GERMAN MODISTES FAVOR REVIVAL OF HOOP SKIRT

Fall in Line With English Return to Flounces

Berlin, Aug. 7.—German modistes are preparing to fall in line with the English revival of hoopskirts. They are carefully explaining that the fashion is English and not French—but German men don't like a pill even when it is sugar coated.

One Berlin newspaper prints a letter from a pained husband who complains that when the heads of households cannot afford to buy potatoes, they have no money with which to purchase materials for balloon skirts. Furthermore, he wants to know how women can manage

SUNDAY AT CONEY ISLAND

600,000 People There That Day—Jam Boardwalk and Beach.

Coney Island got its record crowd of the season yesterday. In fact the throng of more than 600,000 who journeyed thither established a record for several seasons for an ordinary beach season Sunday. The surf, the beach, the boardwalk and the Coney Island amusement places never witnessed such a jam except in the yearly Mardi-Gras.

Several thousand persons spent the night on the sands and were still sleeping when the vanguard of the day's great crowd arrived at daybreak. At six o'clock in the morning at least 2,000 persons were in line at the municipal baths. By noon the beaches were thronged with bathers and no bath-houses were to be had.

At 8 o'clock last night 127 children had strayed away from their parents into the custody of the Coney Island police, who took them to the Coney Island Health Station, across the way from the police station where they were cared for until their anxious parents awoke to their loss.

There were no drowning but several rescues from the surf.

Staten Island also drew a record crowd yesterday. Up to 10:30 o'clock last night, and the crowd was still on its return trip, the Municipal Ferry officials reported that 180,000 passengers had been carried from Staten Island to Manhattan, while 7,500 automobiles had been handled. Eight passenger ferries-boats were in operation and two for the transportation of motorists.

Between 8 and 10 o'clock last night the ferries left St. George at twelve-minute intervals with from 2,500 to 3,000 passengers per trip. At 9:30 o'clock the congestion in and around the St. George ferry houses was so great that the reserves were summoned to handle the crowd. Autos at that hour were lined up several abreast for a half a mile, awaiting ferries to take them to New York. The Richmond Railway operated its cars from South Beach on a three-minute schedule, while the Staten Island Railroad operated its trains on a special schedule of seven minutes.

Both at Midland and South Beach the crowds were the largest of the season. More persons took to the surf than ever before in the history of the beaches, bathhouse keepers reported.

NEGRO ATTACKS YOUNG WOMAN NEAR GASTONIA

Is Frightened Away and the Sheriff's Possemen Are Searching For Him.

Gastonia, Aug. 6.—Excitement is running high in Gaston county tonight following an attempt at criminal assault on Miss Anna Rhyme, 21-year-old daughter of Mr. and Mrs. M. J. Rhyme, this afternoon about 4 o'clock in a patch of woods near the Rhyme home two miles from Gastonia, between here and Dallas.

Sheriff R. G. Rhyme and possemen are scouring the country for miles around in every direction. Miss Rhyme is not injured except for severe bruises and welts on her arms and neck.

The negro assailant threw her to the ground and attempted to choke her, but her screams frightened him away.

Miss Rhyme had been to a garden and was returning home when the negro accosted her from the edge of the road. He asked a question as to where a certain man in the neighborhood lived, and before she could answer, he had seized her.

It was a half mile to the nearest tele-

phone. The sheriff and Gastonia policemen were called and were soon on the scene. Several suspects were picked up, but none was held. The young lady described the negro as being about 18 years old, dressed in khaki trousers and a blue shirt wearing a small black felt hat.

No violence is feared should the negro be captured by the sheriff's possemen. Should one of the enraged neighbors or brothers of the young lady come upon the negro there is no telling what his fate might be.

At a late hour tonight no trace of the negro assailant of Miss Rhyme had been found. Several suspects were released.

Dies After Being Hit by Automobile

Salisbury, Aug. 6.—Thomas McConnell, 74-year-old son of Clarence McConnell, who lives near the Rowan-Iredell line, died as a result of getting hit by an automobile near Landis. Coroner Newman, who investigated the accident was of the opinion that it was unavoidable and the driver of the car which struck the boy was held blameless. Thomas was water boy for a road construction force at work near Landis and he stepped out from a truck in front of the approaching car just in time to be struck.

A Nebraska woman, suing for divorce, petitioned for custody of the family cow.

Catawba College May Open in September

Newton, Aug. 6.—It appears quite probable that the doors of Catawba College will be opened again this September, despite the decree of the trustees at a recent meeting in Salisbury to suspend the college for a year, until new buildings can be completed in Salisbury. Negotiations are under way with educators in Asheville for the lease of the buildings and grounds and the opening of a high grade school as a link of a chain of school under the management of the Asheville parties.

Work!

NO matter how hot the day, how heavy the bearing pressure or how tight the clearance between moving parts, put the right consistency of Polarine into your motor and it absolutely does the work—holds its body and maintains a firm, elastic oil cushion that keeps the metal surfaces safely apart. Three consistencies of Polarine, all of the same outstanding quality, take care of differences in motor design. Pick the right one from the Polarine chart and you can depend on its high-class work.

Polarine flows quickly—low temperatures or high—spreads evenly over wearing surfaces—out-wears inferior oils, yet is reasonably priced by the gallon and costs much less by the mile. Years of experience the world over have taught us to combine easy flow, positive work, long wear and low mileage cost and give you Polarine for absolute lubricating satisfaction.

STANDARD OIL COMPANY (New Jersey)

Say "Polarine"—not just "a quart of oil".

The Polarine Chart specifies the consistency of Polarine that correctly combines flow, work, wear and low mileage cost for your particular motor. Consult it at your dealer's.
