FOUR DROWN IN SMALL POOL IN OLD ROCK QUARRY

Father and Three Sons on an Outing Lose Lives—Dead When Discovered. Spartanburg, S. C., Aug. 16.—Samuel W. Rogers, shipping clerk of the Pacolet Manufacturing company, and his three sons were drowned in an abandoned rock quarry pool near Pacolet some time this afternoon, but the tragedy was unknown until near nightfall, when the bodies of Mr. Rogers and a small son were found floating in the pool of water by a negro water boy. The child had a firm grasp upon the head of his father's head and both were dead when discovered. The dead are: Samuel W. Rogers, 40; Samuel W. Rogers, Jr., 13; John L. Rogers, 11; and James Rogers, five.

This was the first day of Mr. Rogers' vacation period and he took his sons on an outing, while Mrs. Rogers remained at the family home in the Pacolet mill village. Mr. and Mrs. Rogers were preparing to leave tomorrow morning for Hartsville, S. C., to visit Mrs. Rogers' family. Dr. Kirkpatrick, a physician of Pacolet, one of the first to reach the abandoned quarry, stated tonight that, with the assistance of others, he floated the dead father and the youngest boy to the bank and quickly ascertained that there was no hope of resuscitation. The bodies of the other boys were found on the bottom of the pool and were recovered after considerable effort. Dr. Kirkpatrick stated: "The bodies of the other boys, the physician said, were attired in bathing suits, but that of the youngest child was in rompers, while Mr. Rogers was only partly undressed. As no eye-witnesses have been found the full circumstances surrounding the tragedy are unknown. The quarry is filled with clear water and granite and occasionally has been used as a swimming pool."

Cartoon from The Farm Journal, August 1923

Film Star Victim of Plot Menace? Mary Miles Minter, "Dead-end Doll of the Movies," recently leased her Hollywood (Cal.) home to Sigrid Holmquist, actress, known as "the Swedish Mary Pickford." While Miss Holmquist, who looks remarkably like Miss Minter, was entertaining friends a revolver shot was fired at her, wounding a male guest. At another time alleged detectives insisted on searching the house. Later Miss Holmquist was awakened by intruders, with electric flashlights. It is believed Miss Minter is in the shadow of a well-defined plot to kill her, as part of the plot which ended in the murder of William Desmond Taylor. Miss Minter also broke into the news of the day when she announced she would postpone her suit for \$1,000,000 against her mother until the latter's recovery from a serious operation she recently underwent. Miss Minter declares her mother obtained that sum from her while she was a minor, acting for a film concern.

Under the socialist dwelling law in Berlin, renters have their apartments virtually free except for certain taxes to the city. The income to the house owner averages not more than \$1 a year. The landlord considers himself lucky if the tenants obey the law and make repairs at their own expense.
