

Mrs. Caldwell and Miss Hopkins Won Two Autos

Given by Merchants' Association in Connection With Trade Week.—Only Two Numbers Drawn. THOUSANDS MEET TO SEE DRAWING Full Five Thousand Persons Crowded On and Near the School Ground.—Trade Week Was Great Success.

Miss Minnie Hopkins and Mrs. W. A. Caldwell won the two autos given by the Merchants Association as prizes for Trade Week. Miss Hopkins got the Chevrolet touring car, the first prize; Mrs. Caldwell the Ford touring car, the second prize.

The prize winners were determined Saturday night at 7 o'clock when the drawing for the prizes was held at Central School. The first number drawn corresponded to a number Miss Hopkins held and it was only a question of a few minutes until the first prize was announced.

Fully five thousand persons were present to witness the drawing, the crowd being one of the largest if not the largest ever assembled in this county.

The entire school lawn was covered with moving, pressing, anxious humanity, and it would have been impossible for some of those in the crowd to have heard the decision of the judges, they were standing so far from the actual scene of the drawing.

Traffic on part of Spring street, the whole of Grove street, part of Depot street, part of Franklin avenue and part of Union street was practically at a standstill just before, during and immediately after the drawing.

There was no system to the parking. Everyone stopped at the first available open space, and cars were headed in every direction. When the crowd started to move off there was general confusion.

Practically every family in Concord was represented at the drawing, and in addition hundreds of families living outside of the city were also represented.
