NEW TAX SYSTEM. AIM OF DEMOCRATS

Minority Senate Working Out Graduated Scale to Include Normal and Surtax Rates.

Washington, April 29.—A complete system of graduated taxes which will include normal income and surtax rates; taxes on corporations and a tax on undistributed profits of corporations is being prepared by the Democratic minority of the Senate.

Preparation of this plan, not yet completed, delayed consideration of the income tax rates today, the Senate going ahead with its consideration of excise taxes.

It approved the Finance Committee amendment on automobile taxes and adopted the 10 per cent. tax on radio sets.

The automobile tax provides for an exemption from taxation of all tractors and trucks costing less than \$1,000. Tires and pleasure automobile accessories are taxed 2 1/2 per cent., a reduction from 5 per cent., while pleasure automobiles and motorcycles are taxed 5 per cent.

Democratic members of the Finance Committee met today to perfect their framework of graduated taxes which, in their opinion, will yield sufficient revenue for the needs of the government, and at the same time stop the leaks in the payment of taxes.

The Senate completed its work yesterday when it raised the corporation tax from 12 1/2 per cent. to 14 per cent. by removing the capital stock tax of \$1 the thousand. The increase in the straight tax to 14 per cent. is in lieu of the \$1 tax.

Democrats did not resist this change, taking the position their substitute of a graduated tax scheme, which is being fathered by Senator Jones (N. M.), is

WEAK AND NERVOUS Georgia Lady Says She Has Grown Stronger by Taking Cardui—Thoroughly Convinced of Its Merits.

Clyattville, Ga.—In a statement which she gave at her home on R. F. D. 1, here, Mrs. T. A. Copeland said: "I have, I believe, avoided a good deal of suffering by the use of Cardui, and am thoroughly convinced that it has been of great benefit to me.

"Before the birth of two of my children, I grew so weak and nervous I could hardly go, and suffered. . . I had a friend who told me of Cardui, so the next time when I grew so weak and run-down I began to use it. I used it three months. I grew stronger and less nervous. The baby was stronger and a better baby, and I really believe it was because I built up my strength with this splendid tonic.

Cardui has been in successful use for more than forty years. Thousands of women have written to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. It is a mild, harmless, purely vegetable medicinal preparation—a product of practical experience, scientific investigation and pharmaceutical skill. Sold everywhere. NC-159

relied upon to reach the small corporations formed to avoid payment of income tax, and it is argued for the scheme that it will be a more just tax in its application.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

10 Minutes gas for String Beans

then COOK with the Gas Turned Off

Think—how many minutes of gas it takes on your range to cook string beans! Four times 10 minutes?

Imagine being able to burn the gas only 10 minutes, then turn it off and forget about them until time for serving! You would do just that if you used the Chambers Fireless Gas Range, for after you turned off the gas, retained heat would work on.

The Thermodome on top of the range collects the heat you now waste and uses it. The same is true of the specially insulated Chambers Oven for roasting or baking. A few minutes gas—then you cook with the gas off, while you go away from the kitchen.

Let us show you how you can cut gas bills in half, free hours of time and cook food more deliciously than ever.
