The U. S. Navy Must Be Kept Ready for Defense in a World Full of Menace

By SECRETARY DENBY, to Naval War College.

The United States navy must be kept ready for defense in a world full of menace. At no time in the nation's history has there been greater need for close study of naval science and earnest devotion to duty. It is a day when naval strength is vitally necessary and a full grasp by naval officers of world possibilities highly important. We think in terms of hope for continued peace; we strive through diplomacy, backed by power to keep that desired peace, but we must not be blind to facts.

We know now beyond peradventure that war between great powers or groups of powers will always involve many other nations and we cannot say with certainty that such a war may not come at any time. There need be no demand for excessive armament.

There will be none for a great increase of our present establishment made by the Navy department at the coming session of congress. We shall ask for additional cruisers, allowed under the treaty for the limitation of armament. We shall ask for additional light-draft gunboats, the vital need of which is being demonstrated every day; and we shall ask for certain submarines and airplanes.

"What's in a Name?"
By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky jewel

FAITH

FROM a Biblical source comes the charming Faith, which sprang into popular usage during the vogue of Puritanical names. The prevalence of appellatives which denote abstract virtues marked the beginning of Puritanism in England and many such names came under the ban from other classes because of the widespread dislike of the "Round Heads."

But the simple beauty of Faith, as well as the divine virtue for which the name was symbol, kept her popularity undimmed. For was she not one of the trio whom St. Paul commends to the Corinthians, saying: "And now abideth faith, hope, charity, these three; but the greatest of these is charity."

The Puritans brought Faith to New England when they migrated from their native land and the name has been universally popular there, at the same time spreading to other sections of the country. It is one of the few feminine appellatives which cannot be contradicted.

The pearl is Faith's talismanic gem. It is a fitting symbol of purity, for its wearer who will possess enviable charm and affability and have many friends. Wednesday is her lucky day and 5 her lucky number.

Well Answered.

Sau, the new butcher boy, was smart and energetic in every detail and was giving his master great satisfaction.

One day he stood by the butcher's block intently watching his master cutting up a bullock's head. After a while the butcher cut out the tongue, and turning to the lad, he remarked:

"There, my boy. That's a tongue that never told a lie."

"Ay, sir," answered the boy.

"Can you beat it?" asked the butcher.

"Ay, sir," said the boy again.

"In what way, sonny?" asked the other.

"Well, sir," said the boy, pointing to his own mouth, "this tongue has often told the truth. The bullock's never has."

Sure Cure.

"Yuh know, my wife gets my goat. She must think I'm nobody or something. She wants to boss everything, me included, on every little thing. I just naturally can't—"

"Stop worrying, old man. She's only a woman—yuh gotta pity 'er. Just let 'er have her own way and ignore the fact that she's got it, and she'll quit soon's she finds out she's not makin' yuh lose sleep. Meantime, what'll yuh have an' how many cards d'yuh want?"

COUNTY-WIDE DRIVE AGAINST TYPHOID NOW UNDERWAY

All the Leading Community Centers in the County Will Be Visited by Health Officer During the Drive.

Following his usual custom of carrying the campaign against typhoid fever and diphtheria to every section of the county, Dr. S. E. Buchanan, the county health officer, this week began his county-wide drive to give the typhoid and diphtheria serum to every man, woman and child in the county.

The diphtheria serum is for children between the ages of six months and six years. The typhoid serum is for everyone. Persons who have never taken the serum should by all means take it. Those who have not had it during the past three years need it, and others who think they need it, or who want it, can get it.

A \$65,000 Gift to the Boys.

The moving picture organization of North Carolina is to build a 1,000-seater auditorium at the Jackson Training School, near Concord. It is to be a structure in the nature of a general utility character, one of its attractions being a swimming pool, and there will be arrangement for two of the modern type motion picture machines. This is a benefaction of the practical kind, and the \$65,000 which the motion picture fraternity is to invest in this gift to a great cause, will give multiplied returns for many years to come. Friendship for the boys could have found no finer manifestation than in the idea applied by the moving picture people. The Jackson Training School, by reason of the happy impression it is making upon the minds of individuals and organizations, is developing into an institution that is a little bit beyond the dreams of its original promoters.

Portugal contains only two cities, Lisbon and Oporto, with populations in excess of 50,000.

Studebaker Light-Six Touring Car \$975

We Want to Talk to Every Prospect Who Plans to Pay More Than \$500 for a Car

We want to tell you something about the Studebaker Light-Six Touring Car. Want you to examine it—and to drive it.

Stop in and let us prove what a vast difference there is between the Light-Six and other cars at about the same price—or between the Light-Six and cars of other makes costing several hundred dollars more.

To be able to buy a Six, practically free from vibration, for less than \$1,000 is an opportunity not duplicated anywhere in the world. Elimination of vibration adds immeasurably to the life of the motor. It is one of the reasons for the universal high resale value of the Light-Six.

The Touring Car body is all-steel—even to its framework. Seat cushions—of genuine leather—are ten inches deep and are placed at the most restful angle.

The one-piece windshield is handsome and practical because it gives unobstructed view of the road ahead and is rain-proof. The quick-action cowl ventilator and the parking lights are but indications of the quality and completeness of the appointments.

No other make of car ever built, by anyone, at any price, represents so great a dollar-for-dollar value as the Light-Six Touring Car. The savings resulting from large volume, complete manufacture and the fact that Studebaker's overhead is shared by three distinct models make possible its low price and high value.

The Light-Six upholds Studebaker's 71-year reputation for honest value.
