### SEES NO CHANCE FOR FORD.

Palmer Says McAdoo or Underwood is Favorable in Pennsylvania.

The "Ford for President" movement is making no headway in Pennsylvania, according to A. Mitchell Palmer, who was Attorney General in the last Wilson Administration. Sentiment among Pennsylvania Democrats, Mr. Palmer said at the Baltimore last night, largely favors William G. McAdoo, former U. S. Secretary of the Treasury, for the Presidential nomination. There is some sentiment, according to Mr. Palmer, for Senator Underwood of Alabama.

Mr. Palmer expressed the opinion that Gifford Pinchot, Republican Governor of the commonwealth, would find himself deep in trouble before long. "As a candidate for Governor Mr. Pinchot ran on an economy platform," he said, "instead of cutting down expenses, however, his Administration is adding some \$30,000,000 to the State budget."

### GIRL CONFESSES TO ROBBERY POSTOFFICE.

Tells Court at Asheville How She Copied Combination of the Safe. Asheville, May 19.—Frances McCurdy, 16-year-old daughter of Mr. and Mrs. McCurdy of Murphy, N. C., pleaded guilty in United States District Court yesterday to robbing the Murphy postoffice.

She told the court how she dressed in overalls, slipped into the room of Osborne Cope, postal clerk, and removed the keys to the office from his tified while he was asleep. She testified that she had copied the combination to the safe several days previously and the securing of eight registered letters containing \$15 and \$150.51 in cash was therefore easy.

Ormand to Go to Reading. Durham, May 21.—Red Ormand, of Kings Mountain, N. C., big stick artist and captain of the championship team of Trinity College, has signed a contract with Reading of the International League and will report between June 18 and 20, it was learned here today. The Trinity captain got \$1,250 for placing his name on the dotted line, it is said.

The Reading manager and scouts fell in love with Ormand's style of ball when the Trinity club met Reading here. Negotiations for his services began at once, but the contract was not signed until recently. Other members of the Trinity team who received offers from Reading have not signed.

Cabarrus Defeats Spencer. Kannapolis, May 19.—The Cabarrus Y. M. C. A. team defeated the Spencer team here this afternoon in a well played game 21 to 1. The locals outclassed the visitors in every department but the game was a better one than the score indicates, due to the flashy fielding and heavy and timely hitting of the locals.

Fink, Flowe, Lee and Robinson led the hitting for the locals, Fink getting two triples, a double and a single out of five trips to the plate.

Batteries: Spencer, Harrison and Cornelius. Kannapolis, McGinnis and Meehan.

### Turn For the Worse in Kitchin's Condition.

Wilson, May 19.—The condition of Claude Kitchin, minority leader of the lower House of Congress who has been in a local hospital for several weeks, was reported as unchanged tonight by his physicians. Mr. Kitchin took a sudden turn for the worse a day or so ago, according to word from his bedside, and tonight it was announced that he was "far from being well."

Be more than a dad, be a chum to the lad.

### Baraca-Philathea Union Meets in Kinston in June.

Asheville, May 20.—The North Carolina Baraca-Philathea convention will be held in Kinston June 14-17 with a pageant, "Spirit of Christ," directed by Mrs. Walter Denmark, of Goldsboro, and over 50 characters, and the Sunday parade being the two outstanding events. The Baracas and Philatheas of the state will be welcomed to Kinston by Mayor G. V. Cowper and Dr. W. B. Spillman, also of Kinston, will deliver the principal address.

### 90 Per Cent of Our School Houses Are Just as Dangerous!

Boston, May 19.—Repetitions of the Cleveland, S. C., school fire in which 75 children and parents were burned to death, are possible in many schools of the country and Canada. Franklin H. Wentworth, secretary of the National Fire Protection Association, said today.

"One of more of the dangerous conditions responsible for the South Carolina tragedy exist in 90 per cent of our school buildings, he asserted. "Sport Not Worth the Candle." "It's a poor sport that is not worth the candle" is from George Herbert's "Jacula Prudentum," a collection of proverbs dated 1651, which had appeared in a shorter form as "Outlandish Proverbs" in 1640.

### ORDINANCE.

Be it ordained by the Board of Aldermen: Section 1. That it shall be unlawful for any person, firm or corporation to erect, conduct or operate a tent show within 200 feet of any church in the corporate limits of the City of Concord.

Section 2. That any person, firm or corporation violating the provisions of the foregoing section shall be deemed guilty of a misdemeanor and upon conviction shall be fined \$50 or imprisoned 30 days. Section 3. That this ordinance shall take effect upon publication. GEO. H. RICHMOND, Clerk. Concord, N. C., May 18, 1923. 18-3t.

### STILL FOUND IN BASEMENT OF ASHEVILLE PREACHER'S HOME

Thought to Be a Joke on Dr. Bateman—Certainly He is Innocent. Asheville Citizen.

In the discovery of a miniature distilling outfit in the basement of the residence formerly occupied by Rev. Dr. R. J. Bateman, pastor of the First Baptist Church, the sheriff came upon a baffling situation, which could not be solved Thursday.

