**LONGEVITY OF PRESIDENTS.**  
Scarcely One-Half of Them Reached the Age of Three Score and Ten.

Washington, D. C., Aug. 7.—It has been said that of the Presidents of the United States who have died, scarcely one-half of the number reached the age allotted to man by the Psalmist. On the other hand, taking an average of the whole number, the longevity of the Presidents is rather remarkable. Their ages were as follows: 67, 90, 83, 85, 73, 80, 78, 70, 68, 71, 53, 65, 74, 64, 77, 56, 66, 63, 70, 49, 56, 71, 67, 58, 60 years. Those at 56, 49 and 58 were, respectively, Lincoln, Garfield, and McKinley, who were assassinated. The ages of these twenty-five men totalize 1,723 years, or an average of 69 years each, showing, as is believed, that the stress and responsibility of leadership seem to have no effect on longevity.

The following causes of death are those popularly accepted: Washington, pneumonia (more correct accounts state edematous affection of the windpipe or membranous croup); John Adams, debility; Jefferson, chronic diarrhoea; Madison, debility; Monroe, debility; John Quincy

President	Age at Inaug.	Age at Death
George Washington	57	67
John Adams	61	90
James Madison	57	85
Thomas Jefferson	57	83
John Quincy Adams	57	80
Martin Van Buren	54	80
Andrew Jackson	61	78
James Buchanan	65	77
Millard Fillmore	50	74
James Monroe	58	73
John Tyler	51	71

Adams, paralysis; Jackson, consumption and dropsy; Van Buren, asthmatic catarrh; W. H. Harrison, bilious pleurisy; Tyler, bilious attack (with bronchitis); Polk, chronic diarrhoea; Taylor, cholera morbus and typhoid fever; Fillmore, debility; Pierce, dropsy and inflammation of stomach; Buchanan, rheumatic gout; Lincoln, assassination; Johnson, paralysis of the heart; Garfield, assassination; Arthur, Bright's disease, paralysis and apoplexy; Cleveland, debility; Benjamin Harrison, pneumonia; McKinley, assassination; Roosevelt, rheumatism.

Taken according to longevity, the table of the departed presidents offers an interesting sequence.

Minneapolis, Minn.—"I had heard so much about Lydia E. I had been sick off and on for years and barely weighed a hundred pounds, but now I have had such good results that I am recommending the Vegetable Compound to every one."—Mrs. J. J. **MAXWELLS SUGGESTED FOR NEXT GOVERNOR**

He Has Never Thought About it But People Have—He is Heartily Congratulated.

Special to Greensboro News.

Raleigh, Aug. 6.—Corporation Commissioner Allen J. Maxwell, receiving congratulations from all parts of the state today, took a good laugh at the suggestion that he is the man to lead the state from its financial chaos and the governorship is the way.

"I never thought of it," he said to the Daily News correspondent this evening. "Though the commission hasn't been in the same position as the public, he had taken on the governor, the state officials en masse, the budget committee, the legislative audit committee and the auditors without help. Fighting to save himself from extinction he wasn't in shape to launch gubernatorial boasts.

An Orange county man, one of the most prominent lawyers in the fifth district, said tonight that the thing is almost unanimous for Maxwell up there today. The public is so full of admiration for one man who seemed to know where he was at that it is almost persuaded he knows where the public is "at." The personal victory is nothing less than annihilation for the opposition.

**Mr. Shaver is saving**

**\$73**

**a year by smoking**

2710 E. 76th Place Chicago, Ill.

The American Tobacco Co. 111 Fifth Avenue New York City

Gentlemen:

I have always smoked "Bull" Durham, and your advertisements in the Chicago papers, making a strong point of the saving idea, caught my eye. I want to tell you of a little experiment I have just made.

I usually smoke about a package of "Bull" Durham a day, which costs me ten cents.

For a week I switched to the tailor made cigarettes and used two packages a day, costing me thirty cents. Figuring this up covering a period of a year, "Bull" Durham cost me \$36.50 as against \$109.50 for the other kind.

This means a saving of \$73.00, which never occurred to me until I saw your ad.

Assuring you that I will always "roll my own" I am

Sincerely,  
Sam Shaver

May 25, 1923.

**"BULL" DURHAM and so can you**

You will be amazed to see how the use of "Bull" Durham tobacco will cut down the cost of your smoking. Remember "Bull" gives you 50 cigarettes of the best flavor and quality for 10 cents.

This means easily a saving for the average smoker of from \$1 to \$150 a week—\$52 to \$79 a year.

Seventy-nine dollars will buy lots of things. A radio set, a talking machine, a very fine suit of clothes, a set of tires, the first fifteen payments on a Ford, a good-sized insurance policy.

Hard to roll your own? Not really. Give yourself a chance to learn. Have a sack of "Bull" in your pocket all the time as well as your regular cigarettes. Every time you think of smoking a cigarette pull out your sack of "Bull" and try rolling one.

By the time you've used the sack you ought to be a fair producer. And you'll certainly be a convert to the mild, delightful flavor of the unequalled cigarette that "Bull" Durham makes.

**Now try it yourself and write us your experience**

Guaranteed by The American Tobacco Co. 111 Fifth Ave. New York City

With each package you receive a book of 24 leaves of the finest cigarette paper in the world.
