WORLD COURT WEEK IS TO BE OBSERVED SOON

Will Be Observed by Churches in America Next Month.

Washington, D. C., Oct. 13.—World Court Week will be observed by the Churches of America November 5 to 13. The week will come to a climax on Armistice Day, which will be known as World Court Sunday.

The observance is in the interest of the United States joining the Permanent Court of International Justice. Thousands of congregations will take part, as the call is being issued by the Commission on International Justice and Goodwill of the Federal Council of Churches. Co-operating with it is the American Council of the World Alliance for International Friendship Through the Churches.

The plan of conducting a campaign of education in behalf of the United States joining the World Court was submitted to many religious, social and educational organizations and institutions. It was endorsed and active support promised.

The program calls for all Christian organizations that hold regular meetings during the week, such as church prayer meetings, home and foreign mission study groups, Y. M. C. A.'s, Y. W. C. A.'s and Student Volunteer classes, Christian Endeavor Societies and Epworth Leagues, to make the question of American membership in the World Court a principal topic for study. It asks that chambers of commerce, labor organizations, Granges, Rotary, Kiwanis, Civitan, advertising and other similar clubs, women's clubs and all distinctively women's organizations, the American Legion, and all peace societies provide for discussions on the World Court in their regular meetings and publications during the week.

In the Sunday schools a special ten-minute service on the World Court will be held in the mornings and community rallies of Sunday schools will be held in many towns on the afternoon of World Court Sunday. In some of them a pagant will be presented and a united procession will be held. The plan is for all clergymen on World Court Sunday to preach on some phase of America's international responsibility and opportunity, and on the significance of the World Court as an important step in substituting law for war in the settlement of international difficulties.

Cabarrus and Concord.

Greensboro News. Concord, "best home city in piedmont section," and Cabarrus county with its tremendous textile interests, furnished The Concord Tribune with subject matter during the past week for a 52-page newspaper, an edition which compares favorably with superpapers prepared by the bigger newspaper plants of the State. Cabarrus with its Concord and Kannapolis and their numerous extensive cotton mills, and with its farms, famed for their fertility and production, thoroughly is advertised in this edition and good results ought to follow upon the publicity thus given to one of the finest and most promising sections of North Carolina and one of the leading textile communities in all the south. Publishers John B. Sherrill and W. M. Sherrill and their associates have every reason to feel proud of their effort.

Mrs. Margaret Blum Gets \$35,000 Award.

Charlotte, Oct. 13.—A verdict for \$35,000 was awarded in civil court here today before Judge Harding by a jury in the suit of Mrs. Margaret Blum against the Southern Railway for death of her husband, George J. Blum September, 1922, at Linwood, Rowan county. Robert Hayes, another Charlotte citizen was killed in the same accident. Mrs. Hayes has also sued for \$75,000 and the case is scheduled for trial at once. The verdict is one of the largest ever rendered in a Mecklenburg court. For the same reason the Southern paid a \$40,000 verdict to Harry Talley, young Charlotte man, who was injured in the wreck of the Carolina-Virginia football special at Salisbury in 1915. Mr. Talley died last year as the result of his injuries.

SAYS NAPPING MINDS MAKE US SUBNORMAL

By Being Trained More Efficient Work Is Done.

(By The Associated Press.) New York, Oct. 13.—Detailed photographic studies of the motions of human beings, made possible through the invention of an apparatus called the scale cage, have led to the conclusion that absent minded persons temporarily indulge in motions similar to the motion behavior of imbeciles, according to the Engineering Foundation of this city. The foundation says also that great waste results, in some manual occupations, from ill-directed motion.

Many persons occasionally are absent minded and, while their wits are wool gathering, the motions of their bodies, as recorded by photography, are strikingly similar to those of the weak-minded and subnormal.

Bricklayers of ordinary training have used the same methods probably for 7,000 years. The berry picker, the most ancient of craftsmen, has followed simple and natural methods for thousands of years. Studies of these workers give no indication that the best way to do work is a matter of instinct, or is developed through successive generations by natural processes.

By finding out the best way, as demonstrated by the most expert worker, the bricklayer can be trained to do more than three times as much work with the same effort. The amateur berry picker, most highly educated in everything except berry picking and motion study, may be so trained as to increase his output fifteen fold.

SEEK RELIGIOUS TRAINING FOR AMERICAN CHILDREN

International Sunday School Association to Stress Children's Work.

Westerville, O., Oct. 15.—One of the greatest efforts of the year of the International Sunday School Association to arouse the continent "to the spiritual needs of children" will be put forth the seven days starting today.

The organization has designated that period as Children's Week in the Sunday Schools of the United States, the ninth annual observance. Dr. Walter G. Clippinger, chairman of the children's division of the International Association, said today that at least 13,000,000 of the 25,000,000 children under 12 years of age in the country are not receiving any religious education.

"It is admitted universally that our national life and prosperity can be promoted only as it is established upon a healthy religious idealism. It is to help change these conditions and make it possible for all children to receive religious training that this movement is being promoted," Dr. Clippinger said. "The program of the week will consist of meetings of parents and Sunday School teachers, holding of Sunday School exhibits and institute and house-to-house visitation."

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system, the remedy is recommended by those who have been benefited. To those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.

JEWES MUST MOBILIZE AGAINST ANOTHER WAR

Israel Zangwill Tells Hebrews They Must Forego Jewish State in Palestine.

New York, Oct. 14.—The forces of Israel must mobilize against another war and rather than "throw a match into such a powder factory as the globe has become," forego their political hopes in Palestine, it was declared tonight by Israel Zangwill, Jewish author and publicist who spoke before the American Jewish congress here. He arrived here from England recently.

"There was a moment when a Jewish state might have arisen in Palestine," he said, "but the hour of destiny has passed."

ical mishandling of Palestine" by England, Mr. Zankwill asserted that the recent Carlsbad congress had been too late with its protests against the fact that not even "state lands and waste lands" had been allotted to the Zionists and that the Jews were not to be given the right to control their own immigration in Palestine. "Politics is the real matter of fact," he said, "but Zionism can only rely upon as much of England's might as suits the policy of England and since the Zionists are ready to accept any conditions—however humiliating and impractical, it is clear that a minimum of might will be at the disposal of the Jewish national home and that mainly in the English interest."
