Mecklenburg Woman's 99th Birthday Given Celebration.
Charlotte, June 28.—Mrs. Sallie Yandell, widow of M. M. Yandell, and native of Mecklenburg, today celebrated her 99th birthday. She is in perfect health, her brain alert and she has never been sick in her life. Her husband lived to be 84. Her birthday was celebrated at her home with a great dinner to which several hundred were present.

With an average output of more than 550,000,000 tons a year, the United States is by far the largest producer of coal in the world.

The man who is poor, who has lost all, but still retains his self-respect, is still rich; for such a man the world is held in trust: his spirit dominating over its grosser cares, he can still walk erect.

TO DARKEN HAIR - APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
