### Wedding Family Reunion Thursday

Mr. and Mrs. G. Ed Kestler entertained the Wedding Family and relatives at a family reunion Thursday in honor of the 80th birthday of Mr. W. M. Weddington. About forty were present.

The relatives comprised four generations and the affair was a very enjoyable one.

A count of the descendants of Col. W. A. Weddington revealed the fact that there were 62 children of the sons and daughters of Col. Weddington, 200 grandchildren and many more of great grandchildren. It was also recalled that the five Weddington sons all went to the Civil War together and that all came back alive. Several were wounded, however.

### SENATOR WHEELER ACQUITTED

At the Same Time Receives News of Birth of a Daughter

Great Falls, Mont., April 24.—Senator Burton K. Wheeler, was acquitted of a charge of unlawfully using his influence as senator before the department of the interior by a jury in federal court here tonight.

The accused senator received two pieces of good news simultaneously—his acquittal and the birth to Mrs. Wheeler of a daughter in Washington.

Senator Wheeler only smiled when the verdict was announced. Judge Frank S. Dietrich before the verdict was read warned spectators against any demonstration.

Exactly two hours and 13 minutes elapsed between the time the jury retired to deliberate and the time the verdict was returned. Out of this time the jury took one hour to dine. The actual time for deliberation was but a few minutes, according to court attaches. But one ballot was taken.

Despite Judge Dietrich's order against demonstrations, there was a rush toward the bench when the verdict was read. Friends of Senator Wheeler crowded about him and offered double congratulations—on the birth of a daughter and acquittal.

Senator Wheeler said he would issue a statement for the press later. His chief counsel, Senator Thomas J. Walsh, declared, however, that he had regarded the case merely as an offshot of the Teapot Dome investigation which he started nearly two years ago and said he had felt it his duty to appear as counsel for his accused colleague.

### Are You The Lucky "One"?

One out of every 72 Americans has an income of at least \$4,000 a year, a conviction of commercial educators at Chicago was told. Fifty-three per cent of the pay envelopes in this country contain less than \$25 a week, a sales manager for a big provision house, said. According to the same authority, 750,000 executives get salaries up to \$100,000 a year. Ten per cent of these men have to be replaced every year.

### TWENTY CONVICTS OFF FOR ATLANTA PRISON

Group Convicted At Charlotte Cheerful As the Train Leaves

Charlotte, April 24.—Twenty men, handcuffed in pairs, most of them apparently philosophically resigned to their fate and in cheerful holiday spirit, left the city early this morning in a special car attached to one of the Southern Railway's fast trains for Atlanta, Ga., where they will serve terms ranging from one to three years, imposed for various infractions of the federal laws, at the recent term of federal court here.

A large delegation of friends and relatives of the prisoners, augmented by a goodly collection of curiosity seekers, made up an odd farewell committee to see the men off for prison.

Most of the prisoners puffed cigarettes in comfortable and satisfied fashion and smiled their good-byes to the crowd. There were a few who didn't smile. A few who apparently didn't see the crowd at all, but looked straight ahead from sad, tired, thoughtful eyes, as if peering deeply into the future, or, perhaps, into the past and more happy days.

Three deputy marshals and Assistant District Attorney Frank Patton accompanied the men to prison.

Two well known physicians and a dentist were included in the score of prisoners, having been convicted here last week of violating the Harrison anti-narcotic law. The physicians were: Dr. Frank Y. Taylor, of Stanley Creek; Dr. M. F. Boyles, of Gastonia, and Dr. A. Y. Boyles, dentist, of Dallas. The latter will serve a year and a day, while the two physicians were sentenced to serve 18 months each. Jack Hunter, young white man, convicted on a charge of violating the anti-narcotic law, has the longest term to serve—three years.

### Post and Flag's Cotton Letter

New York, April 24.—The market today has been a dull trading affair with quotations working in a narrow range a little above the 24-cent level around which point there appears to be a good demand for cotton. Some early selling on the reports of good rains in the southwest caused a little weakness but the decline did not go far as a trade demand on a scale down and week-end covering absorbed the offerings with ease.

Week-end statistics were about as expected and had practically no effect on the market, as the attention of the trade is centered on the weather map. No wide fluctuations are expected for the time being, although the first May notice may bring about some activity. Sentiment on the floor is rather mixed but there is a distinct feeling that the market is quite heavily short.

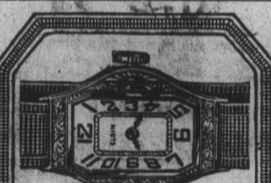

### POST AND FLAG.

### Must Hear Bible Read

Thirteen students expelled from the Faith, S. Dak., high school, because they refused to sit in the classroom while the Bible was being read, lost their right for reinstatement. Judge McNenny ruled that the school board has authority to oust them. The students protested that their faith did not admit belief in certain parts of the Bible.