The house is located on Spruce Street at the intersection of Walnut and yesterday morning workmen began to make changes in the place in order that it may be used as the future funeral home of Hare and Reynolds, local undertakers. One of the men came upon the apparatus, small, crude and displaying the unquestionable ingenuity of a novice. First the "worm" on condenser was fashioned out of a copper gasoline pipe of a small automobile and was twisted in the shape of a corkscrew. Next use was made of a metal stand and a container, which apparently had been secured from a chemical laboratory. An alcohol lamp was found, along with a mixture in a quart bottle that had not yet soured.

Rev. Dr. Bateman is now in Kansas City, attending the Southern Baptist Convention. He left the city Sunday evening and Wednesday his family moved to a local apartment house. "I am sure that Rev. Dr. Bateman is an innocent party in this affair," said Sheriff Lyerly Thursday morning. "A friend of mine called me over the phone and told me to send two deputies to the house and that a still was located in the basement. We have tried hard to ferret out the problem, but as yet we cannot find out who is responsible for the presence of the outfit."

The sheriff stated that the apparatus was so small that it would have been impossible to make liquor with it. The most plausible explanation of the presence of the unique outfit, the sheriff believes is a theory that probably some young people had made the outfit in play.

The apparatus was carried to the sheriff's office because of the interest attached to such a miniature still and was not seized as an illicit distillery. It is believed to be the smallest still ever captured in the county. Determining the ownership would only serve to settle curiosity as the construction of a miniature still for a purpose of distilling spirits would be no violation of law, it was said.

### WANTS COLLEGE BOYS OF STATE AS LABORERS

Due to the Fact That So Many Negroes Are Leaving the State. (By the Associated Press.)

Raleigh, N. C., May 20.—Because of the shortage of labor, said to have been caused by large numbers of negroes leaving the state for the north and east, C. H. Clifford, a road contractor, who is constructing a highway in Warren county, states that he is considering trying to induce college boys to accept jobs as laborers during the summer months.

Mr. Clifford was in Raleigh last week to see if he could contract for prison labor, but found that prison officials had as many men as they could spare at this time working on the highways. He said he had recently visited South Carolina to secure laborers, but when he learned it was unlawful for an outsider, without a license, to solicit labor in that state, he did not try to get any men there. Mr. Clifford said he employs a force of about forty men, but has been unable for several weeks to keep a full crew on account of negroes leaving the state. When he left Warren county, he said, only about a dozen men were at work.

About 75 per cent of the population of Warren county are negroes, according to Mr. Clifford.

### Lee in the Hall of Fame.

Charlottesville, Va. (Observer). A bust of Gen. Robert E. Lee is to be given place in the Hall of Fame of the New York University, Tuesday, in connection with unveiling busts of other notable Americans, including General Grant, Abraham Lincoln and Frances E. Willard. The Lee ceremonies are to be in charge of the New York Southern Society. The bust is the gift of the New York division, United Daughters of the Confederacy, and Dr. George Hollis Lee, a grandson of the great Southern chieftain, will unveil it. Mrs. R. W. Jones, former president of the New York division, will make the presentation and the address will be made by Hon. Martin W. Littleton, president of the New York Southern Society. An invitation has been extended to the entire membership of the New York Southern Society and it is expected that the organization will be largely represented.

### "If You Squeal, I'll Kill You," He Said; She Did; He Did.

Ludington, Mich., May 20.—"If you squeal on me to the court, see if I don't kill you," Adolph Musil, Summit township farmer, is alleged to have often said to his wife, Frances. She "squealed" Friday, bringing about conviction on a charge of non-support and also started divorce proceedings. Within 24 hours her body lay on a hilltop near her home, whence she fled, and died after her husband had slashed her throat with a razor. Musil cut his own throat with a pocket knife but has a chance to recover.

When the collection of paintings and other art gems that adorned the St. Paul home of the late James J. Hill came to be divided among the heirs, following the death of the widow of "the Empire Builder," lots were drawn to determine who should have the first choice. One of the sons, Walter J. Hill, proved the lucky one, and from the collection of masterpieces of almost fabulous value he promptly chose the portrait of his mother.

The Muse of Dancing. The Muse Terpsichore was the inventress and patroness of the art of dancing as accessory to the singing or recitation of lyrical poetry. She is generally represented with the lyre and plectrum, crowned with flowers and in a graceful attitude.

### Solicitor Long to Probe Iredell County Conditions.

Statesville, May 20.—When asked for his ideas in regard to the investigation which Governor Morrison has ordered of the jails and prison camps of the state, V. Long, solicitor of the 15th judicial district, said that he welcomed the opportunity thus to cooperate with the state authorities in this investigation and that he had already been giving special attention to the matter at his courts, and is now working out plans for a complete and thorough investigation.

He stated that he intended to make investigation at next week's term of Iredell Superior court of the conditions in Iredell. He had heard no complaints whatever from Iredell county.

Solicitor Long thinks from his observations and experience that possibly the most needed reform is to improve the food system. He declares that all prisoners and convicts should be well fed and all necessary comforts given to promote their health and welfare, and of course, no cruelties are to be tolerated.

Curious Pottery. The use of dried fruits of trees, such as the gourd and the coconut, for holding water and liquid substances is familiar, but it is not so generally known that cups, saucers and jars to take the place of ordinary earthenware are made in the Orient of a glutinous and plastic material entirely of vegetable origin, which is easily moulded and dried.
