Land Deeds, 5 Cents Each, at Times-Tribune Office.

If You Have a Neighbor Who Is Not Taking The Times, tell him about our great days.

HOLDING WHEAT BACK POOR PLAN

Head of Board of Trade Says High Tariff Cause of Plight of Farmers. Chicago, Aug. 10.—The plan advanced by the American Farm Bureau Federation to store 200,000,000 bushels of wheat on farms in the hope of raising the price of wheat to a level which would be impractical and of no permanent benefit to the farmer by J. J. Stream, president of the Chicago Board of Trade.

Farmers in distress are not those with storage facilities, nor are they financially able to construct such containers, Mr. Stream said. If storage space was available and if farmers were a unit in following the plan, it would still be far from a solution, he added.

"Keeping wheat off the market never has and never will change the supply and demand status," he declared. "It would simply add to the confusion that has resulted from agitation and ridiculous public pronouncements by ill-advised politicians. We must get rid of the surplus. If held until next year it would have to compete with the new crop."

"Under the quoitex plan farmers simply become incompetent speculators, who, in search of a possible temporary improvement, would risk creating a far greater burden later on. The farmer's real problem is finding a market, not finding a way to keep his wheat on his own farm."

"What prices are not ruinously low," he said, "but the things the farmer must buy are unreasonably high, due to the high tariff and unprecedented high wages and short hours in most industries."

While the farmer must sell in the world market he is not given the privilege of buying in the world market because of the tariff and labor restriction, he asserted.

Mr. Stream declared political agitators have destroyed the farmers' credit with flaring tales of his insolvency and predicted the crest of the radical wave has passed.

"When the farmer fires the politicians and again begins thinking for himself a new period of prosperity will open up," he predicted.

Governor Morrison Invited to Join Roanoke Boosters. Raleigh, Aug. 10.—Governor Cameron Morrison has been invited by the Roanoke Booster Club to accompany a party of Roanoke business men on a tour of western and Piedmont North Carolina on August 24th, it was stated at the governor's office today.

Included in the party will be Governor E. Lee Trinkle, of Virginia, and four members of his official family, Mayor Fishburne, Roanoke, and Congressman Clifton Woodrum, of Virginia.

The party will leave Roanoke on the morning of August 22nd and will visit a number of points in Southwest Virginia and going as far in Tennessee as Johnson City. From Johnson City the boosters will travel through western North Carolina and as far south as Spartanburg, S. C. Leaving Spartanburg the Virginians will visit Gastonia, Charlotte, Concord, Salisbury, Lexington, Thomasville, High Point, Greensboro and Winston-Salem. The party expects to reach Roanoke on the return trip on the night of August 24th.

The proportion of women wage earners employed in manufacturing in the United States has not changed since 1898.

Britain's Note to France and Belgium is Vigorous. London, Aug. 11.—Great Britain's note to France and Belgium, notable this time for its lucid and vigorous statement of the nation's attitude towards war debts and reparations, was delivered tonight.

It condemns the Ruhr occupation as unjustifiable and as depreciating the joint allied credit on Germany, and the note insists that Germany's liabilities be fixed after an examination by an expert commission and makes it plain, courteously but firmly, that if France and Belgium persist in a policy which makes the payment of reparations impossible, Great Britain will expect France to liquidate its obligations to England in order to aid the British government in making its payment of war debts to the United States.

England, in the note, flatly rejects the Franco-Belgium demand for priority on reparations on the ground that Great Britain, owing to unemployment, is suffering more keenly than they.

One of the most striking declarations of the note is that England will never support France and Belgium in their insistence that Germany pay an impossible reparations bill, which apparently means a permanent occupation of the Ruhr.

Home-Coming Day at Back Creek Church. Tuesday will be observed as home-coming day at the Back Creek A. R. P. church in Mecklenburg county, and the public is invited to attend the exercises.

Beginning at 11 o'clock the following program will be rendered: Song, Invocation, "Divine Unrest"—Rev. Ira S. Caldwell, Solo—Violin—Miss Margaret Hodges.

"The Mission of the Country Church"—Rev. J. B. Hood, Solo—Vocal—Miss Irene Frazier, "The Spiritual Atmosphere of Back Creek Community"—Rev. W. W. Orr, D. D., Song—Sardis Quartet, "The Influence of Back Creek Upon Her Young People"—Mr. Fred Hunter, Music.

"Back Creek Community Today Compared with Back Creek Community Fifty Years Ago"—Mr. J. R. Utley, Song, Benediction.

