BIBLE THOUGHT
FOR TODAY
 Bible Thoughts memorized will prove a precious heritage in after years.

HUMILITY OF CHRIST—Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Phil. 2:5, 3.

THANK YOU.

The life of a publisher has many troubles but there are occasions, Red Letter days so to say, when our troubles are forgotten, and we enjoy for a space at least the warm glow of satisfaction, as advertisers and readers voice their satisfaction with our work. Today was one of these occasions, when a procession of business men visited this office and complimented the management upon the Fair and Industrial edition which was published last night.

There is no doubt that Cabarrus and Concord citizens are more than pleased with the special edition on which the energies of our organization have been bent for the last month, and we are delighted that our efforts to record in black and white how splendidly this county has seized the opportunity to advance, have been so well received. We feel more than repaid in having published an edition which has been so generously received by the public.

OUR WONDERFUL STATE.

To be a North Carolinian is to be a native of one of the finest states in the federation. In order that a better realization may be had of what a magnificent future lies ahead of us, some of the most significant records made by this state are submitted:

North Carolina has the largest hosiery mill in the world.

North Carolina has the largest denim mill in the United States.

North Carolina has the largest towel mill in the world and it is in Cabarrus County.

North Carolina has the largest aluminum plant in the world.

North Carolina has the largest damask mills in the United States.

North Carolina has the largest underwear factory in the United States.

North Carolina consumes annually 1,100,000 bales of raw cotton in our own textile mills.

North Carolina has the largest pulp mill in the United States.

North Carolina has more mills that dye and finish their own products than any other Southern State.

North Carolina leads the world in the manufacture of tobacco.

North Carolina has a total of more than 6,200 factories which give employment to 128,000 workers whose total annual wages amount to more than \$127,000,000.

North Carolina has \$900,000,000 invested in manufacturing establishments.

North Carolina leads every Southern State in the number of wage and salary earners.

North Carolina leads the Southern States in values added to the raw materials after process of manufacture with \$417,000,000 compared with Texas, \$208,000,000; Virginia, \$268,000,000; and Georgia \$283,000,000.

North Carolina has the second largest hydro-electric power development in the world.

North Carolina consumes one-fourth of all the tobacco used in manufacture in the United States; pays one-third of the tobacco taxes of the United States; manufactures more cigarettes than any other State in the Union; and one city in North Carolina manufactures more tobacco than any other city in the world.

North Carolina has more cotton mills than any other State in the Union and stands second in value of cotton manufactures.

North Carolina in 1922 stood eighth in the Union in federal taxes paid with \$122,000,000.

North Carolina leads the South in the number of furniture factories; in the capital invested; in the number of em-

ployes; in variety of products, and the value of the annual output; only one other city in the United States manufactures more furniture than does one of our North Carolina cities.

North Carolina ranks fifth in the value of agricultural products of any state in the Union. In 1921 three North Carolina counties—Johnston, Pitt and Robeson—were among the fifty richest agricultural counties in the Union.

North Carolina ranks third in the production of sorghum, peanuts and sweet potatoes; grows more corn per acre than any other State in the Union.

North Carolina leads the Union in the number of debt free homes; more than four-fifths of the homes of North Carolina have not one cent of debt against them.

The South has water power development of 9,000,000 horsepower. North Carolina's share of this is 1,000,000, of which not quite half has been developed.

The South produces 50 per cent. of the Nation's lumber and in North Carolina hardwood and pine forests, is found the largest and richest supplies of lumber in the Eastern half of the United States.

North Carolina ranks first in the value and quantity of mica produced, mining 75 per cent. of all the mica mined in the United States.

North Carolina ranks first in the quantity of feldspar produced in the United States.

North Carolina ranks first in the value and quantity of mill stones produced in the United States.

The tale mined in North Carolina commands the highest price per ton of any mined in the United States.

GIANTS OUTPLAY YANKEES IN THE FIRST GAME
 Count Was Three and Two/When Stengel Drove Out Home Run
 New York, Oct. 10.—Swinging his bat in that fabled setting of the diamond—the ninth inning, with the score tied, two out and the count "two and three"—Casey Stengel blasted his way into baseball's hall of fame today, with a home run drive that gave the New York Giants a spectacular victory over the Yankees, 5 to 4, in the opening clash of the 1923 world's series.

That mighty and heroic blow by Stengel, who came back after being relegated to baseball's scrap heap not long ago, ended a gripping, pulse-throbbing drama, a thrilling battle in which the wits, drives and punch and brilliant defense of the Giants triumphed over the Yankees. Crashed to the extreme right centerfield stretches of the vast Yankee stadium, that herculean smash broke the heart of Joe Bush, baseball star, who had held the Giant in check after seeing his teammate, Waite Hoyt, battered from the mound, and who, otherwise, might have stood out tonight as the hero of a Yankee triumph instead of but a courageous figure in defeat. It was a heart-breaking ending to Bush's gallant stand, yet he spelled his own down-fall by his tactical error in "grooving" the ball for Stengel's dramatic feat.

A vast throng of 55,000, that shattered all records for world's series attendance, and gate receipts, and filled close to capacity, the far-flung reaches of baseball's greatest monument, witnessed the

opening of the third successive struggle between New York's rival clubs for premier honors of the diamond.

