MODERN STORE BUILDING TO BE ERECTED HERE SOON

W. M. Linker Has Plans Ready For the Structure.—Will Cost About \$50,000.

A building permit has been issued to Mr. W. M. Linker for the erection of a three-story store building on his lot at the intersection of Church and Depot streets. The permit was issued Monday and ground is being broken now for the building.

Mr. Linker declared he plans to rush the work on the building, which will be modern in every respect. It faces 76 feet on Depot street and 140 feet on Church street, and will be constructed entirely of brick.

"I plan to erect a modern store building," Mr. Linker stated. "It will have all modern equipment and conveniences, including an electric elevator. I do not know at present what business concern will occupy the building, which will be completed with all practical speed."

Three large plate glass windows will face on Depot street, and the entire front will be constructed of pressed brick. The building will be so arranged that one company can use all of the space including the three stories, or the building can be divided into large sections.

Mr. Linker expects the building to represent an expenditure of about \$50,000 when completed.

In addition to this larger structure, Mr. Linker plans now to construct a smaller building in the rear, facing on Church street. The height of this building has not been determined, but it will be about 40x50 feet, and will be constructed for store purposes. Work on this building will probably start before very long.

Kannapolis, June 11.—The fast Ranlo team defeated the Cabarrus "Y" boys here this afternoon in a hard fought contest 11 to 9. The locals out-hit the visitors, but their failure to hit in the pinch and poor base running cost them the game. Van Pelt for the visitors hit a homer in the first inning with three runners on base, the hit being off Moore. Score:

GIVE POLICEMEN ONE DAY OFF EACH WEEK

Writer Asks For Square Deal For Concord Police Force.—Give Them One Day a Week.

While the new city government is making various changes, increasing salaries and making other plans for the next two years, would it not be fair and just to give the consideration to the work and welfare of the men who compose the police department—the patrolmen who keep watch over the welfare of the city day and night?

At present the members of the force are required to work twelve hours a day, seven days a week with only five days a year vacation. Is it right to require these men to stay on duty every day? A twelve hour day is two hours more than the average working man is required to work but it is not fair to require them to work every day in the year.

Most members of the force are church members. Naturally, being on duty every day does not permit them to attend church and it probably is impracticable for them to be given leaves on Sunday. But, in fairness to the men who serve the public, the aldermen should give every policeman one day a week.

They deserve one day a week. Let the board treat them fairly.

SQUARE DEAL. Fire Alarm From Sky.

New York, June 10.—An aviator flying over The Bronx discovered a tenement building aflame today, and, circling low over it, sounded a loud siren, which attracted not only neighbors to rescue the imperilled residents, but the fire department, which extinguished the blaze. When he saw the flames reach the flaming roof, the aviator departed. The loss was about \$100,000.

Most of the 16 families were away when the fire started in a still on the top floor. A partly blind woman, 65 years old, who was asleep with a girl relative on the top floor, was carried to safety by John Cunningham, a third-floor resident.

Electric searchlights playing over the surface of the waters in the Norwegian canneries lure the sardines to the surface where they can be caught. The sardine canneries along the coast of Norway were recently threatened with a lack of fish owing to the fact that the sardines remained so deep as to render fishing impossible. The lights remedied this situation.

Florida Has Drastic Law on Prohibition.

Tallahassee, Fla., June 11.—The most drastic law on prohibition that Florida has ever had will become effective July 1st, when a measure passed by the recent legislature and signed by the governor becomes effective.

Violations of the prohibition law after that date will be met with compulsory jail sentences, comparatively light for the first offense, but severe for the second.

The measure as passed and now awaiting the effective date to become a law provides that the first offense of liquor law violation shall be punishable by a fine of not less than \$25 or not more than \$500 and by imprisonment of not less than 30 days and not more than six months.

Second offenses will be punishable by fines of not less than \$1,000 nor more than \$5,000 and imprisonment in the state penitentiary of not more than three years.

PAW PAW CALLED THE PERFECT DIGESTER

Scientist Explains Its Tonic Effect Upon the System, Saying It Makes Dyspepsia Impossible.

In condensed form, the following is what Professor Willard H. Morse, M. D., F. R. S. C., a Fellow of the London Society of Science, wrote to Robert Halford, an eminent therapist:

"Munyon's Paw Paw is scientific in that it properly presents to the materia medica—to the medical profession and to the sick and suffering the active principle of the fruit of the carica-papaya (Paw Paw) in its most eligible form.

"It accomplishes digestion surely and perfectly. It makes the most of the food. Makes the best of the food. Assures perfect assimilation. It perfects the several fluids that have to do with digestion and makes dyspepsia impossible.

"Munyon's Paw Paw dispossesses from the blood all faulty acids or poisons, because the blood made from the food treated by Paw Paw is a true vital fluid, which refuses to contain the acids, germs or poisonous taints, and as most diseases arise from impure blood, it makes all of them impossible.

