Mr. Joyner Entertains.
Mr. Edward Joyner, formerly a member of the clerical staff at Efrid's, entertained the management and sales force of Efrid's, and a few other friends at a watermelon feast Thursday afternoon at his home at White Hall.

The guests gathered at the home of Mr. Joyner about 4 o'clock and remained until about 7 o'clock. Watermelons in abundance were served. Mr. Joyner also serving punch to his guests. Those present included:

Mr. and Mrs. A. E. Harris, Miss Vancie Barnhardt, Mr. and Mrs. E. G. Cook, Miss Annie Brice Baird, Mr. Flynn Johnston, Mrs. Bessie Long Hartwell, Mrs. Joe Glass, Miss Jamie Lee, Miss Louise Medlin, Mrs. Joel Honeycutt, Miss Ethel Honeycutt, Mrs. W. L. Little, Miss Wilby Craver, Mr. and Mrs. G. W. Watts and daughter and Miss Margaret Cress.

The affair proved one of unusual interest for those present.

SIX EXPERTS TO COACH THE UNIVERSITY TEAMS

Two Fetzer's, Norman Shepherd, "Red" Johnston, Grady Pritchard and A. A. Shapiro are the staff.

Chapel Hill, August 2.—A coaching staff of six experts in football, basketball, track, wrestling and general athletics is part of the University of North Carolina's plans for unusual extension in physical training and education for the 1923-1924 collegiate year. These coaches are R. A. Fetzer, general director of physical education for the University and coach in football and track; W. M. Fetzer, head of football and baseball coach; Norman Shepherd, assistant in all varsity and freshman athletics; W. I. Johnston, freshman football, basketball and baseball coach; Grady Pritchard, freshman football coach, and A. A. Shapiro, freshman and varsity wrestling coach.

The first five are North Carolinians, trained in Carolina's athletics and Carolina system of play, and will do much to carry out the program for sticking to one system of play—the Carolina system.

Coaches Bill and Bob Fetzer—as they are popularly known here and out in the State—received their athletic training at Davidson College about 18 years ago and have been engaged in coaching athletic teams most of the time since. They built reputations of winning teams and since coming here two years ago have put out four southern championship teams. They are under a five-year contract with the University.

Red Johnston and Grady Pritchard are essentially Fetzer products. Johnston played his four years of sensational football under Bill Fetzer and two under coach Bob, one year at Davidson, one at North Carolina State and two here. Pritchard played his last year and best years under the two. Norman Shepherd played freshman football and basketball here in 1919-1920 and varsity football, basketball and baseball at Davidson part of that year and the next. He then pitched baseball for Little Rock in the Southern League and has been assisting in varsity and freshman athletics here for the past two years. He had complete charge of the first year basketball and baseball teams this year and assisted in football. He has spent two summers at Notre Dame school for coaches and when he graduated this spring the University thought too much of his services to let him go.

A. A. Shapiro is coaching wrestling, a new sport for Carolina, and he turned out a good team last winter. He is essentially a college coach, receiving most of his experience at Harvard University.

New Observation Cars on Trains Nos. 37 and 38.

Pullman observation cars of the newest design, embodying many improved features, have just been placed in service on trains Nos. 37 and 38, the "New York and New Orleans Limited."

The new cars, which are of steel construction, 70 feet in length, are finished in the interior in beautiful Italian walnut. The cars have ten sections equipped with the new headboards, which extend almost entirely across the top of the seats, giving added privacy for occupants of the berths during daylight hours. The smoking and dressing rooms are much larger than the smoking and dressing rooms of the old observation cars; the observation platform is longer, permitting more room for passengers to view the scenery; the reading room on the observation end is elegantly furnished with upholstered chairs of new design; and the electric lighting and ventilation features of the cars have been improved to insure greater comfort.

POSTMASTER MILLER APPEARS ON "HONOR ROLL"

As a Distinction for Excellency in Sales of Treasury Savings Certificates.