The unexplored portion of Ontario, known as the district of Patricia, will yield fortunes to adventurous prospectors according to a representative of a Winnipeg syndicate.

Mrs. S. J. Roberts, 68 years old is a student in the class of journalism at Mercer University.

Use Good Seed Oats This Fall. Raleigh, Aug. 13.—It will soon be time to think of planting the oat crop and many farmers plant oats in cotton at the last cultivation. In planning for the crop this fall, Dr. R. Y. Winters, plant breeder for the State College and department of agriculture, urges North Carolina growers to think more about their own home grown seed.

Last year he found seed oats had been brought in from New York and other distant states, while the results of tests made over many years show that home grown seed from selected plants have always yielded higher returns than those imported seed.

For instance, Dr. Winters gives the case of oats grown by the Edgecombe Seed Breeders' Association which yielded 43 bushels to the acre, as compared with a yield of 30 bushels to the acre secured from commercial seed. The Edgecombe growers, of course, select their own seed and keep them pure.

At Statesville, on the farm of J. W. Watts, test made in co-operation with Dr. Winters showed that the commercial seed yielded about 50 bushels per acre while plants from a selected strain bought from a neighboring farmer who bred his oats, gave a yield of 67 bushels per acre.

On the Piedmont branch station farm near Statesville, Dr. Winters completed a test this year in which he secured a yield of 45.6 bushels per acre from his own selected strain of Applier oats grown on the farm, as compared with only 28.2 bushels per acre from seed secured from a commercial source. Dr. Winters states that such differences in yield as these are well worth considering and recommends that North Carolina growers pay more attention to their oat seed this fall, using selected home grown seed if possible.

Britain's Note to France and Belgium is Vigorous. London, Aug. 11.—Great Britain's note to France and Belgium, notable this time for its lucid and vigorous statement of the nation's attitude towards war debts and reparations, was delivered tonight.

It condemns the Ruhr occupation as unjustifiable and as depreciating the joint allied credit on Germany, and the note insists that Germany's liabilities be fixed after an examination by an expert commission and makes it plain, courteously but firmly, that if France and Belgium persist in a policy which makes the payment of reparations impossible, Great Britain will expect France to liquidate its obligations to England in order to aid the British government in making its payment of war debts to the United States.

England, in the note, flatly rejects the Franco-Belgium demand for priority on reparations on the ground that Great Britain, owing to unemployment, is suffering more keenly than they.

One of the most striking declarations of the note is that England will never support France and Belgium in their insistence that Germany pay an impossible reparations bill, which apparently means a permanent occupation of the Ruhr.

GIRL COMITS SUICIDE IN GREENSBORO HOTEL

Husband Comes to Claim Her Body—Her Companion Has Been Placed Under Arrest. Greensboro, Aug. 12.—Lacy B. Groves a printer, of Danville, Va., Monday takes to Henderson the body of his wife, young and pretty, who shot herself through the heart Saturday night in the O. Henry hotel here, in a room occupied by her and Paul B. Brown, of Danville. Groves came here today to claim his wife's body. They were married in Henderson in 1914, where she was the daughter of a minister, it is said.

The woman had been "blue" on Saturday afternoon, Brown told police and the coroner's jury, and that was accentuated when he told her that they must return to Danville. He left her late in the afternoon to get a newspaper and some other articles. Coming back to the room, he opened the door and found her dead in bed, in a pink negligee and bedroom slippers, a .38 caliber Colt revolver in her hand, a hole through her heart, the bed clothing drenched with blood.

Brown was exonerated by the coroner's jury of any blame in connection with the death of the woman, but was arrested on a charge of immoral conduct. He gave bond of \$200.

Pigeons on Waiting Orders. Washington, Aug. 11.—Radio and all other modern methods of communication have not succeeded in ousting the carrier pigeon from its position as an important factor in the war time transmission of intelligence.

The American army maintains 1,000 birds along the Mexican border, in Hawaii, in the Canal Zone, and otherwise distributed at some 22 army posts. Fifty are fed daily in the Philippines, while at Camp Vail, New Jersey, the reserve headquarters, 400 birds draw their rations, waiting to be of service in the field in which, in the past, they have proved themselves most valuable.

Freight Car Loadings, Are Greatest in Rail History. Washington, Aug. 10.—Railroads during the week ending July 28th carried more freight than ever before, the American Railway Association reporting today that 1,041,000 cars were loaded with revenue freight. The record committee after a succession of weeks during which traffic volume attained continuous high levels.