That colorful gathering of fans from all walks of life and all parts of the compass was whipped to a frenzied pitch of excitement as it saw unfolded before it one of the epics of the game. It saw the Yankees smarting from the memory of having been beaten for two straight years by their national league opponents, rush spectacularly to the front in the first two innings, only to be overhauled by a sensational rally, a masterpiece of strategic attack that gave the world's champions four runs and the lead in the third inning; it saw the American leaguers, after being tutored back into the game by an amazing defense, finally tie the score in the seventh inning, then go down to defeat as the crack of Stengel's blow was drowned in a thunderous ovation.

The attendance eclipsed by more than 13,000 the highest previous mark, while the gate receipts of practically \$182,000 surpassed the old record by more than \$50,000.

Removes Watermelon Seed Lodged in Lung.
 Charlotte, Oct. 11.—A watermelon seed swallowed by Herron Gay, eleven months old, of Allen, N. C., a week ago, and which had completely shut off the functioning of the right lung, was removed Tuesday morning by Dr. C. N. Peeler, at the Charlotte Eye, Ear, Nose and Throat Hospital.

Formerly Egypt was practically rainless. Now, owing to irrigation and consequent increase in vegetation, there are about eighteen days' heavy rain yearly in the Nile delta.

G. S. BARCLAY of Kingston, N. Y., who says "Neutrone Prescription 99" cured him of his Rheumatism when he had lost all hope of ever being well again.

The rapid recovery of Gus Barclay of 99 Clinton St., Kingston, N. Y., has again called attention to the remarkable curative effects of Neutrone Prescription "99."

Here is the story:
 "For years I have been all crippled up with rheumatism in my arms and legs. My feet would swell so that I could not even get my shoes on. My knees became so stiff that I could hardly bend them. Every step I took was agony. I could barely hobble around."
 "No one knows what I suffered until I tried Neutrone Prescription "99." After the first week I felt better. What a relief! It seemed too good to be true. All my aches and pains have gone; no more swellings, and my joints are all limbered up again."
 "I feel myself a lucky man to be so well again after all these years. I can say that Neutrone Prescription "99" will prove a blessing to anyone suffering from this dreaded disease. Every rheumatic should take it, when relief is so sure."
 Neutrone Prescription "99" now comes in tablet as well as liquid form, whichever is preferred. Leading Druggists everywhere.

AT NINETY-ONE STILL KEEPS UP

B. J. Wilson Says Dr. Thacher's Liver and Blood Syrup Keeps Him Going.

"Although I am ninety-one years old I hardly feel half my age, and it is Dr. Thacher's Liver and Blood Syrup that keeps me going," said B. J. Wilson, of Humble, Ky.

"I had been suffering for years from kidney trouble and constipation. My back was weak and hurt me down about my kidneys, and my liver was inactive, causing headaches and constipation."
 "I got half a dozen bottles of Dr. Thacher's Liver and Blood Syrup to take and now I wouldn't take a thousand dollars for what those six bottles have done for me. I feel almost like a young man again and believe it has given me a new lease on life."
 Dr. Thacher's Liver and Blood Syrup is sold by the Pearl Drug Company and the purchase price will be refunded if you are not satisfied.

DINNER STORIES

Dinner Stories.
 She: "Do you remember when you were first struck by my beauty?"
 He: "I think so. Wasn't it at the masked ball?"—Boll Weevil.
 Lady: "But don't you find that horse-back riding gives one a headache?"
 Instructor: "Emphatically, no, madam. Just the reverse."—Black and Blue Jay.
 A small boy called on the doctor one evening. "Say, Doc, I guess I got measles," he said, "but I can keep it quiet."
 The doctor looked puzzled.
 "Aw, get wise, Doc, suggested the small boy. "What'll you give me to go to school and scatter it among all the kids?"
 Ed—"I met the most unusual girl last night."
 Bill—"Oh, yes, they're all that way for the first time."
 Ed—"No, not this one. We went to eat and she said she wasn't hungry, and she really wasn't."
 Rastus—"Ah can't get dis spot off'n yo' trousers."
 Student—"Have you tried gasoline?"
 Rastus—"Yas, sah."
 Student—"Have you tried ammonia?"
 Rastus—"Naw, sah, but I'm almost sure they'll fit."—Yellow Jacket.
 "I suppose that you sailors are very careful when you are at sea?"
 "Oh, not at all. In fact, we try to be as reckless as possible."
 Adam (during the first spat)—"Always keep in mind, lady, that you were made for me—not I for you. Get me?"
 Eve—"I got you, all right, but I had no choice."
 Motor Cop—"You were doing forty, ma'am."
 Young Thing: "Forty—oh was I? Well you were doing as much yourself—so there!"
 "What was your occupation before you joined the army?"
 "I was an organist."
 "How come you quit the profession? Lost your job, I guess?"
 "No, the monkey died."
 Down to the Depths.
 Mother—"Do you know what becomes of naughty little boys?"
 Willie—"Well, I suppose they become vice presidents instead of presidents."

BELL-HARRIS FURNITURE CO
 "THE STORE THAT SATISFIES"

The many people who responded to our ad: last week, have by this time found out just what we can do for them in the way of saving fuel. To those who did, not answer our ad, we will drop this line to them. Here is the Allen's Parlor Furnace which will save you the cost of installing a furnace and give you the maximum heat from the smallest amount of coal. The beauty part of it is that you can burn either hard or soft coal, and only one fire to build each winter. Call at our store and see this wonderful heating plant.
