BUILDING IN THE SOUTH.

According to a compilation of building
permits for the month of October made
by the survey department of G. L. Mil-
ler & Company, Southern real estate
bond house, building construction in the
cities of the sixteen Southern States
still maintains its lead over last year, in
spite of general expectancy to the con-
trary. The figures show a gain of four
per cent, was registered in the territory
over the same period last year.

The outlook for the remaining two
months of the year is firm, with indica-
tions pointing to slight gains both for
November and December, and a general
gain for the entire year of at least 25
per cent, over 1922, which was the
greatest building year the South has ever
known.

BRYAN IN THE SENATE.

William Jennings Bryan, who now
claims Florida as his home, stated sev-
eral days ago that he would not accept
the Democratic nomination for Governor
of Florida, but that he would accept the
senatorial nomination if given to him.
That was to have been expected but
isn't he willing to work for it?

We have an idea that Mr. Bryan
would grace the United States Senate by
his presence, but it is hardly right for
him to sit back and expect the people of
Florida to present him the nomination on
a silver platter. The fact that Mr. Bryan
is a man of world prominence does not
entitle him to sit back at home and
expect the people of Florida to fall on
his neck in their desire to elect him to
the Senate.

The United States Senate can use
men of Mr. Bryan's character and intel-
lect and we would like to see him repre-
sent Florida in that body, but somehow
we can't picture the people of Florida
running after him with the nomination.
If the place is worthy of Mr. Bryan's
time it is worthy of his efforts to get it.

PICK THE BEST MAN.

The News and Observer rightly de-
clares that should Associate Justice Sta-
cy, of the State Supreme Court, resign
from that high position to become dean
of the law school of the University of
North Carolina, the best man in the
State should be appointed to succeed
him, regardless of what county he lives
in.

That's the right idea. The North
Carolina Supreme Court was not orga-
nized for the purpose of giving office to
some man or of offering some county or
some section of the State an opportunity
of getting the "favorite son" an high
office. The Supreme Court represents
the best in the State, and its personnel
should be made up of men capable and
efficient, regardless of their popularity
or home county.

It has been customary, or rather peo-
ple have thought that it was customary
to divide appointments to the Court
from the two sections of the State. This
has not been done, however, as the East
has had many more representatives on
the Court than the West. But this
should not enter into the matter and
somehow we feel that it will not when
another vacancy occurs. Let the man
who deserves the high position through
efficiency and intellect be appointed, with
no regard whatever for his home station
or political faction.

SOCIETY GIRLS DIRECT
FIFTH AVENUE TRAFFIC

One Motorist Bumps Hearse as He
Watches Bob Climb Ladder.
New York, Nov. 6.—Half a dozen
young society girls, all members of the
Junior League, made their debut as
traffic regulators on Fifth avenue during
the busy noon hour today. In trim rid-
ing habits, they took complete charge of
the control stations at Forty-second
street, Fifth street, and Forty-seventh
street.

Automobile traffic and pedestrians
alike moved reluctantly, so interested
were spectators in watching the debutants
in their new role. One man in a
sedan was so intent upon watching a
leaguer climb the ladder at the Fifty-
seventh street control that his car
bumped squarely into a hearse moving
in the same direction before he was
brought to a realization that he was
driving in congested Fifth avenue, in-
stead of occupying a front seat at a
musical comedy show.

Mules Run Into Telephone Pole.

Friday about 11 o'clock Mr. J. L.
Goodman, the merchant at Coddle Creek,
was leaving the wholesale grocery house
with a wagon loaded with merchandise.
At the same time a freight train came
drizzling down the railroad and when
the engine reached a point opposite the
mules to the wagon, the animals made
a lunge forward and ran two hundred
yards to a telephone pole just south of
the creamery. One mule went to each
side of the pole, breaking the tongue
to the wagon, demolishing the front
wheels and a portion of the body and
scattering groceries all over the street
and side walk. Mr. Goodman escaped
without injury and neither of the big
black mules was scratched in any way.
The merchandise was transferred to an-
other wagon and the parts of the dam-
aged wagon were gathered together and
carted to the repair shops.

Belk Chain to Open Store at High Point.