HARDING'S SECRETARY FILES HIS RESIGNATION

Entered Public Life With Late President, Leaves It Day His Chief is Buried. Marion, Ohio, Aug. 10.—George L. Christian, secretary to Warren G. Harding as United States senator and President, announced that he had submitted his resignation as executive secretary to President Coolidge.

Mr. Christian made his announcement soon after he had returned from the final services for his dead chief.

"I entered public life with Warren G. Harding and I leave it now that he has been called away," the announcement said.

"For nearly nine years I worked beside him and my present sorrow is somewhat assuaged by the feeling of satisfaction at having been permitted to serve a great President, a most humane and considerate chief, and the finest friend I has ever been given a man to have."

"I left at Washington my resignation for the acceptance of President Coolidge, with a tender of any services I may be able to render him and any assistance I can give his secretary. It is my expectation to enter private business just as soon as I may be able to complete my arrangements therefor."

Mr. Christian added, informally that he had no desire to continue in public office and would not look with favor on any federal appointment.

Will Demobilize Troops at Charleston. Columbia, S. C., Aug. 11.—State troops on duty at Charleston in connection with the municipal primary and counting of ballots will probably be demobilized today according to a statement made at the office of Governor Thomas G. McLeod. Orders for demobilization have not been issued, however, it was stated.

The republican government of Bavaria has made a financial statement on the Wittelsbach family. The Diet has awarded to the Wittelsbachs seven castles, 25,000 acres of land and a number of houses in Munich, a theater in Munich and 60,000,000 marks in cash.

The highest capacity power cable in the world was stretched under San Francisco Bay recently. It covers a distance of eight miles from the shore of Richmond to Pier 41.

Teachers with "bobbed" hair have been banned by many Iowa school boards.

TODAY'S EVENTS

Monday, August 13, 1923. Twenty-fifth anniversary of the surrender of Manila to the Americans. Thirtieth anniversary of the great fire in Minneapolis, which destroyed \$2,000,000 in property and made 1,500 people homeless.

Followers of the Mohammedan faith throughout the world begin the year 1342 at sunset this evening.

The Rt. Rev. William Turner, bishop of the Catholic diocese of Buffalo, today celebrates his thirtieth anniversary in the priesthood.

The sixteenth biennial international convention of the Dramatic Order Knights of Khorassan assemblies today at Portland, Oregon.

The International Typographical Union, one of the largest and most influential of American labor organizations, meets in annual convention today in Atlanta.

The second Pan-Pacific Scientific Congress will open at Sydney, N. S. W., today with delegates in attendance from the United States, Canada, China, Japan, India, Burma, and other countries.

The one hundredth anniversary of the founding of Concord Academy, which claims the distinction of being the first normal school in America, is to be celebrated with a three-day program of exercises opening today in the town of Concord, Vermont.

Home Garden Should Get Attention. Raleigh, Aug. 13.—Since August is an important month in the home garden, it deserves some attention, because much can be done now to make the fall garden a success. P. E. McCall, garden specialist for the State College and Department of Agriculture, gives a list of some vegetables that may be planted during this month to start the fall garden on its way. He says, "Plant now stringless green pod beans, Ces lettuce, head lettuce, kale, turnips, carrots and rutabagas. Seeds may be planted late this month for winter cabbage, celery, cauliflower, and collards."

"Plants of celery, cabbage, cauliflower may be set out this month for fall use."

"Plant some vegetable each month so that a continuous supply will be on hand at a time when vegetables begin to get scarce."

Unless this is done, states Mr. McCall, the family will not have needed foods for best health at a time when these foods are generally lacking.

Dairy, Food and Drug Officials. Duluth, Minn., Aug. 13.—All arrangements are complete for the annual convention of the American Association of Dairy, Food and Drug Officials, which will open here tomorrow for a session of four days. The gathering will be attended by official representatives of the United States and the Dominion of Canada, as well as of numerous states and provinces. Pure food and drug laws and their enforcement will furnish the principal subjects for discussion.

Armed with a shotgun, Mrs. Ella Morris, wife of the sheriff of Franklin county, Ill., captured an escaped prisoner single-handedly recently.

Drink Water If Kidneys Bother

Take a Tablespoonful of Salts if Back Pains or Bladder is Irritated.

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

After Every Meal. A universal custom that benefits everybody. Aids digestion, cleanses the teeth, soothes the throat.