The name of Postmaster Jno. L. Miller will appear on the "Honor Roll" of postmasters of the Fifth Federal Reserve District to be sent to Washington, D. C., as a mark of distinction and merit for excellency in sales of Treasury Savings Certificates during the present year.

The quota of \$15,000, assigned the Concord office for twelve months, was reached and passed by this post office before July 1st, thus assuring a place of distinction among similar class offices of this state and district.

This post office reported sales of these savings certificates to the amount of \$17,375 for the first half of the calendar year. When it is recalled that the limit of purchase for any one person during a single calendar year is \$5,000, the record made by the postmaster and associates is highly commendable.

Commenting on the attainment of this post office, the postmaster said: "Our co-operation with the program of the government savings system, which has for its purpose the encouragement of thrift and the protection of the savings of the individual of limited means, has been successful. The movement is not at all an effort to compete with banks or other legitimate financial institutions, but solely to encourage savings on the part of a greater number of people and to protect them from unsound investment schemes by offering a government security, in convenient denominations of \$25, \$100, and \$1,000, which guarantees safety of principal, yields a good rate of interest, is not subject to market fluctuations, and is readily convertible into cash at values increasing every month. The fact that the new 'baby bonds' have important tax exemption features, are insured, without cost, thus protecting the owner against loss or theft, makes them most attractive to many people. While our post office has already sold its quota for the year, I see no reason why we should not double our receipts before the close of 1923."

FATHER IN WILL BANS CIGARETTES AND BOOZE

Sons, If They Obey, Each to Get \$100 and Watch When of Age.

New York, Aug. 2.—Cigarettes and intoxicants were forbidden his two sons until they reach the age of 21 by Lieutenant Peter P. Nealand, who died aboard the U. S. S. Mohican on July 22, his will, filed in Brooklyn today, revealed. If the sons obey they will receive each a watch and \$100 on attaining their majorities.

Lieutenant Nealand left an estate of \$15,000 to his wife and three children.

ROCK CRUSHES AUTO, BUT DRIVER ESCAPES UNHURT

Huge Boulders Dislodged by Derailed Train in Cleveland.

Cleveland, Aug. 2.—Two cars of a freight train, plunging from the New York Central tracks at the West Fifty-eighth Street bridge this morning, loosened two huge boulders of the bridge piers so that they crashed to the street directly on top of a passing automobile, the driver of which, J. L. Reinhardt, escaped unscathed. The auto was demolished.

The rock, weighting more than a ton, fell on the car a few inches behind where Reinhardt was sitting.

RESOLUTIONS

Adopted by Concord Chapter American War Mothers.

Whereas, God in His Providence has taken from earth one of our most devoted members, Mrs. Caldwell Query, since last we met together; therefore,

Be it resolved by the War Mothers of Concord,

(1) That we shall miss the faithful attendance and loyal devotion of our departed sister, who was ever ready to cooperate with us in every worthy cause.

(2) That we tender to the bereaved family our sympathy and condolence, but at the same time express our appreciation of the life of such a mother.

(3) That a page of our minute book be dedicated to the memory of Mrs. Query, and a copy of these resolutions be sent to the family, and also furnished The Concord Tribune and Concord Observer with request to publish.

Seven Miles Aloft.

Villacoublay, France, Aug. 2.—In a fight today under official control Sadi Lenoire, the noted aviator, reached an altitude that may go down in the books as a world's record.

On descending after two hours in the air one of his instruments showed that 10,800 meters had been attained and another registered 11,000 meters, so that he actually reached a height somewhat close to seven miles.

The ascent required 80 minutes and he was forced to descend when an oxygen bottle refused to work.

Of 300,000,000 acres available for agriculture in Canada, only 50,000,000 have been taken up.

Kanak prevents fishy butter—oniony milk

KANAK goes on the top shelf of your ice box or refrigerator. That's all. Put anything in you want. "Kanak" will gobble up all odors and gases—keeping foods sweet and untainted.

"KANAK" is bright metal. It cannot rust—nothing to spill, only 4 1/2 inches high. No care or attention. Put it in your ice box and forget it.
