Everything was kept secret from the two gentlemen until most of the guests had arrived and before either realized what was going to take place. There were forty-five friends and relatives that gathered around the large table on the beautiful lawn of J. J. Bostian, which was grooming under good things to eat, brought by the relatives.

NEW YORK GOES WITHOUT USUAL PAPERS FOR DAY

All Big Morning Dailies Tied Up by the Pressmen's Strike.

New York, Sept. 18.—New York went without its leading newspapers for the better part of 24 hours today when a strike of 2,500 web pressmen prevented publication of a majority of the city's morning and evening dailies. From midnight last night until this evening, the cities millions, most avid newspaper readers of the world, practically were cut off from news of their own and the rest of the world's doings. The Metropolis awoke to find its breakfast and its ride to daily chores made dreary by the absence of the morning newspapers. Limited pre-night editions which were run off before the pressmen walked out had been exhausted by late theater crowds.

An early edition of The New York Evening Post run off by a hastily recruited corps of pressmen was the only one of the large afternoon papers to appear before noon and when that had been exhausted, the news stands, usually loaded with frequent editions of the afternoon dailies, were bare and hundreds of rancorous voiced newsgoys were mute. Newspapers in nearby New Jersey cities, smaller local papers not affected by the strike, and foreign newspapers hastened to take advantage of the situation, rushing thousands of papers and scores of emergency newsgoys to the more important traffic intersections where they enjoyed an unprecedented sale at premium prices.

One Boston newspaper sent copies of a special edition to the city by airplane. A local Italian paper for the first time in its history, put on sale an all-English edition. Many news stands presented the unusual picture of newspapers in half a dozen foreign languages and none in English.

George Berry, of the International union, characterized the strike as illegal, without the sanction of the International and in violation of the tri-partite agreement to arbitrate any differences which might arise between the International, local and publishers.

He urged pressmen to return to work and served notice that the International would do everything in its power to help publish the New York dailies. Both he and officers of the Publishers' Association sent out calls to pressmen in other cities, whether union men or not, to come here and help get out the suspended papers.

The American Thread Company, of New England, will erect the first unit of a plant at Dalton, Ga., at a cost of \$1,000,000. The International Cotton Mills will be erected at Hogansville, Ga., at an estimated cost of \$2,000,000. This plant will turn out fabric for automobile tires. The third plant will be constructed at Monroe, Ga., by the Walton Cotton Mills, which already maintains a factory there.

CHECK FOR A MILLION HANDED TO JAPANESE

Ambassador Woods Gives Red Cross Contribution to Premier Yamamoto. Washington, Sept. 18.—Ambassador Woods at Tokyo handed to Premier Yamamoto yesterday a certified check for \$1,000,000 as the first large installment of the relief funds for Japanese earthquake sufferers collected by the American Red Cross. In reporting to the state department, the ambassador said Premier Yamamoto was deeply moved at the evidence of sympathy and expressed his gratitude to the American people.

Reports of cholera outbreaks in Japan were refuted by Mr. Woods, who transmitted the result of an inquiry made by Dr. Kibbe, an American physician, doing relief work in Tokio.

Five hospital buildings for treatment of earthquake victims have been purchased by the Red Cross from funds collected during the past two weeks throughout the country and will be shipped immediately to Japan, it was announced today at national headquarters of the society. The buildings, knocked down, will be erected at such places as Japanese officials see fit.

The relief fund today reached a total of \$8,585,600. More than \$3,500,000 above the figure first set as the goal.

Selecting clothes for men is an inborn art—at least, so we are told.
Blushingly then, we recite here for your information the following happening:—
After he had penciled down our order for the Fall Suits that are here to-day the R. & W. representative turned back in his order book and showed us that we had chosen the identical same patterns and models as did a leading New York clothier whom it is rumored pays his buyer \$25,000 a year for knowing the right from the left.
This story stands—and the Fall Suits are here to-day to back it up,
