one of the most enjoyable events in the history of Concord High School. This occasion is of great interest and pleasure, and it is without a doubt the most charming social event of the school year for the Juniors and Seniors.

Invitations had previously been issued by the Juniors to all the members of the Senior Class, the parents of both classes, and special friends of the school.

The auditorium was beautifully decorated by the artistic hands of the Juniors. The color scheme of green and white and gold and white was carried out in the decorations.

As the guests arrived they were greeted by the receiving line composed of the superintendent, the principal and all the high school teachers and class officers.

The beautiful young ladies in their lovely gowns and the handsome young men made a beautiful picture among so much loveliness.

Charles Parks, president of the Junior Class, delivered the welcome address. This was responded to by Fred Goodman, president of the Senior Class.

Mr. Webb and Mrs. McLeod made very interesting talks when called upon by the Junior president, who presided during the evening.

The music was one of the most striking features. An orchestra furnished excellent music. This orchestra was composed of Concord's own talented musicians. The Juniors and Senior class songs were sung. The Seniors also sang a snappy little song to the Juniors who proved such royal hosts.

Several members of the Junior Class gave a mock trial. This caused much interest. The defendant, Robert Peck, was tried for murdering the King's English. Some of the witnesses brought down the house. Ed Walker occupied the judge's seat. The jury after some moments of deliberation found the poor man guilty and sentenced him to five years of hard labor to learn the English language.

The Seniors were requested to go downstairs and march up to the auditorium. Attractive favors were given the Senior girls and boys as they marched along. The favors were attractive caps, and a fortune was inclosed.

During the evening punch was served at two tables. Refreshments consisted of a delicious frozen fruit salad course.

This reception will never be forgotten by the Juniors, who did so much to make it so great a success, and it can never be forgotten by the Seniors, in whose honor it was given. Friday night's event shall go down in high school history as one of the most charming and elaborate receptions ever given by a Junior Class.

## MORRISON TO CONDUCT PRISON INVESTIGATION

Says He Is Ready to Assume Full Responsibility For Probe of Prisons in State.

Brock Barkley in Charlotte Observer, Raleigh, May 11.—Governor Morrison today withdrew his request for an investigation of state and county prison conditions by the state board of charities and public welfare and announced he would assume "full responsibility" for the inquiry himself.

He will personally supervise and direct a survey to be conducted in cooperation with the attorney general, the district solicitors and the grand juries.

"Circumstances are such that I really think your investigation and report would embarrass me rather than aid me in the course I have firmly fixed my mind upon," governor wrote the commissioner and members of the charities board in withdrawing his request for an inquiry by that agency.

That was the principal reason assigned for his suddenly announced decision, but underlying reasons are known to center about the continuously widening breach in the relations between the welfare and the prison authorities. The two departments have acted with as much tranquility as a convention of cats and dogs, and the welfare department has betrayed a tendency to cooperate with the prison authorities before the inauguration of the investigation so the prison officials have evidenced determination to thwart the plans of the welfare board as announced following its Greensboro meeting.

The judicial attitude that might be expected from a department about to inquire impartially into the affairs of another has been noticeably absent on the part of the welfare authorities, while the prison officials have manifested a willingness to let it step in with a free hand and at the same time carry out its announced plans.

The governor's decision to take charge of the investigation was announced following a lengthy conference with the council of state. Attorney General Manning was also conferred with and afterwards the governor made official request for his assistance in a letter which he gave out for publication.

Judge Manning announced his willingness to cooperate and assist in the inquiry, and the governor advised he will authorize special legal assistance if he finds it necessary.

We think more of you than we do of your money!

There's lots more money in selling fair clothes at good prices than in selling good clothes at fair prices.

A case in point; Instead of selling Satisfactory Suits at \$30.00 to \$40.00, we could skip down to New York or Baltimore for a few days and bring back suits that would net \$5.00 more profit for us—and about \$12.00 less in value for you.

The point is—we like you more than we like your money—and we think as much of our reputation as we want you to think of it.

Here now—a storeful of good clothes cheap—but not a stitch of cheap clothes good, bad or indifferent.

**FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR**

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowley's Mentho-Sulphur may be had at any good drug store.
