Train No. 135—9:00 p. m.
Train No. 29—11:00 p. m.

WEATHER FORECAST.

Fair tonight and Saturday; cooler to night and on the coast Saturday.

LOCAL MENTION

Marriage license was issued Thursday to John B. Fisher and Miss Alice R. Moore, both of Kannapolis, by Register of Deeds Elliott.

Eight new cases of measles were reported to the county health department Thursday, according to a department report.

The directors of the Made-in-Carolinas Association have designated September 24 to October 6 as the dates for the third annual Made-in-Carolinas Exposition to be held at Charlotte, it was announced Thursday.

Six defendants were docketed for trial in recorder's court this morning. Two of them were charged with speeding, two others were charged with intoxication, one was charged with assault with a deadly weapon and the other with having liquor in his possession.

Mr. R. K. Black was called to Hickory Thursday afternoon by the death of his sister, Mrs. Little, who died at her home there during the afternoon. It is understood here that the funeral of Mrs. Little will be held in Hickory this afternoon.

Mr. W. A. Stone, now of Hiddenite, but until recently of this city, underwent a serious operation in a Statesville hospital Thursday. Mr. Stone's condition had been critical, and some fear was entertained for his recovery. The operation was successful, according to a message received here by friends.

The Richmond Lodge of Elks will have charge of the funeral of Mr. D. M. Harris, formerly of this city, who died Wednesday in a Washington hospital of pneumonia. The services will be held this afternoon at the home of Mrs. Harris, and interment will be made in a Richmond cemetery.

The condition of Mrs. L. V. Elliott, who underwent a serious operation in the Concord Hospital Thursday, is improved today, according to reports from her family. The operation was performed at 10 o'clock Thursday morning, and Mrs. Elliott today was reported as resting as comfortably as could be expected.

The baseball game to be played here tomorrow between the Gibson Mill and Rockwell teams, will begin at 3:45 o'clock and will be played at the Gibson Mill Park. The manager of the local team has secured a strong lineup for the game, and as Rockwell has a good team, the game should be one of the best of the year here.

Most of the excavation work for the new home of the Cabarrus Savings Bank has been completed, and carpenters and brick masons are preparing now to start the foundation of the building. A temporary structure to house some of the material of the building and the tools and equipment of the workmen is being erected now on the street and sidewalk adjoining the bank's property.

The part of Church street that was recently built when the street was widened, is being completed today. The asphalt coating is being laid on the street, and the new part of the street probably will be ready for traffic either this afternoon or tomorrow. The street has been made much wider and is now one of the prettiest as well as one of the widest streets in the city.

Local police officers again today called attention to the fact that sidewalks in the business must either be sprinkled or treated with some dust-down preparation before being swept. "This applies to Saturday nights as well as each morning," the police officers stated. "The sidewalks are always being used when swept, and persons should not have to walk through the dust and dirt created by the sweeping."

The insect brought to this city several days ago and exhibited in this office is a real boll weevil in the opinion of R. D. Goodman, county farm agent. "I have seen many insects that were called boll weevils, but this is the first genuine weevil I have seen this year," Mr. Goodman stated. "I sent it to Raleigh Thursday, as the State Department of Agriculture is anxious to get as many of them as possible. I think the weevil is the second sent in this year." The weevil was found on the farm of Mr. L. A. Pharr, and was captured while on a stalk of young cotton.

Two Small Forest Fires in Cabarrus County in 1922.

The report on forest fires in North Carolina for the year 1922, in most counties based chiefly on information from voluntary correspondents, has recently been made public by the Geological and Economic Survey. The nature of the replies sent in precludes the possibility of any great accuracy, but the results are at least conservative. They show a total for the State of 1,227 fires which burned 190,737 acres and caused a damage of \$642,442.80.

Reports from Cabarrus county show that in 1922 this county had two forest fires which burned over five acres and caused an estimated damage of \$25.00. Usually only the larger fires are noticed, and it is more than likely that the numerous small fires in the county did as much damage as the fires mentioned in this report.

The two fires reported were both in No. 10 township and were caused by careless brush burning. Five of the townships in the county sent in no reports so that it is quite probable that the fire loss was much greater than here indicated.

LATEST GERMAN OFFER IS UNACCEPTABLE TO FRENCH

It Makes No Advance Over the Previous Offer the French Declare.

Paris, June 7.—The German reparations offer, elaborated in the note delivered to the entente allies today, remains entirely unacceptable to France, it was declared in government circles tonight.

It makes no appreciable advance over the previous offers and France cannot even discuss it with Germany, for as was decided at Brussels yesterday, the passive resistance in the Ruhr must be abandoned before any negotiations can begin.

The note was characterized as unsatisfactory for four main reasons:

First, because it makes no mention of abandoning the passive resistance, which is the first of the Franco-Belgian conditions.

Second, Germany offers no definite sum as the total reparations.

Third, in suggesting an impartial international commission to fix the reparations total, Germany ignores and seeks to violate the Versailles treaty, which created the reparations commission for exactly that purpose. The French see no reason why the reparations commission should be supplanted.

Fourth, the suggestions for guarantees might be open to discussion if Germany proposed their administration by the allies, but if the Germans administer the guarantees the French would expect no satisfactory result.

The French are still unconvinced, they say, when Germany pleads inability to pay. They have seen her living sumptuously and they know she can meet her obligations.

There are now approximately 1000 woman school directors in Pennsylvania as compared with 80 in 1921.
