

Use the Economical Buck's Hot Blast to Heat Your Home

There is more than one reason why the Buck's Blast is economical. Soft coal is high priced this season and you can't afford to experiment with a cheap heater. The average soft coal is more than 50 per cent. gas. Almost all of which is lost when using a cheap heater. The Circular Overdraft Hot Blast Chamber found only in Buck's Hot Blast, consumes all the gas and at the same time cokes the coal. By this process it does double duty. If you are going to buy a new Heater, be sure you get a Buck's Hot Blast. In addition to these features you can buy the Buck's Hot Blast at a Reasonable Price and on Convenient Terms. We have a great variety of styles and sizes ranging in price from \$12.50 to \$35.00.

A GOOD HAT-OR "JUST A HAT?"

Society Club Hats are good hats—styled more knowingly, built more prudently, finished more beautifully.

Like a good suit—or a good good anything—they please you better and please you longer.

At the last of their days they have lost none of the distinguished "line" and smart "front" that attracted you first. Their youthful spirit is fashioned into exclusive styles—and both are made lasting by expert craftsmen.

Yet they cost only \$3.00 to \$6 Stetson Hats \$7.00