"If you are nervous, if you are weak, if you have indigestion in any form, if you have stomach trouble, if you cannot sleep, try Munyon's Paw Paw Tonic. It has stopped those conditions for thousands and may for you. It costs \$1 per bottle and is for sale at all first-class drug stores. Munyon's Homeopathic Home Remedy Co., Scranton, Pa.

CHANGE OF LIFE

Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well.

Altha, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said:

"I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up.

"I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling.

"I would get depressed and out of heart.

"I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse.

"I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results.

"I took one bottle (of Cardui), then I saw I wasn't so nervous, so I kept it up.

"Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

DODGE REPORT IN CHRISTIAN SCIENCE LITIGATION FILED

Judge, Sitting as Master, Approves and Confirms Position of J. V. Dittmore.

Boston, Mass.—After over four years of litigation in the Christian Science Church, ex-Federal Judge Dodge of Boston, sitting as Master under appointment of the Supreme Judicial Court of Massachusetts, has filed his final report on the evidence. The plaintiff, John V. Dittmore, the senior Director of the Church, whose services antedates the decease of Mrs. Mary Baker Eddy, and who his associates sought to remove from office, seems to have been completely justified in his contentions that undesirable and unwholesome conditions have existed in the administration of the church government.

Judge Dodge finds from the evidence, which includes testimony by the majority Directors themselves, that Mr. Dittmore's dismissal was for the purpose of doing away with opposition to the wishes of the majority and also because Mr. Dittmore had sought to establish a standard of propriety and conduct higher than desired by his associates. It is also found that a principal reason for the hostility to Mr. Dittmore was because of his rebuke to his associates on numerous occasions when offensive language was used and offensive jests made at meetings of the governing body of the church. Judge Dodge holds that Mr. Dittmore is still legally a Director and that the effort to remove him and appoint a successor more sympathetic with the policy of the board is legally null and void.

In regard to the illegality of Mr. Dittmore's dismissal, Judge Dodge says that no Director could fairly be supposed to have accepted his position upon the understanding that he was subject to instant, arbitrary dismissal whenever a majority of his associates might find it expedient. The Master finds that the vote attempting to dismiss Mr. Dittmore "was only the formal adoption of a conclusion previously agreed on outside the meeting" and that it was for his associates, then accusing him and at the same time proposing to also act as his judges, to afford him "such opportunity to be heard in his own defense upon the charges made as would satisfy the requirements of natural justice." He also finds that the complaints against Mr. Dittmore were not founded upon first hand knowledge and "were inadequate ground for any but a purely arbitrary dismissal." The Judge also finds that there was never any question as to Mr. Dittmore's sincerity in maintaining his position and that nothing said or done by him in maintaining his opinions could have constituted adequate ground for dismissing him, "unless the majority's power to dismiss could lawfully have been used by it for the sole purpose of stifling any opposition in the Board to their wishes.

The Master declares that Directors Dickey, Neal, Merritt and Rathvon were animated by personal hostility toward Mr. Dittmore and that they had long planned among themselves to get rid of him. One of the occasions when bad feeling was engendered was when Dittmore refused to join Dickey, Neal, and Merritt in attending a play in New York which Dittmore considered objectionable and which was the leading player, a person of notorious reputation. On this occasion Director Merritt testified that he urged Dittmore to accompany them and said: "Come on with us. You are not so much better than the rest of us."

Judge Dodge also finds from the evidence that "There were occasions in 1917, 1918 and 1919 upon which, at meetings of the Directors, the plaintiff (Dittmore) expressed disapproval of utterances by Dickey of a kind tolerable only when men only, and men not disposed to be scrupulous in such matters, are the hearers—thereby arousing resentment on Dickey's part, and sometimes on the part of Merritt and Rathvon." The testimony regarding eight or nine such instances was taken by Judge Dodge in private. In regard to all of these occurrences Judge Dodge finds from the testimony of Mr. Dittmore and others, including the cross-examination of the defendant, Directors Dickey, Neal, Merritt and Rathvon themselves, that Mr. Dittmore's account of them was substantially true and that his "repeated insistence upon a standard of propriety in language or conduct stricter than that accepted by his associates materially augmented their hostility and dislike."

Judge Dodge concludes that Dittmore's co-Directors were "incapable on March 17, 1919, of impartial judicial consideration of accusations against him, especially of accusations framed by themselves, had they even undertaken any such consideration."

At the present time Christian Scientists throughout the world are deeply interested in the facts brought out by the Dodge report which Mr. Dittmore and others are distributing in large quantities among the membership.

The progressive element in the Church seems to be gaining much strength. It urges a more consistent and practical interpretation of the teachings of Mrs. Eddy by those in authority and a more liberal administration of the church government.

Next to a change in the official personnel in Boston, under a definite rule of rotation in office, the greatest need of the Church seems to be for the encouragement of greater local church self-government and democracy according to the spirit as well as the letter of the Church Manual, and a minimizing rather than an encouragement of the greater centralization of authority in the self-perpetuating Board of Directors and their appointees in Boston.