High Point, Nov. 9.—Extension of
the Belk chain of department stores to
include High Point is announced here.
The 33rd store of the great system will
be opened here in the Main street build-
ing that was vacated recently by Eitrd's
department store when the latter moved
into the new Cox building.

The Belk store here will be the Belk-
Stevens company and while the man-
ager, Mr. Stevens, is unable to set a
date for his opening, it was stated that
merchandise is being rushed here with
a view to getting the store open in time
for the large fall trade. It is believed
that the store will open within a fort-
night.

The Belk stores got their inception at
Monroe, the home of the Belk family
about a quarter of a century ago and
have become one of the longer chains of
the south.

CONTRACTS DISREGARDED
AS MARKS RISE AND FALL

Troubles That Result From Everyday
Business Life in Berlin.
Berlin, Nov. 9.—Berlin is filled with
stories, some ludicrous and some other-
wise, of the trouble that results from
doing the business of everyday life in a
currency that fluctuates beyond the
bounds of reason or imagination.

In a hat store recently a customer se-
lected a hat for 900,000,000 marks;
handed over 100,000,000 on account and
said he would come back the next day
and pay the balance. He did, but in
the meantime the mark had so fluctuated
that the same hat was priced 600,000,000.
The dealer insisted the customer carry
out his contract to purchase at 900,000,000
but the customer refused and sur-
rendered his deposit of 100,000,000 marks.
An hour later he came back and bought
the same hat for 600,000,000 marks, mak-
ing 200,000,000 by breaking his con-
tract.

This transaction is typical of the
change which has come over both Ger-
man wholesale and retail business. Agree-
ments are not respected in the face of
radical changes in exchange, and there is
a constant effort to find some stable ba-
sis upon which to operate. The new gold
currency is to be offered as a remedy,
but its value running alongside the de-
preciated paper currency, may or may
not be stable.

Surface of Earth in Japan Dropped Four
Feet.

Honolulu, Nov. 6.—Intense damage
in the vicinity of Yokohama caused by
the recent earthquake in Japan was due
to a drop of four feet in the surface of
earth which may have resulted from
activity of the volcanoes on the island
of Oshima, southwest of Yokohama, in
the opinion of Thomas A. Jaggard, Jr.,
volcanologist in charge of the Hawaiian
volcano observatory, who has returned
to Hawaii from Japan where he made
a survey of the damage wrought by the
tremors.

The death toll in the earthquake,
tidal wave and fire was estimated at
400,000 by Mr. Jaggard, and the damage
to property at \$8,000,000,000.

Receipts Increase in Charlotte Post-
office.

Washington, Nov. 7.—Charlotte in
October had an increase in post-office
receipts of \$6,381.89, or 13.255 per cent
over the same month in 1922.

The actual figures show that last
month the receipts amounted to \$54-
553.89, and the same month one year
ago \$48,172.

LUEDENDORF PROCLAIMED
AS LEADER OF BAVARIA

Hitler Marches With 600 Men and
and With One Stroke Takes Charge.
Paris, Nov. 8.—Adolph Hitler's troops
have begun an offensive movement to-
ward Berlin, according to dispatches to
the Paris morning newspapers from
Berlin.

The same dispatches say that Hitler
has proclaimed General Ludendorff dic-
tator and himself chancellor of the whole
reich.

Munich, Nov. 8.—The Bavarian gov-
ernment has been declared overthrown
by Adolph Hitler, the fascist leader, and
the administration placed in the hands
of General Ludendorff as commander-in-
chief.

Dr. Von Kahr, the military dictator
in Bavaria, had just finished addressing
a patriotic manifestation in the Bur-
gerbra today, when Hitler entered at
the head of 600 men. Hitler announced
that the government had been overthrown
and was replaced by a new government
with General Ludendorff as supreme
head, and Hitler as political adviser.

Former Chief of Police Von Pooner
has been named as administrator of the
country and General Von Lossow min-
ister of war.

After Hitler's declaration his troops
drew a cordon around the Burgerbrau.
About 10 o'clock tonight troops of the
Oberland and empire flag organizations
concentrated on the Burgerbrau and oc-
cupied definite quarters of the city,
chiefly the squares.

Conferences were being held within
the Burgerbrau and reports said that
Dr. Von Kahr was attempting to nego-
tiate a settlement with Hitler. The
attitude of the police and the reichswehr
has not yet been disclosed.
