Receiving Applause.

The Uplift. Montgomery county has been calling loud and long for Cabarrus to come on in, assuring her that the water is fine. Last week's Montgomerian, the weekly published at Troy, make this observation:

According to the latest information coming from Cabarrus county, it seems that the board of education has at last decided to take a progressive stand on the public school question. Ten additional high schools scattered over that county is now the aim of Cabarrus, we are told. The Cabarrus Board of Education has never taken a position that will mean more to the county.

Our Fair and Industrial Edition. The Concord Tribune published a large illustrated fair and industrial edition last week. It was a fine presentation of Cabarrus county and her many enterprises. The large edition proved also the Tribune's capacity as a newspaper plant for doing the really big thing; and Editor Sherrill adds another mark of his own worth to the county that claims him and his paper. The Press is copying what the paper says about our "Little Joe" Cannon, which reflects in a good way how big a little man sometime becomes. We shall print other extracts from the Concord paper that are of interest to our readers.

Tar Heel Honored by National Legion. Dr. J. Thurman Mann, of High Point, who was yesterday elected National Vice Commander of the American Legion, has been a prominent figure in the North Carolina department of the American Legion since its organization. He served for the past year as Department Service Officer and was given a rising vote of thanks at the last State convention at Rocky Mount, following his report, which showed several hundred claims of disabled soldiers handled during the year.
