Contract For Hard Surfaced Road Will
Be Let Soon.
Albemark News-Herald.
Mr. J. M. Boyett has received a copy
of a letter written to State Highway
Commissioner, W. C. Wikinson, of this
district, by Mr. Frank Page, enairman
of the State Highway Commission, from
which it can be seen that work on head. district, by Mr. Frank Page, chairman of the State Highway Commission, from which it can be seen that work on hard-surfacing the highway from Albemarle to Charlotte will be commenced some time during the fall months, possibly early in the fall. The contract for this project, which is known as Project No. 686, would be let August 29th, but for the fact that the bridge department on that date will not have finished the plans for the bridge structures on the project. It will therefore be necessary to continue the letting of this contract until the next meeting, which will possibly be held in September. Chairman Page in his letter to Commissioner Wilkinson, assures the latter that the contract will be let for this project at the next meeting, following August 29th, and closes his letter with the following paragraph.

"In prince that the people of Stanly."

and closes his letter with the following paragraph.
"In order that the people of Stanly County may understand this, I am sending a copy of this letter to Mr. John Boyett, Albemarle, with the assurance that Project No. 686 will be advertised in the next letting, after August 29th."
This ought to quet any inxiety as to whether or not the work of hard-surfacing on the Albemarle-Charlotte road is to be commenced this year.
