Virginia Will Vote on \$50,000,000 Road Issue.

Richmond, Va., Nov. 5.—Virginia voters will go to the polls tomorrow to express their preference as to the state's method of financing the road building program. The electors will decide whether the state shall issue \$50,000,000 in bonds for highway purposes or whether the "pay-as-you-go" system, now in force, shall be continued as the basis of support for road construction.

Advocates of both methods of financing the highway program were apparently confident tonight that the voters would endorse their own plan in tomorrow's referendum.

The bill incorporating the bond issue proposal provides that "interest and sinking fund for the retirement of said bonds (are) to be provided for by the levy of a tax not exceeding two cents per gallon on gasoline or other motor fuel and the present state will tax for road construction, or so much thereof as may be necessary."

A mill tax and a levy of three cents a gallon on gasoline are supports for the highway plan now in operation.

FORD TO MAKE 10,000 CARS A DAY TILL SPRING

He Orders His Accessory Factories to Speed Up.

New York Times.

Henry Ford has asked manufacturers from whom he buys large quantities of tires, wheels, steel springs and ball bearings to speed up their production immediately in order that he may have a sufficient backlog of raw materials to produce an average of 10,000 cars a day by February 1, 1924. Mr. Ford's order, delivered to these accessory manufacturers by telegraph, took most of them by surprise and found them operating on reduced schedules and without any particularly large supplies of raw materials on hand. Most of them are making plans to speed up operations immediately. The present output of the Ford Motor Company, which has been maintained at a steadily increasing pace all year, is approximately 7,500 cars a day, and the total to be turned out in 1923, including cars and trucks, is approximately 2,000,000 vehicles. On the basis of his last order, Mr. Ford's plants will turn out approximately 3,000,000 cars and trucks in 1924. Production for this year, up to October 17th, amounted to 1,500,000 vehicles. October production was approximately 350,000 vehicles and that for November and December is expected to be about 360,000 each. The total turned out by Ford plants in 1922 was 1,351,333 vehicles.

Those familiar with the automobile industry express the opinion that the order to increase production so that 10,000 cars a day may be turned out is occasioned by Mr. Ford's desire to "get the jump" on the Spring trade. They say also that many people who purchase Ford cars on the weekly payment plan have now deposited with banks sufficient funds to permit the delivery of their cars. In the New England district alone this is estimated to call for 200,000 cars.

According to dispatches received in the financial district in the last day or two, there will be no further change in Ford's models and probably no change in the price schedule in 1924. It has been estimated that the Ford Motor Company's profits in the year ended June 3, 1923, were \$90.07 for every vehicle turned out.

"WORSE THAN PAIN"

Louisiana Lady Says She Has "Never Found Anything Better Than Cardui for a Run-Down Condition."

Morgan City, La.—"It would be hard for me to tell how much benefit I have derived from the use of Cardui," said Mrs. I. G. Bowman, of 1319 Front Street, this city.

"I was so run-down in health I could hardly go. I was thin. I had no appetite. Could not rest or sleep well. I was so weak, and so very nervous, I was no pleasure to myself.

"I suffered some pain, but the worst of my trouble was from being so weak and easy to get tired and out of heart.

"This nervous condition was worse than pain.

"Some one told me of Cardui, and I decided to use it.

"After using a few bottles, I regained my strength. I wasn't so nervous, and began to eat and sleep, and grew stronger and was soon well.

"I have never found anything better for a run-down condition.

If you suffer as this Louisiana lady did, you, too, should find Cardui helpful for your troubles.
